History.....	1				

1. History.—Chartered March 5, 1850; main stem opened in Nov., 1859. Other lines were added to the system from time to time, as shown in detail in previous issues of the **MANUAL**. The Alabama and Florida RR. and the Mobile and Montgomery Ry. were deeded to the Louisville and Nashville RR. Co. on Dec. 17, 1900. The South East and St. Louis Ry. Co. and the Pensacola RR. Co. became practically merged into the Louisville and Nashville RR. Co. during the year ending June 30, 1901. The publication of separate statements for the four roads named has been discontinued, as have also the separate statements for the Alabama Mineral RR., Birmingham Mineral RR., Clarksville and Princeton RR., Kentucky Central Ry., Middlesborough RR., Montgomery and Prattville RR., New Orleans and Mobile RR., Owensboro and Nashville Ry., and Pontchartrain RR. Those lines are wholly owned

and such of their securities as are outstanding have been assumed by this company. After the close of the fiscal year the company purchased the Shelbyville, Bloomfield and Ohio RR., from Shelbyville to Bloomfield, Ky., 26.7 miles, and the Cumberland River and Tennessee RR., from Wasiota to Chenoa, Ky., 12.9 miles, paying \$250,000 for the former and \$50,000 for the latter. The Shelbyville, Bloomfield and Ohio RR. was taken over for operation on Sept. 1, 1901, and the Cumberland River and Tennessee RR., on Oct. 7, 1901. The Birmingham, Selma and New Orleans Ry., from Selma to Myrtlewood, Ala., 60 miles, the control of which was acquired in 1901, has been conveyed to this company by deed dated April 21, 1902 (see MANUAL for 1901, page 444). The Shelby RR., which was operated under lease at a fixed yearly rental of \$15,000, has been conveyed to this company by deed dated May 3, 1902, acknowledged and delivered May 6, 1902 (see MANUAL for 1901, page 418).

Extension to Atlanta, Ga.—In April, 1902, this company acquired a majority of the common and preferred stock of the Atlanta, Knoxville and Northern Ry. Co., whose line extends from Knoxville, Tenn., to Atlanta, Ga., 204.65 miles, with a branch from Blue Ridge, Ga., to Murphy, N. C., 23.45 miles. A company has been incorporated under the name of Knoxville, La Follette and Jellico RR. Co. to build an extension from Knoxville to Jellico, Tenn., where connection will be made with the Knoxville Branch of the Louisville and Nashville RR.

Joint Control of Chicago, Indianapolis and Louisville Ry. Co.—On May 20, 1902, this company and the Southern Ry. Co. offered to purchase for joint account not less than 51 per cent. of the capital stock of the Chicago, Indianapolis and Louisville Ry. Co. at the price of 90 per cent. of par for the preferred shares and 78 per cent. of par for the common shares, payment to be made in joint 4 per cent. bonds, payable July 1, 1952, but subject to redemption on any 1st of Jan. or 1st of July after Jan. 1, 1907. The bonds are to be secured by pledge of the stock against which they shall be issued. More than 51 per cent. of the stock was deposited in agreement with this offer within the set time, July 1, 1902.

LOUISVILLE, CINCINNATI AND LEXINGTON GENERAL MORTGAGE GOLD BONDS.—These rank next after the L., C. & L. Ry. 2d mtge. bonds on the Cincinnati Division and Lexington Branch.

FIRST MORTGAGE COLLATERAL TRUST GOLD BONDS.—These are part of an authorized issue of \$7,000,000, to be secured by deposit in trust of \$5,000,000 1st mtge. 5 p. c. bonds of the Birmingham Mineral RR. Co., due Nov. 1, 1937, and \$2,000,000 1st mtge. 6 p. c. bonds of the Owensboro' and Nashville Ry. Co., due Nov. 1, 1931. The trustee holds as security for the amount of bonds outstanding, \$3,929,000 Birmingham Mineral bonds, and \$1,200,000 Owensboro' and Nashville bonds. The total issue of the trust bonds is \$5,129,000, but bonds amounting to \$189,000 are in sinking fund.

FIRST MORTGAGE 50-YEAR GOLD BONDS OF 1937.—Secured on the section of the Cumberland Valley Branch extending from Corbin, Ky., to a point in Virginia, 46.5 miles distant; on the line from Clarksville, Tenn., to Princeton, Ky., 52.70 miles, and on the Springfield Branch, 20.07 miles. Authorized issue, \$3,500,000 at the rate of \$15,000 per mile. Amount issued, \$1,764,000; in sinking fund, \$15,000; outstanding, \$1,749,000.

NASHVILLE, FLORENCE AND SHEFFIELD BONDS.—Secured by a first mortgage on the line from Columbia, Tenn., to Sheffield, Ala., 82.13 miles, and the branches from Iron City to Pinkney, 11.78 miles, and Summer-town to Napier, 10.92 miles. The L. & N. RR. guarantees the principal and interest of the bonds.

UNIFIED MORTGAGE 50-YEAR GOLD BONDS.—Secured on the entire property and assets of the L. & N. RR. Co., of whatever description, but subject to prior liens. Of these there were on June 30, 1901, \$19,199,660, to wit: \$7,000 consol. mtge. bonds of 1868, \$9,297,000 gen. mtge. bonds of 1880, \$1,000 city of Louisville loan, \$1,764,000 1st mtge. 5 p. c. bonds of 1937, \$86,000 Memphis and Ohio sterling bonds, \$1,996,660 Memphis, Clarksville and Louisville bonds, \$1,895,000 Evansville, Henderson and Nashville Division bonds, \$3,000 1st mtge., \$892,000 2d mtge., and \$3,258,000 gen. mtge. bonds of the L., C. & L. Ry. Co. None of these prior liens can be extended, nor can further bonds be issued under any of the prior mortgages. In addition to an amount of bonds sufficient to retire all underlying bonds, the unified mortgage provided for \$32,461,660 bonds (making a total of \$75,000,000) to be issued for improvements, extensions, and other purposes of the company; those issued against extensions or for the purchase of other railroads to be at the rate of not exceeding \$32,000 per mile, including \$7,000 per mile for equipment, and to become a lien, either by direct mortgage or collaterally, on the lines thus acquired. Under this provision the unified mtge. bonds have become a direct first mortgage on the following lines: Cumberland Valley Branch, extension from a point 46.5 m. from Corbin, Ky., to Norton, Va., 70.94 m.; Clarksville Mineral Branch, 38.03 m.; New and Old Decatur Belt and Terminal, 3.02 m.; Shelby Cut-off, 8.51 m.; Montgomery and Prattville RR., 10.35 m.; Sheffield and Tusculumbia RR., 2.63 m.; Middleborough RR., 10.15 miles. 2. Joint Trackage.—The single track railroads of this company and of the Illinois Central RR. Co. parallel each other from the end of the Cairo Bridge southward for 6 miles. Under an arrangement made in Aug., 1899, these tracks are used jointly by the two companies as a double track railroad. Under an arrangement made earlier in the same year this company secured joint use of the Illinois Central bridge and approaches at Cairo. Through a trackage arrangement with the Alabama Midland Ry. Co. this company is enabled to reach its terminal grounds in the heart of the city of Montgomery and also to jointly use a Belt Line, connecting with the other lines entering the city, and reaching the most important manufacturing industries in Montgomery. The company's passenger trains enter the union depot of the Louisville and Nashville RR. Co. in Montgomery, affording an interchange of passenger traffic with other lines.

3. History.—Chartered on Feb. 3, 1848. Land grant acquired under Act of Congress, Sept. 20, 1850. The first section of the road, 33 miles in length, was opened in 1852. The main line was opened throughout on April 22, 1861, and the branch to Columbus at about the same time. The Aberdeen Branch was opened in 1870, the Starkville Branch in 1874, and the Cairo Extension on Nov. 1, 1881. The Montgomery Division was opened on July 1, 1898, but was not merged with the M. & O. RR. system until July 1, 1899. In March, 1901, the Southern Ry. Co. acquired the control of a majority of the capital stock of this company and now owns and controls 49,326 shares of the capital stock and \$7,947,000 of the general mortgage bonds. The road will continue to be operated as a separate property. (See Southern Ry. Co.)

4. Interest in St. Louis and Cairo RR.—The St. Louis and Cairo RR. is leased for 45 years from Feb. 1, 1886, at a rental of 25 p. c. of 150-640ths of the yearly gross earnings of the line from Mobile, Ala., to East St. Louis, Ill., and of the Columbus, Starkville, and Aberdeen Branches, a minimum of \$165,000 per annum being guaranteed. The Mobile and Ohio RR. Co. has acquired all except 110 shares of the capital stock of the St. Louis and Cairo RR. Co. by issuing in exchange therefor, at the rate of \$1,000 for every \$3,000 of stock, the collateral trust gold bonds described in Sec. 12.

5. Interests in Other Properties.—The company owns the capital stock of the Mobile and Bay Shore Ry. Co. (see subjoined statement for that company), and of the Mobile Docks Co., the latter being the owner and lessee of the wharves fronting on Mobile River. The leased wharves are the property of the M. & O. RR. Co.

Of these bonds there were outstanding, June 30, 1901, \$1,592,000 in five series, as follows: Series P, \$47,000; Series Q, \$361,000; Series R, \$184,000; Equipment Agreement, Series A and B, \$500,000 each. FIRST MTGE. EXTENSION GOLD BONDS.—Secured on the Kentucky and Tennessee RR. (Cairo Extension), and are also a first lien on the several branches of the M. & O. RR., 34 miles, upon the transfer and terminal properties in Cairo, Ill., and upon the net income of the road after payment of the expenses of its maintenance and operation and of the interest on the 1st mtge. bonds.

MONTGOMERY DIVISION GOLD BONDS.—Secured as a first lien on the Montgomery Division and branches, 188.52 miles, and also cover equipment purchased with the proceeds of \$500,000 of the bonds.

ST. LOUIS AND CAIRO COLLATERAL TRUST GOLD BONDS.—The amount in the statement is the total authorized, the amount outstanding on June 30, 1901, being \$2,494,000. Of this amount, \$2,161,000 were issued, in exchange for \$6,483,000 par value of the capital stock of the St. Louis and Cairo RR. Co., at the rate of a bond of \$1,000 for each \$3,000 of the stock, and \$333,000 were issued for the acquisition of additional property and equipment. The remaining \$6,000 of the bonds were in the hands of the trustee, being reserved for the exchange of the remainder of the \$6,500,000 capital stock of the St. Louis and Cairo RR. Co. Up to June 30, 1901, a total of \$6,483,000 par value of the capital stock of the St. Louis and Cairo RR. Co. had been acquired and deposited as security for the bonds of this issue. The bonds are subject to redemption on any interest day, at par and accrued interest. As a sinking fund for their redemption the company will pay yearly to the trustee so much of all dividends collected on the stock of the St. Louis and Cairo RR. Co. as may exceed in amount the interest maturing during the year on the collateral trust bonds outstanding. This fund is to be applied to the purchase of bonds in the open market, at a price not to exceed par and accrued interest. If bonds cannot be purchased at such a price an amount sufficient to exhaust the sinking fund is to be drawn by lot. All bonds purchased or redeemed, whether by action of the sinking fund or independently thereof, must be cancelled.

GENERAL MTGE. GOLD BONDS.—By resolution of May 15, 1895, it is provided that no right to enforce the mortgage security can arise in consequence of failure to pay interest until there shall have been four successive coupons in default. The bonds are secured on the main line and branches, 527 miles, and on the lands of the company. The total authorized issue is \$10,500,000, of which bonds for \$9,469,545 are outstanding; \$2,455 are held by the Farmers' Loan and Trust Co., to be exchanged for debentures, and \$1,028,000 have been cancelled. "By the provisions of the general mortgage, the holder of each \$500 thereof is entitled to one vote under the deed of trust of May 15, 1888, at all meetings held for the purpose of directing the Farmers' Loan and Trust Co. how to vote upon the debentures held by it for the benefit and security of the said general mortgage bonds, and for this purpose a 'voting register' has been established at the office of the company in the city of New York, where such voting power is inscribed in the names of the parties to whom the said general mortgage bonds may have been originally issued, and where any succeeding holder of the bonds may, from time to time, have the same inscribed in his own name for voting purposes."

Funded Debt.—The funded debt outstanding on June 30, 1901, consisted of \$1,000,000 V. & M. RR. 1st gold 6s of April 1, 1921; \$588,800 consol. 1st gold 5s of April 1, 1921, and \$601,300 2d gold 5s of April 1, 1921. The bonds are secured on the railroad property in the order in which they are named, but the 2d mtge. bonds are additionally secured by first mortgage on the company's lands. Receipts from land sales are applicable to the payment of interest on the 2d mtge. bonds, but are applied to a sinking fund for the retirement of those bonds whenever the interest is paid from earnings. The original issue of 2d mtge. bonds was \$700,000; canceled by proceeds of land sales, \$98,700; outstanding, \$601,300. The authorized issue of consol. mtge. bonds is \$1,800,000, of which \$1,000,000 is reserved for the retirement of the 1st mtge. bonds, the remaining \$211,200 being held in the treasury.

Land Department.—Under Act of Congress, of Aug. 11, 1856, the Vicksburg and Meridian RR. Co. received a land grant estimated at 404,800 acres. In the reorganization the Alabama and Vicksburg Ry. Co. acquired, at the public sale, Feb. 4, 1889, 131,189.19 acres. There were sold during the fiscal year 1900-01, 8,760 acres, and 62,641.19 acres remained unsold on July 1, 1901. In addition to the lands owned in fee-simple, the company owns the mineral rights to 4,320 acres. Receipts from land sales during the year ending June 30, 1901, \$24,457.60; expenses, \$34,906.17. The Cincinnati, New Orleans and Texas Pacific Ry. Co. was chartered Oct. 8, 1881, and leased the Cincinnati Southern Ry. for 25 years from Oct. 12, 1881, at a rental of \$800,000 a year for the first five years, \$900,000 a year for the second five years, \$1,000,000 a year for the third five years, \$1,090,000 a year for the fourth five years (ending Oct. 12, 1901), and \$1,250,000 a year for the fifth five years, ending Oct. 12, 1906. An extension of the lease from Oct. 12, 1906, to Oct. 12, 1966, has been effected, the rental to be \$1,050,000 a year for the first twenty years, \$1,100,000 a year for the second twenty years, and \$1,200,000 a year for the third twenty years, it being agreed that the rental under the present lease for the five years ending Oct. 12, 1906, shall be paid at the rate of \$1,250,000 a year until July 12, 1902, and that thereafter the excess of rent above \$1,050,000 a year (amounting from July 12, 1902, to Oct. 12, 1906, to \$850,000) shall be extended for twenty-one and one-quarter years, at the rate of \$40,000 a year, with interest at the rate of 3 p. c. a year added. The trustees of the railway are authorized to issue \$2,500,000 of 4 p. c. bonds for terminals, and the lessee agrees to pay in addition to the yearly rental a sum equal to the interest charge on the bonds and a sinking fund of 1 p. c. a year for their redemption. It is provided that not more than \$500,000 of the bonds shall be issued in any one year, and that the terminals as acquired shall become the property of the city of Cincinnati. The lessee is required to increase its capital stock to \$5,000,000, the proceeds of the additional \$2,000,000 to be invested in property to be used in the operation of the road, such property to be pledged under the mortgage to secure the rental.

The 1st mtge. bonds matured on Jan. 1, 1900, and on the same date interest on the gen. mtge. bonds, previously payable only if earned, became a fixed charge. The company being unable to meet both the principal of the 1st mtge. bonds and the interest on the gen. mtge. bonds, made default on the latter. An agreement for the readjustment of the affairs of the company, without foreclosure, was reached on Nov. 23, 1901, the substance of which is as follows:

First Mortgage Bonds.—These have been extended to July 1, 1911, at the same rate of interest, the com-

pany retaining the right, however, to redeem any or all of them at any time after Dec. 31, 1901, at not exceeding 102 p. c. and interest. Any bonds thus redeemed shall be cancelled and gen. mtge. bonds for equal amounts may be issued in place of them. The Readjustment Managers reserved the right, however, to cause to be paid off at par and interest so many of the outstanding 1st mtge. bonds as in their judgment could be safely paid by the appropriation of any money in the company's treasury. Bonds amounting to \$150,000 have been so retired.

General Mortgage Bonds.—The holders of these agreed to waive all interest on their bonds up to Aug. 1, 1901, and to accept thereafter interest at the rate of 2 p. c. a year for the first five years and 3 p. c. a year for the next five years, the full rate of 5 p. c. a year to be resumed from Aug. 1, 1911. In consideration of such waiver the bondholders are to receive deferred debentures for the difference between 5 p. c. and the amount of interest accruing after Aug. 1, 1901, or say \$250 per \$1,000 bond. The debentures shall be payable without interest at such time as the company may decide, but they shall become immediately payable in case any dividend is declared upon the stock. At the option of the company they may be paid either in cash or in gen. mtge. bonds carrying the next maturing instalment of interest.

In case of liquidation or dissolution of the company it has priority over common stock to the amount of its full par value, but is entitled to no further share of the assets.

8. Funded Debt.—Funded debt, authorized and outstanding, consists of \$22,000,000 1st lien gold 3½s of July 1, 1950, secured by deposit of practically all of the capital stock of the Chicago and Alton RR. Co., and by a direct first lien on the line from Springfield to Grove, Ill., 57.43 miles. The bonds are redeemable on any interest day at par and accrued interest, on six months' notice. The capital stock of the Chicago and Alton RR. The first lien mortgage provides that the Chicago and Alton Ry. Co., as holder of the stock of the Chicago and Alton RR. Co., will not give its consent to the issue of any bonds under the refunding mortgage of the latter in excess of the \$40,000,000 now authorized, except when such additional issue is expressly authorized by a three-fourths vote of the entire board of directors of the Chicago and Alton RR. Co. and approved by a three-fourths vote of the entire board of directors of the Chicago and Alton Ry. Co.

The Joliet and Chicago RR., the Kansas City, St. Louis and Chicago RR. and the Louisiana and Missouri River RR. are leased in perpetuity by this company on terms given in the statements for those roads. The Chicago and Alton RR., including the leased lines, is leased to the Chicago and Alton Ry. Income Account, year ending June 30, 1901.—Rental received, \$1,826,457; surplus income adjusted to June 30, 1900, \$954,390—total, \$2,780,847. Deductions: Dividends of 7 p. c. At that date the capitalization of the company was as follows: Capital stock (common, \$18,751,100; preferred, \$3,479,500), \$22,230,600; funded debt, \$40,584,850—total, \$62,815,450. The preferred stock is entitled to preference for dividends up to the rate of 7 p. c. per annum, after payment of interest and sinking fund, and is entitled to share pro rata with common stock in any dividend in excess of 7 p. c. per annum on the entire capital stock. The funded debt on June 30, 1900, consisted of (1) \$32,000,000 refunding gold 3s of Oct. 1, 1949; (2) \$4,379,000 consol. gold 6s of July 1, 1903; (3) \$1,663,000 sinking fund gold 6s of May 1, 1903; (4) \$1,785,000 L. & M. R. 1st 7s matured Aug. 1, 1900; (5) \$300,000 L. & M. R. 2d 7s matured Nov. 1, 1900; and (6) \$457,000 M. R. Bridge 1st 6s of Oct. 1, 1912. The refunding 3 p. c. bonds are secured on the entire corporate property and franchises of the company, subject to prior liens. The authorized issue is \$40,000,000, but power is reserved in the mortgage to issue additional bonds, if duly authorized by three-quarters in interest of the stockholders, for the following purposes; viz. (a) For building, completing, or acquiring extensions of the company's railroad—such additional issue not to exceed the rate of \$20,000 per mile of main track, excluding sidings or switches, and to apply to not exceeding 500 miles of such additional main track; (b) for the purpose of funding the rental obligations of the company upon its leased lines, and (c) for future betterments not exceeding \$5,000,000, such issue to be at the rate of not exceeding \$1,000,000 per annum, from and after Jan. 1, 1900. The mortgage securing the bonds will become an absolute first mortgage upon the payment of the existing underlying bonds of the company. From the proceeds of the bonds outstanding an amount sufficient for the retirement of the underlying bonds has been deposited with the mortgage trustee. The unissued bonds are reserved for improvements, betterments, extensions, etc. In addition to being a direct mortgage lien on the property owned by the Chicago and Alton RR. Co., the refunding 3 p. c. bonds are also secured by deposit of the following bonds and stocks with the trustee under the mortgage: \$3,000,000, being the entire issue, of 1st mtge. bonds of the Kansas City, St. Louis and Chicago RR. Co., subject to their pledge as security for the sinking fund 6 p. c. bonds; \$989,300 out of \$1,010,000 preferred stock, and \$2,269,800 out of \$2,312,700 common stock, of the Louisiana and Missouri River RR. Co. The consol. 6 p. c. sterling bonds (authorized \$1,600,000, or \$3,000,000) are secured on main line and Washington Branch, 323.30 miles. A sinking fund of \$120,000 half-yearly, less the

semi-annual interest on the bonds then outstanding, is payable to the trustee of the sinking fund bonds of May 1, 1903, to be applied to the purchase of bonds of that issue, if they can be obtained at not exceeding 105 and interest. Seven p. c. bonds of the Kansas City, St. Louis and Chicago R.R. Co. (in aid of the construction of whose lines the sinking fund bonds were issued) to the amount of \$3,000,000 are deposited with the United States Trust Co. as additional security. The Mississippi River Bridge Co.'s bonds (authorized, \$700,000) are guaranteed, principal and interest, by the C. & A. R.R. Co., which purchased the property of the Mississippi River Bridge Co. (formerly leased) on April 29, 1895, and now owns it subject to these bonds. The interest and sinking fund amount to \$50,000 per annum. 2. Contracts and Agreements.—The company has contracts and agreements with other railroad companies, as follows: With the Chicago, Burlington and Quincy, securing to that company the joint use of the bridge over the Mississippi River at Clinton, Ia., at an annual rental of \$20,000; with the company just named and the Chicago, Rock Island and Pacific, giving them joint use with this company of certain sidings in Council Bluffs, Ia.; with the Union Pacific Ry. Co., agreement of Oct. 18, 1889, for the establishment of a joint through line over the lines of both parties, to be in force for 10 years from Nov. 1,

1889; with the Chicago, St. Paul, Minneapolis and Omaha, providing for joint running arrangements between Chicago and St. Paul, and division of earnings upon a *pro rata* per mile; and with the Duluth, Red Wing and Southern, by which that company acquires the joint use of certain tracks and buildings in Zumbrota, Minn.

The Chicago and Northwestern Ry. Co. owns the entire capital stock of the Fremont, Elkhorn and Missouri Valley RR. Co. and a majority of the capital stock of the Chicago, St. Paul, Minneapolis and Omaha Ry. Co.

3. History.—Organized on June 6, 1859, to take title to the property of the Chicago, St. Paul and Fond du Lac RR. Co., which was sold under foreclosure on June 2, 1859. The railroad then extended from Chicago, Ill., to Fond du Lac, Wis., a distance of 177 miles. The system has been enlarged from time to time through the acquisition of other railroads, or through extensions built chiefly by proprietary companies, all of whose stocks and bonds were owned by the Chicago and Northwestern Ry. Co. In the MANUAL for 1885, on pages 656-658, is a detailed history of the system brought down to the year 1885, and in subsequent editions later developments are recorded. (See MANUAL for 1901, pages 200-201.)

During the fiscal year ending May 31, 1901, extensions and new lines were completed and put in operation as follows: Tyler, Minn., to Astoria, S. D., 32.20 miles, opened in July, 1900; Mankato to New Ulm, Minn., 25.58 miles, opened in July, 1900; Belle Plaine, Ia., to Fox Lake Minn., 194.16 miles, opened Sept. 1, 1900; and 21.55 miles of the Southern Iowa Ry. (see next paragraph), from Stark to Buxton, Ia., opened Jan. 7, 1901. The cost of these extensions, amounting in the aggregate to \$1,847,203.98, has been charged to Cost of Property account.

On June 6, 1901, the company absorbed three subsidiary corporations, which had been organized to construct extensions of the system, as follows: Southern Iowa Ry. Co., to build from Stark, Ia., in a generally southerly and southwesterly direction through Mahaska and Monroe Counties, a distance of about 56 miles; Princeton and Northwestern Ry. Co., to build from Princeton to Marshfield, Wis., from Grand Rapids to Nekoosa and from Neshkoro to Red Granite Quarries, a total of 100.42 miles; and Peoria and Northwestern Ry. Co., to build from Nelson to Peoria, Ill., a distance of 85 miles. To provide for the construction of these extensions first mortgage gold bonds of the respective companies were authorized—to the average amount of \$20,000 per mile of the Southern Iowa Ry. and of the Princeton and Northwestern Ry., and to the average amount of \$25,000 per mile of the Peoria and Northwestern Ry. As stated in the preceding paragraph 21.55 miles of the Southern Iowa Ry. were completed and put in operation before the close of the fiscal year. The Princeton and Northwestern Ry., between Princeton and Marshfield, including the Red Granite Branch, was completed and put in operation on Dec. 2, 1901. The Nekoosa Branch is still under construction. The Peoria and Northwestern Ry., 85 miles, was opened for traffic on Jan. 20, 1902. Of the aggregate of \$1,120,000 of bonds authorized for the construction of the Southern Iowa Ry., \$431,000 had been issued May 31, 1901, against the 21.55 miles of the road completed to that date.

The old line of the Boone County Ry. (Boone to Ogden, Ia.), 11.3 miles in length, has been abandoned for through traffic and a new line built between the same points but on a different location. The new line is 7.25 miles in length, double track, and includes a double-track steel viaduct and bridge, 2,685 feet long, over the Des Moines River and valley. The entire cost of this road, amounting to \$1,108,326.96, has been charged against the net income of the past fiscal year, and the bonds of the Boone County Ry., \$1,000,000 in amount, received by the Chicago and Northwestern Ry. Co. in payment for its construction, have been cancelled.

This company having purchased the railroad property of the Sioux City and Pacific RR. Co. took possession thereof on Sept. 1, 1901. The line from California Junction, Ia., to Fremont, Neb., has been leased to the Fremont, Elkhorn and Missouri Valley RR. Co., that company also to have trackage rights between California Junction and Missouri Valley, Ia. A branch of the Sioux City and Pacific RR., from Sargents Bluff to Merville, Ia., 20 miles, was opened for traffic on Nov. 25, 1901. The Sioux City and Pacific RR. Co. has not lost its corporate existence, but still remains a distinct entity (see subjoined statement, Sec. 15).

In Jan., 1902, the company purchased all the stocks and bonds of the Chicago, Iowa and

Dakota Ry. Co. (see MANUAL for 1901, page 601), and is now operating that road as a part of its Northern Iowa Division.

In consequence of the several additions and acquisitions referred to in the foregoing paragraphs the mileage operated by the Chicago and Northwestern Ry. Co. on April 1, 1902, was as follows:

Mileage operated May 31, 1901, as per statement in Sec. 1.....	5,576.80 miles.

Co. stock, † \$13,235,000 of these bonds were issued for the construction of the Fremont, Elkhorn and Missouri Valley RR., and the interest on them is paid by the F., E. & M. V. RR. These several issues amounting to \$25,001,500, deducted from the total amount outstanding (\$137,579,500), leaves \$112,578,000 (or \$20,406.54 per mile) as the net amount issued to cover the 5,516.76 miles of the Chicago and Northwestern Ry.

GENERAL MORTGAGE GOLD BONDS OF 1897.—Secured by mortgage or deed of trust on 5,030.82 miles of the railroad owned by the Chicago and Northwestern Ry. Co. on May 31, 1901, the lines not covered being the following: Boyer Valley Ry., from Wall Lake to Denison, Ia., 24.8 miles, and from Boyer to Mondamin, Ia., 61.3 miles; Minnesota and Iowa Ry., from Burt, Ia., to Vesta, Minn., 119.1 miles; Boone County, Ry., from Boone to Ogden, Ia., 7.25 miles; Mankato and New Ulm Ry., from Mankato to New Ulm, Minn., 25.58 miles; Minnesota and South Dakota Ry., from Tyler, Minn., to Astoria, S. D., 32.20 miles; Iowa, Minnesota and Northwestern Ry., from Belle Plaine, Ia., to Fox Lake, Minn., 194.16 miles; and Southern Iowa Ry., from Stark to Buxton, Ia., 21.55 miles. The amount of bonds authorized under the mortgage is \$165,000,000, of which the company reserved \$131,645,000 for the retirement of underlying bonds and funded obligations, and \$33,355,000 to provide for the betterment or increase of the company's property, \$4,000,000 of these to be issued in such amounts and at such times as called for by the board of directors or by the executive committee, and the balance (\$29,355,000) from time to time in such amounts, not exceeding \$1,000,000 in any one year, as may be required to meet the cost of permanent improvements and additions, including equipment, which shall have been actually made. In addition to the \$117,979,500 of underlying bonds detailed in the statement of funded debt, the following bonds, held in the company's sinking fund, or deposited as collateral for other issues of the company's bonds, are prior lien to the gen. mtge. gold bonds, and are to be retired by issue thereof: \$440,000 1st mtge. 4s of the Wisconsin Northern Ry. Co., \$785,000 1st mtge. 6s of the Winona and St. Peter RR. Co. and \$7,230,000 1st mtge. 6s of the Dakota Central Ry. Co. Under date of July 9, 1897, \$20,000,000 of the bonds, bearing interest at the rate of 3¼ p. c. per annum, were sold under contract for future delivery, for the purposes of retiring about \$18,000,000 of bonds maturing from 1898 to 1902 and of providing for the betterment or increase of the company's property by construction of second main tracks, addition to equipment, and other permanent works and improvements. Of these bonds, \$12,145,000 were issued prior to May 31, 1901, \$2,000,000 of them as part of the \$4,000,000 provided for betterments and additions and \$10,145,000 for the retirement of underlying bonds, but \$317,000 of them were held in the sinking fund, leaving \$11,828,000 outstanding. There were also issued prior to May 31, 1901, \$3,000,000 of bonds out of the \$29,355,000 provided to be issued at not exceeding the rate of \$1,000,000 a year, and \$185,000 to refund an equal amount of sinking fund bonds of 1879, which had been redeemed by action of the sinking fund, but the entire \$3,185,000 of such bonds were held in the treasury of the company unsold. The mortgage provides that the prior lien bonds shall be paid, retired or refunded at or before maturity, and in no event be extended, so that thereafter this mortgage shall be a first lien upon the entire property and assets of the company. All prior lien bonds acquired in exchange for gen. mtge. gold bonds of 1897 are to be deposited with the trustees of the latter as additional security therefor. The bonds will bear interest at such rate not exceeding 5 p. c. per annum as from time to time the board of directors may determine and as shall be designated in the bonds when issued.

PRESS NOTICES.

New York Evening Post.

We commend Mr. Poor's book, as it deserves, as a most convenient reference handbook concerning the history of silver money in the United States, the monetary history of other countries, and other matters of a similar nature, all of which are presented in compact and convenient shape, and fitted to the hand by an elaborate analytical index.

Philadelphia Ledger.

A timely and valuable book, which cannot be too carefully studied, and every line of which is full of warning and instruction.

New York Journal of Commerce.

A timely and valuable contribution to a subject now demanding the earnest attention of every thoughtful citizen. It will help to clear away much of the fog in which the whole question of the currency is now enveloped. It is in no sense partisan, and is addressed wholly to the reason and intelligence of the reader. It is indeed, as it is called, "A Handbook for the Times."

Boston Journal.

This volume is pungent and full of information. It is very fresh and suggestive, and contains a large amount of information which gives it value, and makes it stimulating and helpful in extending and directing financial discussion.

3. History.—Chartered as Aurora Branch RR. Co., Feb. 12, 1849; name changed to Chicago and Aurora RR. Co., June 22, 1852; to present corporate title, Feb. 14, 1855. By one or another of the companies named were built the section of main line from Chicago to Mendota, Ill., 76.89 miles, and the branch from Aurora to West Chicago, Ill., 12.35 miles. The rest of the mileage was acquired from time to time by purchases at foreclosure sales, by consolidations, and by construction under the charters of various proprietary companies. (See MANUAL for 1901, page 213 *et seq.*) As a result of the absorption of proprietary and controlled companies in late years the C., B. & Q. RR. Co. has become the owner in fee simple of the entire system east of the Missouri River and of all except the following mileage west of the Missouri River (this mileage is fully incorporated with the system, the C., B. & Q. RR. Co. owning all the securities issued thereon):

The line from Toluca, Mont., to Cody City, Wyo., 129 miles, referred to in the **MANUAL** for 1901, on page 217, was completed and put in operation in the fall of 1901. The Black Hills and Fort Pierre RR., a line 46 miles in length, located in the Black Hills, S. D., was purchased and taken possession of by the C., B. & Q. RR. Co. on Aug. 1, 1901 (see statement in Sec. 17). In April, 1902, the company acquired a controlling interest in the securities of the Jacksonville and St. Louis Ry., but for the present that road will continue to be operated as an independent line (see separate statement therefor). On July 1, 1902, the Kansas City and Omaha Ry. (see Sec. 1b), the securities of which were purchased in June, 1900, was taken over to be operated as part of the system west of the Missouri River.

4. Control of Company.—Effective July 1, 1901, the control of this company was acquired in the joint interest of the Northern Pacific and the Great Northern Ry. Cos., statements for which see. (See also Sec. 11.)

5. Lease to C., B. & Q. Ry. Co.—As of date of Nov. 20, 1901, a lease was made conveying all the railroad and property of every kind of the Chicago, Burlington and Quincy RR. Co. to the Chicago, Burlington and Quincy Ry. Co., for the term of 99 years from Sept. 30, 1901. The lessee assumes all contracts and obligations of the C., B. & Q. RR. Co., and agrees to pay as rental (a) the interest on all outstanding bonds and on such additional bonds as may be issued during the term of the lease, (b) sinking funds, (c) taxes, and (d) quarterly dividends at the rate of 7 p. c. per annum on the capital stock.

The Chicago and Iowa RR. bonds mature on Aug. 1, 1935; the Joliet, Rockford and Northern bonds on May 1, 1922. Under the terms of the trust indenture provision is made that the C., B. & Q. RR. Co. may extend the underlying bonds, or substitute and deposit with the trustee other bonds of the same company to the same amount and secured by the same lien and at the same rate of interest, or substitute and deposit with the trustee other securities of equivalent value which are satisfactory to the trustee.

ILLINOIS DIVISION MORTGAGE BONDS.—Secured on the lines owned by the company east of the Mississippi River, but subject to the liens of the consol. mtge. 7 p. c. bonds of 1903 and the Chicago and Iowa Division bonds. The authorized issue is \$85,000,000, of which a sufficient amount is reserved for the retirement of prior liens, the remainder being intended to reimburse the company's treasury for expenditures already made in the construction or acquisition of the railroads and terminals covered by the mortgage, or to be used for improvements and betterments and for building or acquiring additional railroads or additional bridges across the Mississippi River. It is provided in the mortgage that, if any issue of prior lien bonds which may be retired by issue of Illinois Division bonds have been secured by pledge of underlying bonds secured by mortgage on any of the property covered by this mortgage, such underlying bonds are to be deposited with the trustee under this mortgage, whether cancelled or uncanceled. The trustee shall hold such prior lien

bonds, and such underlying bonds, for the further security of the Illinois Division bonds, until such time as the lien or liens of the mortgages or deeds of trust securing the same shall have been fully discharged or satisfied, or adequate provision made therefor. The Illinois Division bonds will bear such rate of interest, not exceeding 5 p. c. per annum, as from time to time shall be determined by the board of directors, and as shall be designated in the bonds when issued. The bonds may be redeemed on any interest day after July 1, 1929, upon six months' notice, at par and accrued interest for all bonds bearing interest at a less rate than $3\frac{1}{2}$ p. c. per annum, and at 105 p. c. and accrued interest for all bonds bearing interest at a rate not less than $3\frac{1}{2}$ p. c. per annum.

2. History.—Reorganization, March 31, 1897, of the Louisville, New Albany and Chicago Ry. Co., whose property was sold under foreclosure on March 10, 1897. (See MANUAL for 1897, page 106.) In July, 1902, a majority of the capital stock of this company was acquired in the joint interest of the Louisville and Nashville R.R. Co. and the Southern Ry. Co. (see statements for those companies).

3. Joint Interests.—The freight house, tracks and yards of this company, and the tracks and yards of the C., H. & D. Ry. Co., in Indianapolis, Ind., are used jointly by the two companies, the rental and operating expenses being apportioned on a wheelage basis. This company, the Southern Ry. Co., and the B. & O. S. W. Capital Stock.—The preferred stock has priority over the common stock for dividends at the rate of 5 p. c. per annum, non-cumulative.

Funded Debt.—The funded debt outstanding on Dec. 31, 1901—total, \$5,350,000, as per general balance sheet—consisted of \$1,350,000 (\$2,000,000 auth.) prior lien gold 4½s of March 1, 1890; \$2,000,000 consol. gold 5s of July 1, 1890, and \$2,000,000 income non-cumulative 5s of July 1, 1890. The \$650,000 unissued prior lien bonds are reserved for improvements. Of the consols \$65,000, and of the income bonds \$90,000 were held in the treasury of the company, leaving \$1,935,000 consols and \$1,910,000 income bonds actually outstanding. The company reserves the right to redeem at its option the prior lien bonds at 107½, the consol. mtge. bonds at 105, and the income bonds at par. The prior lien bonds are secured by first mortgage, the consols by second mortgage, and the income bonds by third mortgage on the company's property.

Proposed Reorganization of Finances.—It is proposed to exchange the income bonds, dollar for dollar, for new 1st preferred stock, the present stock to become 2d preferred, and to exchange the income bonds of the Litchfield and Madison Ry. Co. for preferred stock of the same company. The holders of a majority of the income bonds of both companies have agreed to this proposition, and with the holders of a majority of the capital stock of both companies have deposited their securities with a committee for the purpose of selling the same on or before Aug. 1, 1904. It is provided that the purchase price shall not be less than 50 p. c. of the par value of the income bonds or new 1st preferred stock, 20 p. c. of the par value of existing preferred stock or new 2d preferred stock, and 15 p. c. of the par value of common stock of the Chicago, Peoria and St. Louis Company; and not less than 75 p. c. of the par value of income bonds or new preferred stock, and 25 p. c. of the par value of the common stock of the Litchfield and Madison Company.

2. History.—Reorganization, June 4, 1897, of the Chicago and Northern Pacific RR. Co. (see MANUAL for 1897, pages 83 and 1288). During the year ending June 30, 1901, there were added to the mileage owned by the company, 5.06 miles of main track (Franklin Park to Mayfair), and 5.79 miles of sidings, etc.

3. Property.—The property of the company is located in and adjacent to the city of Chicago, and consists of passenger and freight terminals, lines of railway leading thereto, and a belt line immediately outside of, and practically encircling, the city. There are more than 760 acres of land, of which over 50 acres are in the centre of the business section of the city, with about 1½ miles of dock frontage on the Chicago River. All the real estate, and nearly all of the property upon which the lines of railway have been built, are owned in fee.

4. Character of Business.—The business of the company is twofold. As a terminal company, it leases its freight and passenger facilities and its lands, tracks, and buildings for separate and joint occupancy, or for independent improvement if desired, the tenant paying (1) a fixed annual rental; (2) all taxes and maintenance of property used by it exclusively; (3) its wheelage proportion of all expenses for the maintenance of property used jointly; (4) its proportion of taxes on all property used jointly, and (5) its wheelage proportion of interest on the cost of all construction or alteration in the present facilities necessitated by legislative or municipal action. As a transfer company it employs its own motive power in conducting a regular transportation business and in transferring and switching freight cars between railway systems and manufacturing and business districts.

5. Tenants.—The principal railroad tenants now leasing terminal facilities and trackage are the Baltimore and Ohio RR. Co., the Chicago Great Western Ry. Co., the Chicago Junc-

tion Ry. Co., the St. Louis, Peoria and Northern Ry. (see statement for Chicago and Alton RR. Co.), and the Suburban RR. Co. (Chicago Consolidated Traction Co.)

The commuted rental under the lease of the St. Louis, Peoria and Northern Ry. (now represented by \$333,000 of this company's 4 p. c. bonds held by the Guaranty Trust Co., as trustee), is to be paid to the Terminal Co., in equal monthly installments, in advance, from Jan. 1, 1900. Edward H. Harriman, Jacob H. Schiff, James Stillman, and George J. Gould jointly and severally agree that on or before Jan. 1, 1904, "they will cause the Chicago and Alton RR. Co. or some other corporation satisfactory to the Terminal Co. as to responsibility, to become the successor to the St. Louis Co. as lessee under said lease of Oct. 1, 1898." The further rental under the lease, which is for 99 years, is payable from Jan. 1, 1904, to Dec. 31, 1909, at the rate of \$105,600 per annum, and from Jan. 1, 1910, to Dec. 31, 1999, at the rate of \$150,000 per annum. In addition to these fixed rentals the lessee also agrees to pay its proportion of all taxes and cost of maintenance and operation.

6. Rolling Stock, June 30, 1901.—Locomotives, 47. Cars—passenger, 45; freight (box, 20; gondola, 369), 389; caboose, 5; other, 2—total cars, 441.

9. Preferred Stock Preference.—Preferred stock has priority over common stock in liquidation as well as for non-cumulative dividends at the rate of 4 p. c. per annum, and after 4 p. c. per annum has been paid on the common stock in any one year, is entitled to share pro rata in any additional distribution of earnings for that year.

10. Funded Debt.—The funded debt outstanding, June 30, 1901, consisted of \$13,585,000 1st gold 4s of July 1, 1947; \$394,000 C. & G. W. 1st 5s of May 1, 1936; and \$650,000 Chicago School Board purchase money 5s of May 1, 1938. The 1st 4s of 1947 are secured on the entire property of the company, now owned or hereafter acquired by the use of bonds issued under the same mortgage, but subject to the prior lien of the 1st 5s of 1936 on the property formerly owned by the Chicago and Great Western RR. Co. (see Manual for 1890, page 594) and subject to the prior lien of the purchase money mortgage to the Chicago School Board on the land on which the Grand Central Passenger Station is erected. The amount of bonds authorized to be issued is \$16,500,000, bonds amounting to \$1,305,000 being reserved for the retirement of the prior liens and \$1,610,000 for future requirements. Additional particulars respecting the funded debt will be found in the Ready Reference Bond List—see General Index.

It is provided that no additional mortgage shall be executed upon the property, except with the consent of the holders of two-thirds of the whole amount of preferred stock, given in writing or at a meeting of the stockholders called for that purpose, and with the consent, given in writing, of two-thirds of the common stock or given at a meeting by two-thirds of such part of the common stock as shall be represented at such meeting.

In a suit brought by the trustees under the prior lien and general mortgages, in the Circuit Court of the United States for the Southern District of Ohio, Eastern Division, a decree of foreclosure was entered on March 10, 1900, naming the receiver, Joseph Robinson, as special master to conduct the sale, and fixing the upset price at \$2,750,000. The Circuit Court of Appeals in opinion handed down April 2 and May 7, 1901, affirmed the decree with slight modifications under the decree as so modified. The proceeds of the sale are ordered to be applied, first to the payment of the cost of foreclosure and sale, then to the payment of equipment obligations, amounting to about \$65,000, and then to the payment of the receiver's certificates of Messrs. Felton and Robinson, amounting to \$1,056,000, and finally to the satisfaction of indebtedness of the company in the following order: \$2,000,000 prior lien mortgage bonds, together with unpaid interest thereon to the date of sale, including the \$800,000 prior lien bonds deposited in the Crawford County Court of Common Pleas to secure \$500,000 of Monsarrat certificates; \$7,456,000 of gen. mtge. bonds, together with unpaid interest thereon. RAILROAD LEASED BY THE C., S. & H. RR. CO. OR BY THE RECEIVER.

Columbus Terminal and Transfer RR.—Owns about 15 acres of ground in Columbus, O., on which are a warehouse and other buildings and which is well covered with tracks. The company was auxiliary to the C., S. & H. RR. Co., that company to have the use of the property by paying the interest on the bonds. After the failure of the C., S. &

H. RR. Co., the property was leased to the receiver, but he has been able to pay as rental only \$10,800 per annum. This sum, however, with other resources in the hands of the company, has enabled it to pay the interest on the bonds. Funded debt, \$350,000 (\$89,000 in the treasury) 1st 5s of 1943. Robert E. Sheldon, Pres., Columbus, O.

Board of Directors, Columbus, Sandusky and Hocking RR. Co., elected Sept. 28, 1896.

Capital Stock.—The authorized capital stock is \$3,000,000, consisting of \$2,000,000 common stock and not exceeding \$1,000,000 preferred stock. The preferred stock is to be issued only in exchange for mortgage bonds or to fund coupons of those bonds; its issue to be limited to the amount needed for such purposes. The common stock is held in trust, to be delivered to the owners or to be sold, as may be deemed expedient hereafter. (See appended remarks relative to mortgage bonds).

Funded Debt.—Funded debt on June 30, 1901, consisted of \$1,050,000 1st lien gold 4s of June 1, 1905, and \$2,000,000 gold mtge. 4s of June 1, 1905. The first lien bonds have an absolute prior lien, both as to principal and interest, on the entire property of the company whether now owned or hereafter acquired. The amount authorized is \$1,500,000, the rest of the bonds being issuable from time to time up to May 1, 1905, but only to provide the means for building an extension to Mackinac and to provide additional equipment. The mortgage bonds are subordinate to the 1st lien bonds, although issued under the same mortgage. Also, they are subject to redemption at par. Of the \$2,500,000 authorized, \$500,000 are reserved for additions and improvements, not over \$50,000 to be used in any one year. Of the \$2,000,000 outstanding, \$750,000 (together with the \$2,000,000 of common stock) are held by a committee consisting of Charles Steele, Edmund D. Randolph and Anthony J. Thomas, certificates for beneficial interest in them being delivered to the owners. The committee at any time may waive interest on the \$750,000 bonds, and take preferred stock at par for such waived interest; or it may take preferred stock for principal of the bonds should such a course seem more prudent. Or it may sell the stock and bonds if it shall think such a course expedient.

Capital Stock.—The authorized capital stock consists of 170,000 shares of \$100 each, divided into 65,000 shares of preferred stock and 105,000 shares of common stock. Both classes have equal voting rights. The preferred stock has priority over the common stock for its full par value in the event of the liquidation of the company, and for non-cumulative dividends at the rate of 4 p. c. per annum out of the yearly net profits of the company. It is also entitled to a pro rata share of any dividends that may be declared in excess of 4 p. c. per annum on both classes of the capital stock. With the exception of \$13,000 of common stock held by the directors of the company, and with the exception of \$500,000 of preferred stock and \$487,000 of common stock held in the treasury of the company, both classes of the capital stock are deposited in a voting trust, to be held therein until June 1, 1906, unless sooner discharged by voluntary action of the voting trustees (F. J. Lisman, John E. Borne, Evans R. Dick, Cyrus J. Lawrence and Leopold Wallack).

Funded Debt.—The funded debt outstanding on Dec. 31, 1901, consisted of \$4,069,000 Ohio Southern Division 1st gold 4s of March 1, 1941, and \$2,750,000 consol. gold 4s of June 1, 1951. The Ohio Southern Division bonds are secured by first mortgage on the line from Lima to Cornelia, O., 193 miles, on the branch from Kingman to Sedalia, 31 miles, on 51.11 miles of coal spurs, and on the equipment and appurtenances belonging to that mileage. They are redeemable at 105 p. c. and interest, on or before March 1, 1906, on eight weeks' notice. The authorized issue amounts to \$4,500,000, bonds amounting to \$100,000 being reserved for betterments and improvements, and bonds amounting to \$331,000 being reserved for the retirement of car trust notes. The consol. mtge. bonds are secured by second mortgage on the property covered by the Ohio Southern Division bonds and by first mortgage on the rest of the company's property, including future acquisitions. The authorized issue amounts to \$10,000,000, bonds amounting to \$4,500,000 being reserved to take up the Ohio Southern Division bonds, and bonds amounting to \$2,750,000 being reserved for additional mileage, equipment and improvements. Further particulars respecting the funded debt will be found in the Ready Reference Bond List—see General Index.

8. Capital Stock.—The capital stock may be increased to a total of \$26,000,000, consisting of \$12,000,000 of common stock and \$15,000,000 of preferred stock, for the purpose of acquiring properties and securities contemplated in the plan of reorganization. (See Manual for 1900, page 286). The balance sheet shows the amount issued of each class of stock; \$10,383,300 of the common stock and \$13,991,300 of the preferred stock were outstanding in the hands of the public; \$38,300 common stock and \$8,600 preferred stock were held by the Middle States Construction Co. for the purpose of acquiring additional stock of the Toledo and Ohio Central Ry. Co., and \$100 of the preferred stock remained on hand.

Preferred stock has priority over common stock for non-cumulative dividends up to 4 p. c. per annum out of the net profits of the company and for its par value in the event of a dissolution of the corporation. It is subject to redemption at par any time after three years from date of issue. Whenever dividends of 4 p. c. are declared in any fiscal year on both classes of the stock any further dividends for such fiscal year shall be equally for the benefit of all shares, whether preferred or common.

9. Funded Debt.—The funded debt outstanding on June 30, 1901—total, \$15,722,000, as per general balance sheet—consisted of the following issues (additional particulars are in the Ready Reference Bond List—see General Index):

\$1,401,000 C. & H. V. RR. 1st (extended) gold 4s of Oct. 1, 1948. Secured on the line from Columbus to Athens, O., 76 miles, and on 41 miles of branches.

2,500,000 C. & T. RR. 1st 7s of Aug. 1, 1905. Secured on the line from Columbus to Walbridge, O., 118 miles.

1,584,000 O. & W. Va. Ry. 1st 7s of May 1, 1910. Secured on the line from Logan to Pomeroy, O., 83 miles.

10,237,000 H. V. Ry. 1st consol. gold 3½s of July 1, 1999. Secured by a mortgage dated March 1, 1899, executed jointly by the Hocking Valley Ry. Co. and the Buckeye Coal and Ry. Co. to the Central Trust Co. of New York, as trustee, and conveying the entire properties of both companies, whether now owned or hereafter acquired, but subject to the liens of prior mortgages. The Buckeye Coal and Ry. Co. conveyed all its lands, aggregating about 10,000 acres in the counties of Hocking, Perry and Athens in the State of Ohio. The mortgage provides that the Coal Co. shall pay the trustee two cents per ton on all coal mined from the lands of the Coal Co., to be used in purchasing bonds, if obtainable, at not over 105 p. c. and accrued interest, all bonds so purchased to be cancelled. All sums not so used within six months after their receipt by the trustee are to be returned to the Coal Co. The amount authorized is \$20,000,000, of which a sufficient amount is reserved for the retirement of prior liens, the balance being issuable for the acquisition of new property and for betterments and enlargements, the property so acquired to be subject to the lien of the mortgage. The company reserves the right to extend any of the prior lien bonds rather than redeeming them by use of 1st consol. mtge. bonds. There are deposited with the trustee, as additional security for the 1st consol. mtge. bonds, \$249,500 capital stock of the Buckeye Coal and Ry. Co., \$255,000 capital stock and \$300,000 1st mtge. bonds of the Wellston and Jackson Belt Ry. Co., \$200,000 capital stock of the Boston Coal, Dock and Wharf Co., \$199,900 capital stock and \$1,461,000 1st mtge. bonds of the Ohio Land and Ry. Co., and \$1,028,500 preferred stock and \$1,345,300 common stock of the Sunday Creek Coal Co. The securities thus deposited are in each case the whole or a large majority of the issue. The Ohio Land and Ry. Co. is the owner of about 10,960 acres of coal lands in Athens, Hocking and Perry counties in Ohio.

10. Car Trust Bonds.—The amount shown on the general balance sheet is the outstanding balance of an issue of \$1,750,000 floated in 1894. The bonds are retired by action of a sinking fund, under which one-tenth of them may be drawn each year at par and interest. The date of final maturity is April 1, 1904. Interest is at the rate of 6 p. c. per annum, payable on the 1st of Jan., April, July and Oct., at the Atlantic Trust Co., New York, N. Y.

11. Car Trust Obligations.—These are as follows, all dated 1900: Pullman Co., for 1,050 box and 50 gondola cars—\$443,835.79 due May 1, 1905, with interest at 5 p. c. per annum, payable monthly at the Merchants' Loan and Trust Co. Bank, Chicago, Ill.; American Car and Foundry Co., for 1,000 gondola cars—\$484,610.92 due June 28, 1905, with interest at 5 p. c. per annum, payable monthly at the office of P. W. Huntington & Co., Columbus, O.; Brooks Locomotive Works, for 8 locomotives—\$58,843.16 due Dec. 10, 1902, with interest at 5 p. c. per annum, payable monthly at the Bank of Commerce National Association, Cleveland, O. The car trust obligations may be retired from the earnings of the company or from the proceeds of the sale of additional 1st consol. mtge. 4½ p. c. bonds, as may be most desirable and practicable from time to time.

11a. New Car Trust Obligations.—Since the close of the fiscal year ending June 30, 1901, there have been purchased 1,500 gondola cars from the Pullman Company, the total net cost being \$889,875. Of this amount the principal sum of \$727,619.76 is covered by 84 car trust obligations, issued in the principal sum of \$8,662.14 each, payable monthly, the final one maturing on July 15, 1908. The eleventh of these obligations was paid on June 15, 1902, leaving 73 then unpaid, aggregating \$632,336.22.

12. Guaranteed Bonds.—This company guarantees, both as to principal and interest, \$2,750,000 1st mtge. 4 p. c. bonds of July 1, 1951, of the Kanawha and Hocking Coal, and Coke Co.

13. RAILROAD LEASED BY THE HOCKING VALLEY RY. CO.

2. Leased Lines and Trackage Rights.—The main line of the Louisville Division, from Memphis to Louisville, includes 45.48 miles, from Louisville to Cecilia Junction, Ky., leased from the Louisville and Nashville RR. Co. (purchased in 1902—see Sec. 5), and the branch from Evansville to Hopkinsville includes 20.70 miles, from Princeton to Gracey, Ky., leased from the same company. The tracks of the Kansas City, Memphis and Birmingham RR. are used between Aberdeen, Miss., and Winfield, Ala., to connect the Canton, Aberdeen and Nashville RR. in Alabama with the Canton, Aberdeen and Nashville RR.

3. Contracts and Agreements.—A contract has been made with the Omaha Bridge and Terminal Ry. Co. for the right to use its bridge over the Missouri River at Omaha, Neb., its freight houses in that city and in Council Bluffs, Ia., and all of its freight yards and facilities in Omaha. Arrangements have also been made with the Union Pacific RR. Co. for the use of its new Union Passenger Station at Omaha, and of the tracks leading thereto. The single track railroads of this company and the Mobile and Ohio RR. Co. parallel each other from the Cairo Bridge southward for six miles. An arrangement has been made whereby these tracks are to be used jointly by the two companies as a double track railroad. The Mobile and Ohio RR. Co. has the right until 1930 to run its trains over the Cairo Bridge, at a fixed

minimum rent, with provision for increased rent as its use of the bridge grows. The company has a contract with the Nashville, Chattanooga and St. Louis Ry. Co. for the interchange of freight and for the right of either company to run through passenger trains over the lines of the other without change.

4. Ownership of System.—The Illinois Central RR. Co. practically owns the entire system operated by it (except the leased and operated mileage referred to in Sec. 2), although it holds the fee-simple of no more than the 705.50 miles of the Illinois Central proper. The other lines are nominally leased or controlled through stock ownership, but separate statements are not published in the MANUAL for any of them except the Dubuque and Sioux City, Chicago and Texas, Hodgenville and Elizabethtown, and Troy and Tiptonville.

5. History.—Illinois Central RR. Co. was chartered on Feb. 10, 1851; Dubuque line opened June 11, 1855; through line to Cairo, Sept. 27, 1856. A sketch of the history of the company from its organization to the close of the year 1896 is in the MANUAL for 1897, page 453 et seq., and in the editions following that one later developments are recorded.

During the year ending June 30, 1901, \$5,207,948.90 were advanced upon securities and contracts for the assignments of purchases made at foreclosure sales, which together represent the control and, with slight exceptions, the ownership of the railway formerly operated by the Peoria, Decatur and Evansville Ry. Co., extending from Pekin, Ill., to Evansville, Ind., and the interest formerly held by that company in the Peoria and Pekin Union Ry.

The former owners and creditors of the Peoria, Decatur and Evansville Ry. Co. had previously adopted a plan of reorganization, which has resulted in the formation of two separate corporations, the Peoria, Decatur and Mattoon RR. Co., which now owns the line from Pekin to Mattoon, Ill., and the Mattoon and Evansville RR. Co. owning that from Mattoon to the boundary between the States of Illinois and Indiana. Since Sept. 1, 1900, the Illinois Cen-

tral RR. Co. has been operating each of these railroads, as well as the remainder of the road lying in Indiana.

It was expected that the organization of the Peoria, Decatur and Mattoon RR. Co., in which alone there are minority interests other than those represented by the securities pledged as above, would be completed in the autumn of 1901 and propositions were to be presented to the stockholders of the Illinois Central RR. Co. at their annual meeting, looking to the purchase of the railway formerly belonging to the Peoria, Decatur and Evansville Ry. Co.

Since November 1, 1900, the Illinois Central RR. Co. has also been operating the so-called New Harmony Branch, 6.33 miles in length, the purchase of which was also to be considered at the annual meeting.

The Albert Lea and Southern RR. extends from Lyle to Glenville, Minn., a distance of 18.59 miles, and affords a connection between the Mona Branch of the Dubuque and Sioux City RR., and various railroads running toward St. Paul, Minneapolis, and the northwest, with which traffic relations have been established. Up to June 30, 1901, the Illinois Central RR. Co., had advanced \$371,168.16 on account of the construction of the road.

The Kentucky Western Ry., extending from Dixon to Blackford, Ky., a distance of 19.1 miles, has been absorbed by the Illinois Central RR. Co. since the close of the fiscal year ending June 30, 1901 (see MANUAL for 1901, page 447.)

Early in 1902, the right to purchase the Cecilia Branch of the Louisville and Nashville RR., which was granted in the lease of that line, was exercised.

6. Charter Tax.—The charter of the company reserved to the State of Illinois, in lieu of taxes, 7 p. c. of the gross receipts of the 705.50 miles of road originally built thereunder. The other portions of the railroad, both in Illinois and elsewhere, are taxed in accordance with the laws of the several States. The total amount paid to the State of Illinois under the provisions of the original charter, from the opening of the road, in 1855, to June 30, 1901, was \$19,342,733.52. Out of the earnings of the company during the same period the stockholders have received \$102,246,861.59 in cash dividends. A statement showing the amount of capital stock outstanding at the close of each fiscal year since the original shares became fully paid, together with the amounts and rates per cent. of dividends paid in every such year, is in the MANUAL for 1898, page 470.

2. History.—Consolidation, in 1869, of the Michigan Southern and Northern Indiana, the Cleveland and Toledo, the Cleveland, Painesville and Ashtabula, and the Buffalo and Erie

RR. Cos. (See MANUAL for 1885, page 549.) The proprietary roads have been acquired from time to time since the consolidation. The company owns a majority of the shares of the New York, Chicago and St. Louis RR. Co., Pittsburgh and Lake Erie RR. Co., and Lake Erie and Western RR. Co., besides owning 112,240 shares of the stock of the Cleveland, Cincinnati Chicago and St. Louis Ry. Co. (See Sec. 9 for ledger valuation of stocks and bonds owned by the company.)

During the year 1901 the company purchased \$3,200,000 of the capital stock of the Lehigh Valley RR. Co., and in 1902 acquired 89 p. c. of the capital stock of the Indiana, Illinois and Iowa RR. Co.

The New York Central and Hudson River RR. Co. owns about 91½ p. c. of the capital stock of this company (see MANUAL for 1898, page 488). The railroad forms a part of the New York Central system, but is operated as an independent organization.

On Oct. 1, 1901, the Lake Shore and Michigan Southern Ry. Co. began to operate the Dunkirk, Allegheny Valley and Pittsburgh RR., as agent for the owners. (See GENERAL INDEX for D. A. V. & P. RR. Co.)

On Jan. 1, 1902, the company assumed the operation of the Detroit, Toledo and Milwaukee RR. (see page 378), but the accounts of that road are kept separate.

TWENTY-TWO YEARS OF PROTECTION.

The financial history of the United States naturally divides itself into three periods: The first, the Period of Construction—the work of the Fathers; the second, the Period of the attempted Destruction of this work; the third, of its Restoration. The first period, of 40 years, extends from the formation of the Government in 1789 to the close of the administration of John Quincy Adams in 1829; the second period, of 36 years, extends from the beginning of General Jackson's administration in 1829 to the restoration of peace in 1865; the third period, of 22 years, extends to the end of 1887; for although the election of Mr. Cleveland nominally put an end to the period of Restoration, he so far has been unable to undo its distinctive feature,—a return to the Protective policy of the Fathers. The object of this work is to display the Period of Restoration; hence its title,—“Twenty-Two Years of Protection.” To a proper understanding of this period, a competent knowledge of the events of the two preceding periods, as well as of the Colonial Period, is a necessary condition.

Capital Stock.—The preferred stock entitles holders to non-cumulative dividends up to 4 p. c. per annum, payable out of the surplus earnings in each fiscal year before any dividend shall be paid on the common stock. The common stock is entitled to all dividends in each fiscal year after payment of 4 p. c. dividends in that year on preferred. All the preferred and common stock (except fifty shares of common stock to qualify directors) is deposited in a voting trust for five years, the following being the voting trustees: Frederic P. Olcott, Thomas H. Hubbard, and William A. Read. Certificates for all of the 100,000 shares of preferred stock, and for 99,950 shares of common stock issued in the names of the voting trustees, are deposited with the Central Trust Co., New York, N. Y., endorsed in blank by the voting trustees. The voting trustees shall have power at any time during the continuance of the agreement to sell the stock, subject to the approval of a majority, in amount of each class of the trust certificates outstanding. Such approval may be given at a meeting called for that purpose, of which notice shall be given, or by the assent in writing of holders filed with the Central Trust Co. The voting trustees possess all rights and powers of absolute owners of the stock, including the unrestricted right to vote for every purpose, and to consent to any corporate act of the company. The voting trustees will not, during the pendency of the agreement, vote to authorize any additional mortgage upon the property embraced in the prior lien and 1st mortgage, nor to authorize an increase in the preferred stock, except with the consent in each instance of the holders of a majority in amount of the trust certificates for preferred stock, given at a meeting called by the voting trustees for that purpose.

Funded Debt.—The funded debt outstanding on June 30, 1901—total, \$15,500,000, as per general balance sheet—consisted of the following issues (additional particulars will be found in the Ready Reference Bond List—see General Index):

\$9,000,000 prior lien gold 3½s of July 1, 1925. The total amount authorized is \$10,000,000, and \$1,000,000 of the bonds are reserved for use under restrictions set forth in the mortgage, but no part thereof shall be issued at any time previous to Jan. 1, 1902, and then at the rate of not more than \$250,000 in any one year. The mortgage securing the prior lien bonds covers as a prior lien the entire property of the company whether now owned or which shall be acquired hereafter by use of any prior lien bonds.

\$6,500,000 1st gold 4s of April 1, 1950. Secured by all the line of railway and other property of the company which is covered by the prior lien mortgage, but in all respects subject to the lien of that mortgage. The amount of the present issue of 1st mtge. bonds is \$6,500,000, but the right is reserved to issue not to exceed \$10,000,000 additional thereof or such lesser amount as may be required to retire the prior lien bonds, with the additional right to call in and redeem at par and accrued interest all or any part of the 1st mtge. bonds on or after July 1, 1925.

2. History.—Consolidation, July 29, 1889, of the Wabash Western Ry. Co. and the Wabash Ry. Co. (see MANUAL for 1890, page 735). The Detroit-Chicago line was opened on May 14, 1893; the Detroit-Buffalo line on June 14, 1897; and the St. Louis-Des Moines line on Nov. 26, 1899. (See MANUALS for 1898, 1899, and 1900.) The Kansas City, Excelsior Springs and Northern Ry., from Excelsior Springs Junction to Milwaukee Junction, Mo., 9.5 miles, was purchased and added to the system on April 1, 1901. The Omaha and St. Louis RR., from Pattonsburg, Mo., to Council Bluffs, Ia., 144.2 miles, was purchased at foreclosure sale on Oct. 12, 1901, and was taken over for operation by this company on Nov. 1, 1901 (see MANUAL for 1901, page 511). In Jan., 1902, an extension of the Toledo and Chicago Division was completed from Montpelier to Maumee, O., 49.5 miles, and a branch, built under the charter of Fort Wayne and Detroit RR. Co., to replace the Eel River RR., was completed from New Haven to Butler, Ind., 26.2 miles. The use of the Eel River RR. was discontinued on Dec. 31, 1901. The company has also discontinued the operation of the Peru and Detroit Ry., from Chili to Peru, Ind., 9.5 miles. The railway line and ferries of the Grand Trunk Ry. of Canada, from Detroit, Mich., to Black Rock Station, N. Y., and the railway line from Welland Junction, Ont., to Suspension Bridge, N. Y., are used under a joint operating agreement to endure until Jan. 24, 1919. The rental under the agreement with the Grand Trunk Ry. Co. of Canada is to be \$275,000 a year for the five years ending March 1, 1903, \$300,000 a year for the five years ending March 1, 1908, \$335,000 a year for the five years ending March 1, 1913, and \$350,000 a year for the remaining term of the lease, the company being also required to pay its proportionate share of the cost of maintenance and operation. ST. CHARLES BRIDGE BONDS.—Secured in the order of their priority on the bridge over the Missouri River at St. Charles, Mo.

FIRST MORTGAGE GOLD BONDS.—Secured by first mortgage on 1,008.6 miles of railroad east of the Mississippi River (Toledo to East Hannibal, 460.5 m.; Bluffs to Camp Point, 39.4 m.; Clayton to Elvaston, 34.5 m.; Decatur to East St. Louis, 110.1 m.; C. & W. I. Junction to Effingham, 205.4 m.; Shumway to Altamont, 9.5 m.; Fairbury Junction to Streator, 30.9 m.; Edwardsville to Edwardsville Crossing, 8.5 m.; Delray to Butler, 109.8 m.) and also secured on 533.6 miles of railroad west of the Missouri River (Tayon Ave., St. Louis, to Harlem, 274.8 m.; Carr St., St. Louis, to Ferguson, 10.7 m.; Moberly to Ottumwa, 131.5 m.; Salisbury to Glasgow, 15.4 m.; Brunswick to Pattonsburg, 79.6 m.; Centralia to Columbia, 21.6 m.), but subject, as to these lines west of the Missouri River, to the liens of the two St. Charles Bridge mortgages and of the mortgages securing the bonds of the Brunswick and Chillicothe RR. Co., St. Louis, Council Bluffs and Omaha RR. Co. and Boone County and Booneville RR. Co. Also secured on the leasehold interests of the company in the terminals at Detroit, Chicago, Hannibal, Quincy and Kansas City, and in the bridges at Hannibal, St. Louis and Kansas City. Bonds to a sufficient amount are reserved to retire at maturity, or whenever exchanges can be made upon the terms which may be prescribed by the Board of Directors, the prior mortgages on the property west of the Missouri River.

SECOND MORTGAGE GOLD BONDS.—Secured on the same lines (1,008.6 miles) east of the Mississippi River as are covered by the first mortgage, together with the leasehold interest in the terminals at Detroit, Chicago, Hannibal, and Quincy and in the bridge at Hannibal.

DEBENTURE MORTGAGE BONDS.—Secured by a lien subsequent to that of the 1st mtge. bonds on the property west of the Mississippi River, and subsequent to that of the 2d mtge. bonds on the property east of the Mississippi River, acquired in the reorganization of 1889, but not secured on any property acquired since the reorganization. The bonds are in two classes—Series A (for \$3,500,000) having preference for interest only over Series B (for \$26,500,000), interest on either issue, however, being payable only if earned and non-cumulative. Any bonds of Series B not presented for redemption on the date of their maturity will draw interest until the principal is paid on demand. The bonds may be voted at stockholders' meeting at the rate of one vote to every \$100 of bonds. On June 30, 1901, \$484,224 of the B bonds were held in the company's treasury.

DETROIT AND CHICAGO EXTENSION GOLD BONDS.—Secured as a first lien on the Chicago Extension, from Montpelier, O., to Clarke Junction, Ind., 149.6 miles, and the interest on them is charged on that extension. There is provision for a sinking fund of up to 2 p. c. per annum out of the net earnings of the line (accounts will be kept separate) for redemption of the bonds at 110.

DES MOINES DIVISION GOLD BONDS.—In addition to being a first lien on the line from Moulton to Des Moines these bonds are further secured by the deposit with the trustee of 20,000 shares of the capital stock of the Des Moines and St. Louis RR. Co. and of the Moulton, Albia and Des Moines RR. Co., the owners of the line mentioned; also by deposit of \$50,000 of the capital stock of the Des Moines Union Ry. Co. and the contracts respecting the Wabash RR. Co.'s rights in the use of the terminal facilities of that company in Des Moines. The mortgage will be a first lien upon the road between Hannibal and Quincy, known as the Hannibal and Quincy RR., if this line be built with the proceeds of the bonds reserved for same, it being provided in the mortgage that in case the Wabash Co. should not construct the said line of railroad from East Hannibal to Quincy, but in lieu thereof should arrange for use of the line of road now owned by the C., B. & Q. RR. between said points, by lease for a period of ten years or more, then and in that case the amount, namely, \$200,000, held in reserve by the trustee, shall be cancelled and destroyed and the amount of the Des Moines Division mortgage be limited to \$1,600,000.

EQUIPMENT SINKING FUND FIRST LIEN GOLD BONDS.—Total issue, \$3,000,000; the remaining \$945,000 bonds were issued after June 30, 1901. Secured on 40 locomotives, 48 passenger and combination cars, 3,000 box cars, and 500 coal cars. An agreement between the company and the trustee requires that \$100,000 of the bonds shall be redeemed each year for the first five years, \$150,000 each year for the next ten years, and \$200,000 each year from 1916-17 to 1920-21. Under the sinking fund provision of the agreement the company has the right to deliver the required amount of bonds annually to the trustee for cancellation, or to pay to the trustee a sufficient amount in cash to take up the required number of bonds at 108 p. c. and accrued interest. In the latter event if the trustee cannot buy the required amount of bonds at 105 p. c. and interest or less, the company has the right to elect whether the amount of the sinking fund so paid to the trustee shall be used in the purchase of new equipment (to be covered by the agreement), or used in drawing the required number of bonds by lot at 108 p. c. and interest. On March 1, 1902, \$100,000 of the bonds were retired.

ST. LOUIS, COUNCIL BLUFFS AND OMAHA RR. BONDS.—Secured by first mortgage on the road from Chillicothe to Pattonsburg, Mo., 41.4 miles. The bonds are included in the funded debt of the Wabash RR. Co., per general balance sheet, and the interest on them is guaranteed under the lease.

BOONE COUNTY AND BOONEVILLE RR. BONDS.—The bonds of May 1, 1903, are secured by first mortgage on the road from Centralia to Columbia, Mo., 21.6 miles. Authority has been granted for the absorption of this line by the Wabash RR., and for an issue of \$300,000 bonds to retire the 1st mtge. bonds and provide for improvements, etc.

BUNSWICK AND CHILLICOTHE RR. BONDS.—Secured by first mortgage on the road from Brunswick to Chillicothe, Mo., 38.2 miles. The bonds are included in the funded debt of the Wabash RR. Co., per general balance sheet, and the interest on them is guaranteed under the lease.

10. Toledo and Chicago Division Bonds.—Under date of June 1, 1901, the company issued \$3,000,000 of 1st gold 4s of March 1, 1941, secured by first mortgage on the line from Montpelier to Maumee, O., 50 miles, on the branch from Butler to New Haven, Ind., 26 miles, and on rolling stock purchased with the proceeds of \$1,000,000 of the bonds, and by second mortgage on the Detroit and Chicago Extension, 149.6 miles; but they are not shown in the statement of funded debt, as they were not taken into the general account until after the close of the fiscal year, being reserved by the trustee to pay for the construction of the extensions to Maumee and to Fort Wayne.

11. Omaha Division Bonds.—Under date of Oct. 12, 1901, the company executed a mortgage on the property formerly of the Omaha and St. Louis Ry. Co., to secure an issue of \$3,500,000 1st gold 3½s of Oct. 1, 1941, \$3,000,000 of which bonds have been issued, the remaining \$500,000 being reserved for the purpose of acquiring additional terminal property and equipment, and for betterments to the property

covered by the mortgage. The \$3,000,000 of bonds were issued as to \$1,845,000 in exchange for the 1st mtge. bonds of the Omaha and St. Louis at the rate of \$800 for \$1,000, and as to \$1,154,400 for the purpose of paying off receivership obligations and other charges against the Omaha and St. Louis Ry. property and of improving the same. The bonds are a charge on the line from Pattonsburg, Mo., to Council Bluffs, Ia., 144.2 miles, the earnings of which will be kept separate.

2. History.—Reorganization, April 28, 1899, of the Wheeling and Lake Erie Ry. Co. (see

MANUAL for 1899, page 361). The company took possession of the Wheeling and Lake Erie lines, including the Toledo Belt Ry., an aggregate of 248.5 miles, on May 1, 1899. The divisions of the Cleveland, Canton and Southern RR., sold under foreclosure on Feb. 4, 1899 (being the main line from Cleveland to Coshocton, O., 116 miles, and the Sherrodsville and Waynesburgh Branches), together with the Cleveland Belt and Terminal Ry., were purchased and absorbed on Aug. 15, 1899; the Coshocton and Southern RR. (from Coshocton to Zanesville, O.), and the Zanesville terminals of the Cleveland, Canton and Southern RR., were

acquired on July 1, 1900. The company also acquired the ownership of the Canton and Wooster RR. and of the Massillon RR. In Dec., 1900, work was commenced on the construction of the Adena RR., a proprietary line, to extend from Adena to Bellaire and Martin's Ferry, O., about 26 miles, to be completed late in the summer of 1902. On Jan. 1, 1902, the company took over the Zanesville Belt Line, the ownership of which it had acquired. The Chagrin Falls Branch was purchased by the Wheeling and Lake Erie RR. Co. on Dec. 31, 1901.

Twenty-Two Years of Protection

(SEPTEMBER, 1888.)

By HENRY V. POOR.

Pp. 222. 8vo. Paper. Price, 50 cents.

PREFACE.

The financial history of the United States naturally divides itself into three periods: The first, the Period of Construction—the work of the Fathers; the second the Period of the attempted Destruction of this work; the third, of its Restoration. The first period, of 40 years, extends from the formation of the Government in 1789 to the close of the administration of John Quincy Adams in 1829; the second period, of 36 years, extends from the beginning of General Jackson's administration in 1829 to the restoration of peace in 1865; the third period of 22 years, extends to the end of 1887; for although the election of Mr. Cleveland nominally put an end to the period of Restoration, he so far has been unable to undo its distinctive feature—a return to the Protective policy of the Fathers. The object of this work is to display the Period of Restoration; hence its title,—“Twenty-Two Years of Protection.” To a proper understanding of this period, a competent knowledge of the events of the two preceding periods, as well as of the Colonial Period, is a necessary condition.

POOR'S BUREAU

OF

Information and Investigation,

Conducted in connection with and as an adjunct to

Poor's Manual of Railroads,

WILL FURNISH UPON ORDER

Detailed information relative to new or projected Railroads,

Analyses of Railroad and other reports,

Statistics of Steam, Electric, Cable and Horse Railways,

Advance information relative to Railroad reports, etc.; or will make

Full and comprehensive investigations into Railroad mortgages, bonds, leases or other contracts.

In a word, we propose to furnish information of any character coming within the scope of this Bureau, but not contained in or within the province of our three annual publications, viz.:

POOR'S MANUAL OF RAILROADS,

POOR'S HAND-BOOK ON INVESTMENT SECURITIES,

POOR'S DIRECTORY OF RAILWAY OFFICIALS and

MANUAL OF AMERICAN STREET RAILWAYS.

Subscribers to any of the above-named works may address their inquiries to us, and a prompt reply will be mailed at a cost based upon the length of time occupied on the work.

Special attention will be given to the preparation of Historical Statements of existing or defunct corporations; to investigations into the value of old railroad bonds, and to the preparation of statistical exhibits designed to show the value of railroad securities. Besides this, investigations will be made at any time through official channels into the status of new projects, and reports made thereon. Proceedings in foreclosure or reorganization will be carefully followed, and all facts relating to such proceedings noted for reference.

It is believed that the establishment of this Bureau will prove of great benefit to the subscribers for our annual publications, as it will enable them at a nominal cost to avail of our unequalled facilities for the collection of news items relative to Railroad Investments or projects, besides securing the privilege of access to our Library, which contains all reports and documents issued during the past half century.

Annual subscribers to this Bureau may call for whatever information they desire during the period of their subscription. Terms upon application. Address

2. History.—Incorporated under the laws of Kansas, Dec. 12, 1895, as successor to the Atchison, Topeka and Santa Fe R.R. Co., whose property was sold under foreclosure on Dec. 10, 1895. (See MANUAL for 1898, page 276.) Possession was taken on Jan. 1, 1896. The company then acquired the fee simple of the line from Atchison to the western boundary of the State of Kansas, 470.41 miles, and the securities representing the ownership of the rest of the system. Since then conveyances have been executed from time to time, vesting in the company the fee simple of various other properties as follows: Wichita and Western Ry., 79.77 miles; Kansas City, Topeka and Western RR., 66.04 miles; Leavenworth, Northern and Southern Ry., 45.41 miles; Southern Kansas Ry., 834.06 miles; New Mexico and

Southern Pacific RR., 371.76 miles; Rio Grande, Mexico and Pacific RR., 185.14 miles; New Mexican RR., 52.47 miles; Silver City, Deming and Pacific RR., 46.50 miles; Burlingame and Northwestern Ry., 34.30 miles; Silver City and Northern RR., 14.53 miles; Hutchinson and Southern Ry., 142.29 miles; Kansas and Southeastern RR., 9.07 miles; Santa Rita RR., 4.28 miles; Hanover RR., 6.66 miles; Denver and Santa Fe Ry., 116.33 miles; Pueblo and Arkansas Valley RR. 290.13 miles; Blackwell and Southern Ry., 15.94 miles; St. Joseph, St. Louis and Santa Fe Ry., 76.45 miles; Chicago, Santa Fe and California Ry., 492.46 miles; Kansas, Oklahoma Central and Southwestern Ry., 56.85 miles; Kansas City, Emporia and Southern Ry., 83.23 miles; Florence, El Dorado and Walnut Valley RR., 72.73 miles; Marion and McPherson Ry., 98.21 miles; Wichita and Southwestern Ry., 115.18 miles; and Chicago, Kansas and Western RR., 887.24 miles. The general and adjustment mortgages of The Atchison, Topeka and Santa Fe Ry. Co. have been duly recorded and have become a direct lien on all of the properties named. The bonds and stocks of the several absorbed companies, therefore, are no longer listed on the statement of securities pledged as collateral security for the funded debt.

The Atchison, Topeka and Santa Fe RR. in Chicago was conveyed by deed to The Atchison, Topeka and Santa Fe Ry. Co. on March 6, 1902, and the Santa Fe Pacific RR. and San Francisco and San Joaquin Valley Ry. were similarly conveyed as of July 1, 1902.

3. San Francisco Terminals.—Freight terminals in San Francisco are supplied by the Santa Fe Terminal Co. of California, all of whose capital stock is owned by The Atchison, Topeka and Santa Fe Ry. Co. By virtue of a contract with the Harbor Commissioners of San Francisco, approved by the Legislature, a lease has been made for 50 years of a tract of partially submerged land known as "China Basin," containing about 35 acres. The conditions of the lease are that, in addition to a nominal rental, the Terminal Company shall build a sea-wall and reclaim the land from the tide. There have also been purchased by the Santa Fe Terminal Co. certain lots south of and adjoining "China Basin," containing about 17 acres. In order to obtain material for the work of reclamation it has been found advisable to purchase additional real estate in San Francisco to the value of upwards of \$400,000. The cost of improvements on the water front is estimated at \$750,000. The work of building the sea-wall has already been commenced. The entire premises can hardly be ready for full occupancy in less than two years, but meantime partial use thereof is being made by means of piling. When completed the terminals in San Francisco, in addition to those used at present, will thus consist of about 52 acres on the water front with total water frontage of 3,811 feet, together with about 46 acres located slightly inland, which latter may be sold or used for railway purposes as may be deemed advisable.

4. Proprietary Lines, Included in System.—The Atchison, Topeka and Santa Fe Ry. Co. owns all the securities of the Rio Grande and El Paso RR. Co., Southern Kansas Ry. Co. of Texas, Gulf, Colorado and Santa Fe Ry. Co., and Southern California Ry. Co. (except a small outstanding interest). The Rio Grande and El Paso RR., Southern Kansas Ry. of Texas, and Gulf, Colorado and Santa Fe Ry. being corporations of the State of Texas, are operated by their own officers, but for convenience the statistics of all three of them are consolidated with those of The Atchison, Topeka and Santa Fe Ry. Co.

5. Controlled Roads, Operated Separately.—The Atchison, Topeka and Santa Fe Ry. Co. owns a majority of the capital stock of the Beaumont Wharf and Terminal Co., Gulf, Beaumont and Kansas City Ry. Co., and Gulf, Beaumont and Great Northern Ry. Co.; owns about two-thirds of the bonds and 96.83 p. c. of the capital stock of the Pecos Valley and Northeastern Ry. Co., and owns practically all of the capital stock and \$2,963,000 out of \$2,964,000 2d mtge. bonds of the Santa Fe, Prescott and Phoenix Ry. Co. The properties of the companies named are operated separately by their own officers (see separate statements, subjoined). The securities of the Leavenworth and Topeka Ry. Co. (see GENERAL INDEX) are owned jointly by The Atchison, Topeka and Santa Fe Ry. Co. and the Union Pacific RR. Co.

6. Railroads Acquired After June 30, 1901.—The Atchison, Topeka and Santa Fe Ry. Co. has acquired a majority of the stock of the Grand Canyon Ry. and of the Kansas Southwestern Ry., and has acquired practically all of the capital stock and 99.97 p. c. of the 2d

mtge. bonds of the Santa Fe, Prescott and Phoenix Ry. Co. The Grand Canyon Ry. Co. is a reorganization, Aug. 10, 1901, of the Santa Fe and Grand Cañon RR. Co. (see **MANUAL** for 1901, page 656), whose property was sold under foreclosure in July, 1901. The Kansas Southwestern Ry. Co. was organized Oct. 24, 1901, to take over the property formerly of the St. Louis, Kansas and Southwestern Ry., which was sold under foreclosure on Oct. 22, 1898, and was afterwards operated by the purchaser under the title of Kansas Southwestern RR. (see **MANUAL** for 1901, page 542). The Grand Canyon Ry. is operated by The Atchison, Topeka and Santa Fe Ry. Co., but the Santa Fe, Prescott and Phoenix Ry. and the Kansas Southwestern Ry. are operated by their own organizations.

15. Funded Debt.—The funded debt, as per General Balance Sheet, consisted of \$138,727,500 of gen. mtge. bonds, \$51,728,000 of adjustment mtge. bonds, \$1,500,000 of Chicago and St. Louis Ry. bonds, \$259,000 of equipment trust bonds, \$6,000,000 of the S. F. & S. J. V. Ry. bonds, and \$830,210 of miscellaneous bonds—a total of \$199,035,710; but this included \$2,402,500 of gen. mtge. bonds, \$1,936.26 of gen. mtge. scrip, and \$382,000 of adjustment mtge. bonds held in the treasury of the company, besides \$75,500 of gen. mtge. bonds deposited with the New York Security and Trust Co., trustee, under agreement dated Aug. 26, 1896. The following is a statement of the outstanding funded debt on July 1, 1901 (total, \$196,076,500), including the outstanding bonds of the Hutchinson and Southern Ry. Co., but not including treasury assets:

\$1,500,000 Chicago and St. Louis Ry. 1st 6s of March 1, 1915. Secured on the line from Corwith to Pekin, Ill., 147.7 miles.

\$629,000 Chicago, Santa Fe and California Ry. 1st gold 5s of Jan. 1, 1937. Secured on the lines from Corwith, Ill., to Big Blue Junction, Mo., 439.94 miles, and from Ancona to Pekin, Ill. (less 5.91 miles of trackage between Streator Junc. and Pekin Junc., Ill.), 52.4 miles. The Chicago and St. Louis Ry. bonds underlie these on the line from Corwith via Ancona to Pekin, Ill., 147.7 miles. The total amount of these bonds is \$15,350,000, but the Atchison, Topeka, and Santa Fe Ry. Co. owns and has deposited as security for its gen. mtge. bonds \$14,721,000 thereof.

\$157,000 Equipment Trust Bonds, Series A. Matured Jan. 1, 1902.

\$195,000 Hutchinson and Southern Ry. 1st gold 5s of Jan. 1, 1928. Secured on the line from Hutchinson, Kan., to Cross, O. T., 142.29 miles. The total issue amounts to \$719,000, but The Atchison, Topeka and Santa Fe Ry. Co. owns \$524,000 thereof. The bonds are subject to redemption on any interest day after Jan. 1, 1908, at 105 p. c. and accrued interest.

\$136,249,500 gen. gold 4s of Oct. 1, 1995. Secured on the entire property of the company, whether now owned or hereafter acquired, but subject to the mortgages or deeds of trust securing the bonds described in the preceding four paragraphs. They are also secured by collateral lien upon the rest of the Atchison System, the bonds and stocks of the subsidiary companies being deposited with the trustee under this mortgage, as shown in Sec. 16. The total amount authorized by the mortgage is \$165,490,500, the \$26,763,000 of bonds unissued on July 1, 1901, being reserved for the retirement of prior liens, for the acquisition and improvement

of other railroads and for new construction, betterments, additional rolling stock, etc. (See Manual for 1900, page 463.)

\$51,346,000 adjustment gold 4s of July 1, 1995. Secured on the same property as the gen. mtge. bonds, but subject to the lien thereof. Originally interest was payable yearly, on the 1st of Nov. if earned, but under an agreement dated Sept. 14, 1899, interest is now payable in half yearly installments upon complying with the terms of said agreement. Since July 1, 1900, interest has been cumulative at the rate of 4 p. c. a year. In the mortgage securing these bonds provision is made for the issue of \$20,000,000 of bonds, in addition to the \$51,728,000 outstanding, after the \$30,000,000 of gen. mtge. bonds reserved for improvements, etc. (of which \$14,500,471 remained unissued on July 1, 1901), shall have been issued and used; but such additional adjustment bonds can be issued only with the consent of the holders of a majority of all adjustment bonds outstanding. Such additional adjustment bonds are reserved under carefully guarded restrictions, so that they can be used only for improvements in the same manner as the \$30,000,000 gen. mtge. bonds, and so that they can be issued at a rate not exceeding \$2,000,000 per annum, of which amount \$500,000 per annum may be for the construction of branches and extensions.

\$6,000,000 San Francisco and San Joaquin Valley Ry. 1st gold 5s of Oct. 1, 1940. Secured on the lines from Bakersfield to San Francisco, Cal., and from Calwa to Corcoran Junction, Cal., a total of 372.57 miles. There is a sinking fund of 1 p. c. of net profits from Jan. 1, 1916, to 1921; 2 p. c. to 1926; 3 p. c. to 1931; 4 p. c. to 1936; and 5 p. c. to 1940. The bonds may be drawn at 110 p. c. after 1915.

16. Four p. c. Serial Debentures.—Total issue, \$30,000,000. Dated, Feb. 1, 1902. Divided into twelve series, designated Series A to Series L, each series amounting to \$2,500,000. 6. Capital Stock.—The general balance sheet shows the authorized capital stock and (in "General Assets") the amount of each class owned by the company. The preferred stock, in order of priority, is entitled to dividends at the rate of 4 p. c. per annum, non-cumulative, before any dividends can be paid on the common stock. The company reserves the right to redeem its preferred stock at any time at par in cash, if allowed by law. It is provided that no additional mortgage shall be put upon the property embraced in the first mortgage of 1899, nor the amount of the 1st preferred stock be increased, except with the consent in each instance of the holders of a majority of the whole amount of 1st preferred stock, given at a meeting of the stockholders called for that purpose. During the existence of the voting trust, the voting trustees shall not vote on the 1st preferred stock for the purposes indicated without the consent of holders of the like amount of that class of beneficial certificates.

7. Voting Trust.—All of the capital stock, except 50 shares of the common stock, is held by Grenville M. Dodge, Frederic P. Olcott, Harry Walters, Henry Budge and J. Kennedy Tod as voting trustees under an agreement dated Dec. 31, 1898, and to endure until Jan. 1, 1904, or for such further period as may elapse before the 1st preferred stock shall have received a 4 p. c. cash dividend for three consecutive years, although the voting trustees may, in their discretion, deliver the stock at any earlier date. Until delivery of stock is made the voting trustees will issue certificates of beneficial interest entitling the holders to their shares at the termination of the voting trust and to any dividends that may be declared in the meantime.

8. Funded Debt.—The funded debt consists of 1st gold 4s of Feb. 1, 1929, int. F. & A., at the office of the trustee. The authorized issue is \$20,000,000, the unissued bonds being reserved for additions, improvements, and betterments, and for new construction or acquisitions, including the acquisition of coal properties. These bonds, except such of them as shall be used for the acquisition of coal properties, are to be issued at a rate not exceeding \$300,000 per annum. The mortgage covers the entire property of the company, including future acquisitions, but subject, as to these, to any liens thereon at the time of acquisition, and to purchase money liens created in such acquisition. It is provided in the mortgage that the Cheyenne and Northern line (from Cheyenne to Orin Junction, Wyo., 153.68 miles) may be sold and the proceeds applied toward the reduction of the first mortgage indebtedness. Since the date of the balance sheet there have been issued \$447,000 additional bonds, making a total of \$18,350,000 now outstanding. Additional particulars respecting the funded debt will be found in the Ready Reference Bond List—see General Index.

9. Car Trust Notes.—The amount of car trust notes, outstanding on June 30, 1901, was \$198,194.14, payable at rate of \$3,300.19 per month until May 25, 1905, and \$879.29 per month until July 21, 1905.

2. History.—Organized July 14, 1886, as successor to the Denver and Rio Grande Ry. Co. whose property was sold under foreclosure July 12, 1886. (See MANUAL for 1891, page 691.) The Rio Grande Junction Ry. (statement for which see) was built jointly by this company and the Colorado Midland Ry. Co., and is leased, and its bonds guaranteed jointly by the two companies. In Nov., 1890, a through standard-gauge route was opened between Denver and Golden over this road, the Rio Grande Junction Ry., and the Rio Grande Western Ry.

At a special meeting of the stockholders held on May 15, 1901, authority was voted for the purchase of the Rio Grande Western Ry. (see GENERAL INDEX), and for the issuing of 20,750,000 of preferred stock for that purpose. Pursuant to such authority the company has acquired the common stock of the Rio Grande Western Ry. Co., and has arranged for the conversion of the Rio Grande Western preferred stock into its own preferred stock at the rate of \$100 of the former for \$110 of the latter. Arrangements have also been made for the acquisition by the Rio Grande Western Ry. Co. of the capital stock of the Utah Fuel Co.

2. History.—Consolidation, June, 1889, of the (reorganized) Denver and Rio Grande Western Ry. Co. and the Denver and State Line Ry. Co. (See MANUAL for 1889, page 887.) During the fiscal year ending June 30, 1901, the Sevier Ry. was extended from Belknap to Marysvale, Utah, 8.92 miles.

The company owns all of the securities of the proprietary companies, and all of the capital stock of the Utah Central RR. Co. The Utah Central RR. is leased for 49 years from Jan. 1, 1898, the lessee guaranteeing its outstanding bonded debt, both as to principal and interest (see subjoined statement). The line of the Denver and Rio Grande RR., between Crevasse and Grand Junction, Col., is leased until Dec. 1, 1939, at a fixed annual rental.

In May, 1901, the company acquired the capital stock amounting to \$10,000,000 of the Utah Fuel Co., and has deposited it as security for its 1st consol. mtge. bonds (see Sec. 8). The Utah Fuel Co. owns over 20,000 acres of land (including 10,000 acres to which the title is not yet fully completed) on the lines of the Rio Grande Western Ry., with the control of many thousand acres additional through ownership of frontage, the whole estimated to contain more than 200,000,000 tons of coal. There are outstanding against the properties now owned by the Utah Fuel Co. \$1,963,000 of 5 p. c. bonds, of which \$150,000 are in the treasury for capital requirements.

In May, 1901, and subsequently, the Denver and Rio Grande RR. Co. acquired practically all of the common stock of this company, and has arranged for the conversion of the preferred stock into its own preferred stock on the basis of \$110 of the latter for every \$100 of the former.

Ry. 1st gold sinking fund 5s of Dec. 1, 1925. The remainder of the Midland Terminal Ry. bonds (\$491,000) have been cancelled out of earnings and sinking fund. The gen. mtge. bonds are secured on the entire line subject only to the lien of the Midland Terminal Ry. bonds. The bonds and stocks of the consolidated companies are deposited with the trustee, the Continental Trust Co., as security for the gen. mtge. bonds (see statement below). The deed securing gen. mtge. bonds provides for the payment to the trustee of \$95,000 per annum, payable semi-annually. This money is to be invested by the trustee in Denver and Southwestern bonds at a price not above 110 and interest, such bonds to remain uncanceled in the sinking fund; or in case bonds are not at the price of 110 and interest, then in bonds of the United States or of the State of New York or Massachusetts. The interest accruing on the bonds thus purchased is to be added to the semi-annual payment into the sinking fund and invested in turn in like manner.

Since the formation of the company there has been purchased out of the proceeds of the sinking fund \$199,000 Denver and Southwestern gen. mtge. bonds and \$68,000 Midland Terminal Ry. 1st mtge. bonds. In addition thereto, the Board of Directors purchased, out of surplus earnings, \$100,000 of its gen. mtge. bonds, which are held as an asset, as shown by the balance sheet.

PRESS NOTICES.

New York Evening Post.

We commend Mr. Poor's book, as it deserves, as a most convenient reference handbook concerning the history of silver money in the United States, the monetary history of other countries, and other matters of a similar nature, all of which are presented in compact and convenient shape, and fitted to the hand by an elaborate analytical index.

Philadelphia Ledger.

A timely and valuable book, which cannot be too carefully studied, and every line of which is full of warning and instruction.

New York Journal of Commerce.

A timely and valuable contribution to a subject now demanding the earnest attention of every thoughtful citizen. It will help to clear away much of the fog in which the whole question of the currency is now enveloped. It is in no sense partisan, and is addressed wholly to the reason and intelligence of the reader. It is indeed, as it is called, "A Handbook for the Times."

Boston Journal.

This volume is pungent and full of information. It is very fresh and suggestive, and contains a large amount of information which gives it value, and makes it stimulating and helpful in extending and directing financial discussion.

Co., whose property was sold under foreclosure on March 19, 1900 (see MANUAL for 1899, page 555, and MANUAL for 1900, page 658). The company took possession of the property on April 1, 1900. 3. M., K. & T. Ry. Co. of Texas.—The Missouri, Kansas and Texas Ry. Co. of Texas (see statement therefor, Section 14), was organized on Oct. 28, 1891, under the laws of the State of Texas, to acquire title to the railroads owned by the Missouri, Kansas and Texas Ry. Co. within that State. An extension from Smithville to Lockhart, Tex., 37 miles, connecting the Lockhart-San Marcos Branch with the main line, was completed Oct. 1, 1892, and an extension of the main line from Boggy Tank to Houston, 80 miles, was completed March 1, 1893. At about the same time the company acquired the Sherman Branch, built under the charter of Sherman, Denison and Dallas Ry. Co. The extension from San Marcos to San Antonio, Tex., 45.6 miles, was completed and put in operation on May 3, 1901. The Sherman, Shreveport and Southern Ry. Co., owner of the line from McKinney to Waskom, Tex., 182.34 miles, and lessee of the Waskom Extension of the Vicksburg, Shreveport and Pacific RR., was absorbed by consolidation on May 7, 1901 (see MANUAL for 1901, page 488). The entire capital stock of the Texas company is deposited in trust for the benefit of the security of the stockholders and bondholders of the M., K. & T. Ry. Co.

4. Leases and Trackage Contracts.—The Denison and Washita Valley Ry. is leased for 50 years ending in April, 1939, at a rental of \$60,000 a year. The Waskom Extension of the Vicksburg, Shreveport and Pacific RR. is leased for 25 years from Dec. 22, 1899, at a fixed yearly rental. The company also has joint use of the Shreveport terminals of the same road at a fixed yearly rental and a proportion of the cost of maintenance, operation and taxes. The Wichita Falls Ry. is operated under a contract for 10 years from May 1, 1895, for an average

of something over 20 p. c. of its gross earnings. The company has joint use of the line of the Texas and Pacific Ry. from Fort Worth to Whitesboro, Tex., 71.18 miles, at an annual rental of 6 p. c. on \$10,000 per mile, together with one-half of taxes, expenses, etc. The Galveston, Houston and Henderson RR. is operated by its management equally for the benefit of this company and the International and Great Northern RR. Co., under the terms shown in the statement for the G., H. & H. RR. Co. (see GENERAL INDEX). This company and the International and Great Northern own (one-half each) the capital stock of the G., H. & H. RR. Co. The company has joint use of the line of the Chicago, Burlington and Quincy RR., from Texas Junction to St. Louis, Mo., 24 miles, until Feb. 1, 1993, at a fixed yearly rental and a proportional charge for maintenance and operation. The St. Louis freight terminals of the same road are used at a fixed rental of \$40,000 a year and a proportional charge for maintenance and operation. The company has joint use of the line of the Kansas City, Fort Scott and Memphis Ry. Co., for through traffic, paying therefor a fixed rental of \$30,000 a year and a proportional charge for operation, maintenance and taxes, the contract to endure for 99 years from April 1, 1894. The contract with the Galveston, Harrisburg and San Antonio Ry. Co. runs 10 years from June 1, 1901, and secures to the company joint use of tracks and terminals at San Antonio, at a fixed rental of \$15,300 a year, a proportional charge for betterments, additions and improvements, and a proportional charge for maintenance and operation.

MISSOURI, KANSAS AND TEXAS SYSTEM.—SOUTHWESTERN COAL AND IMPROVEMENT COMPANY.

History and Financial Statement.—This company was incorporated April 8, 1889, under the laws of the State of West Virginia. Capital stock (\$100 shares), \$2,800,000. Funded debt, \$1,000,000 1st mtge. 6 p. c. \$1,000 gold bonds, due July 1, 1929, interest Jan. and July. These bonds are secured by a first mortgage on the coal underlying about 80 square miles of land in the Indian Territory, reached by the Denison and Washita Valley Ry., of the Missouri, Kansas and Texas System; also upon about 2,000 acres in fee of coal lands in Cherokee County, Kansas, reached by the Southwestern Mineral branch of the M., K. & T. Ry. The bonds are further secured by the deposit, with the trustee of the mortgage, of the entire capital stock (3,050 shares) and the entire 1st mtge. bond issue (\$1,000,000) of the *Denison and Washita Valley Ry. Co.*, which owns a line of railroad from Atoka to the mines of the Southwestern Coal and Improvement Co., at Coalgate, I. T., 14 m.; also a line from Denison, Tex., northward toward the Red River, about 6 m., and about 150 acres of land at Denison. The M., K. & T. Ry. Co. uses the latter line as a belt road around the city of Denison, and avails itself of the real estate for yards and terminals, about 38 miles of track being laid thereon. The railroad and property of the Denison and Washita Valley Ry. Co., are leased to the M., K. & T. Ry. Co. for 50 years at a yearly rental of \$60,000. The entire capital stock of the Southwestern Coal and Improvement Co. is owned by the M., K. & T. Ry. Co., and its bonds are unconditionally guaranteed by the same company, both as to principal and interest, the guaranty being endorsed on each bond. There is a yearly sinking fund, commenced Jan. 1, 1899, sufficient to retire the bonds at maturity; bonds being subject to call for the sinking fund on any interest day at 125 p. c. and accrued interest. The completion of this line, avoiding the heavy grades of the present main line of the Missouri Pacific Road, will materially increase the efficiency and reduce the transportation expenses of the system.

2d and 3d track, 34.89 m.; sidings, 647.13 miles. Gauge, 4 ft. 8½ in. Rail (steel, 3,977.45 m.), 52 to 75 lbs.	

2. History.—Incorporated Oct. 21, 1876, and took over the property of the Pacific R.R. Co. of Missouri, which had been sold under foreclosure Sept. 6, 1876. Consolidated, Aug. 11, 1880, with the St. Louis and Lexington R.R., Kansas City and Eastern R.R., Lexington and Southern R.R., St. Louis, Kansas and Arizona R.R., Missouri River R.R. and Leavenworth, Atchison and Northwestern R.R. (see MANUAL for 1891, page 784.). The accounts of the Kansas City Northwestern R.R. Co. and of the Sedalia, Warsaw and Southwestern Ry. Co. were consolidated with those of the Missouri Pacific Ry. Co. as of Jan. 1, 1901. Trackage rights from Pittsburg, Kan., to Joplin, Mo., 26.54 miles, were acquired of the Kansas City Southern Ry. Co. on July 24, 1900.

The proprietary railroads are practically owned by the Missouri Pacific Ry. Co. and are fully incorporated into the system. The actual aggregate mileage of them is 2,136.20 miles, including the length of the Verdigris Valley Division of the Kansas and Colorado Pacific Ry., 80.62 miles, which is shown as a leased line in the mileage statement, the Missouri Pacific Ry. Co. being obliged to pay the interest on its bonds by way of rental. The Missouri Pacific Ry. Co. controls the St. Louis, Iron Mountain and Southern Ry. Co., and Central Branch Ry. Co., through the ownership of all or of a large majority of their capital stocks. For information respecting those companies, reference should be made to the separate statements therefor. The company also has large holdings in the shares of the Denver and Rio Grande Ry. Co. and of the Texas and Pacific Ry. Co., friendly interests controlling the remaining shares.

Price, \$5.00.

Of the excellence and completeness of the work the publishers present the following testimonial :

"The undersigned, having carefully examined the work recently published by Mr. HENRY V. POOR upon the subject of MONEY, hereby express their conviction that he has unfolded its NATURE and LAWS with an amplitude and clearness which have all the force of demonstration. His assumption of treating money as a subject coming within the range of the exact sciences has been well sustained. The application of the principles laid down in the first part of his work cannot fail to restore order in the place of the chaos of opinion which now prevails, and to point out, unmistakably, the conditions necessary to a restoration of the currency of the country to the standard of coin. We commend the work to the public as an able, scholarly, painstaking, and exhaustive treatise upon a subject in which is involved, more than in any other now engaging their attention, the welfare of the people of the United States."

2. History.—Chartered May 5, 1897, and on June 23, 1897, acquired all the capital stock and all the 1st mortgage bonds of the New Mexico Fuel Co. Under agreements executed Oct. 21, 1897, and Dec. 1, 1897, the company constructed and equipped the road from El Paso, Tex., to the coal fields at Capitan, N. M., 164.32 miles, receiving in consideration of such construction and equipment all the capital stock and all the 1st mortgage bonds of the El Paso and Northeastern Ry. Co. and all the capital stock (no bonds issued) of the El Paso and Northeastern RR. Co. To meet the cost of the work, and to provide funds for building and equipping the mines of the New Mexico Fuel Co., at Capitan, the company issued its 1st mortgage bonds to the amount of \$3,000,000, secured by deed of trust of all the securities of the El Paso and Northeastern RR. Co., El Paso and Northeastern Ry. Co., and New Mexico Fuel Co. The work of construction was commenced in Dec., 1897, and the railroad was completed from El Paso, Tex., to Alamogordo, N. M., 86 miles, in July, 1898. The extension from Alamogordo to Capitan, and the mines at Capitan, were completed and opened for business on Oct. 1, 1899.

3. Controlled Roads.—The company owns all the capital stock of the Alamogordo and Sacramento Mountain Ry. Co., and 60 p. c. of the capital stock of the El Paso and Rock Island Ry. Co., and guarantees the bonds of those companies, both as to principal and interest. The railroads of both companies were constructed by the New Mexico Ry. and Coal Co., under agreements providing that in consideration of such construction it should receive, in the case of the Alamogordo and Sacramento Mountain Ry., all the capital stock of the road and bonds at the rate of \$12,000 per mile, and in the case of the El Paso and Rock Island Ry. Co., all the capital stock and all the bonds. The company sold the bonds of both roads, and gave to the purchasers of the El Paso and Rock Island bonds a bonus of 40 p. c. in the capital stock of the same road. The Alamogordo and Sacramento Mountain Ry. extends from Alamogordo, N. M., to the summit of the Sacramento Mountains. It was completed in Nov., 1898. The El Paso and Rock Island Ry. was completed Feb. 1, 1902. It connects at Santa Rosa with the Chicago, Rock Island and El Paso Ry., an extension of the Chicago, Rock Island and Pacific System, and completes a through line from El Paso to Kansas City and Chicago. An agreement has been made between the New Mexico Ry. and Coal Co. and the

Chicago, Rock Island and Pacific Ry. Co. for an interchange of traffic, on an equitable mileage basis, for the period of 999 years.

4. Dawson Ry. and Coal Co.—This company was organized in June, 1901, with a capital stock of \$3,000,000 and an issue of \$3,000,000 1st mortgage bonds, to acquire (through its subordinate companies, the Dawson Ry. M., a distance of about 135 miles. The New Mexico Ry. and Coal Co. made an agreement with the Dawson Ry. and Coal Co. to open and equip the mines, build and equip the railroad, and to guarantee payment of the principal and interest of the Dawson Ry. and Coal Co.'s bonds, in consideration of receiving all the stock and bonds of the Dawson Ry. and Coal Co. The bonds have been sold, with a bonus to the purchasers of 49 p. c. in the capital stock, the other 51 p. c. of the capital stock remaining in the treasury of the New Mexico Ry. and Coal Co. The coal lands have been paid for in full, and the mines placed in condition for working. The construction of the railroad is in progress, and is expected to be completed by Nov. 1, 1902. An equitable traffic agreement was concluded Oct. 1, 1901, between the New Mexico Ry. and Coal Co. and the Chicago, Rock Island and Pacific Ry. Co., covering the interchange of traffic between the railroads.

The Magnolia Branch (Magnolia to McNeil, Ark., 6.4 miles, not included in the above statement of mileage) is leased to and operated by the Louisiana and Northwest R.R. Co. for the term of 20 years from Jan. 1, 1898, at a rental of \$3,960 per annum.

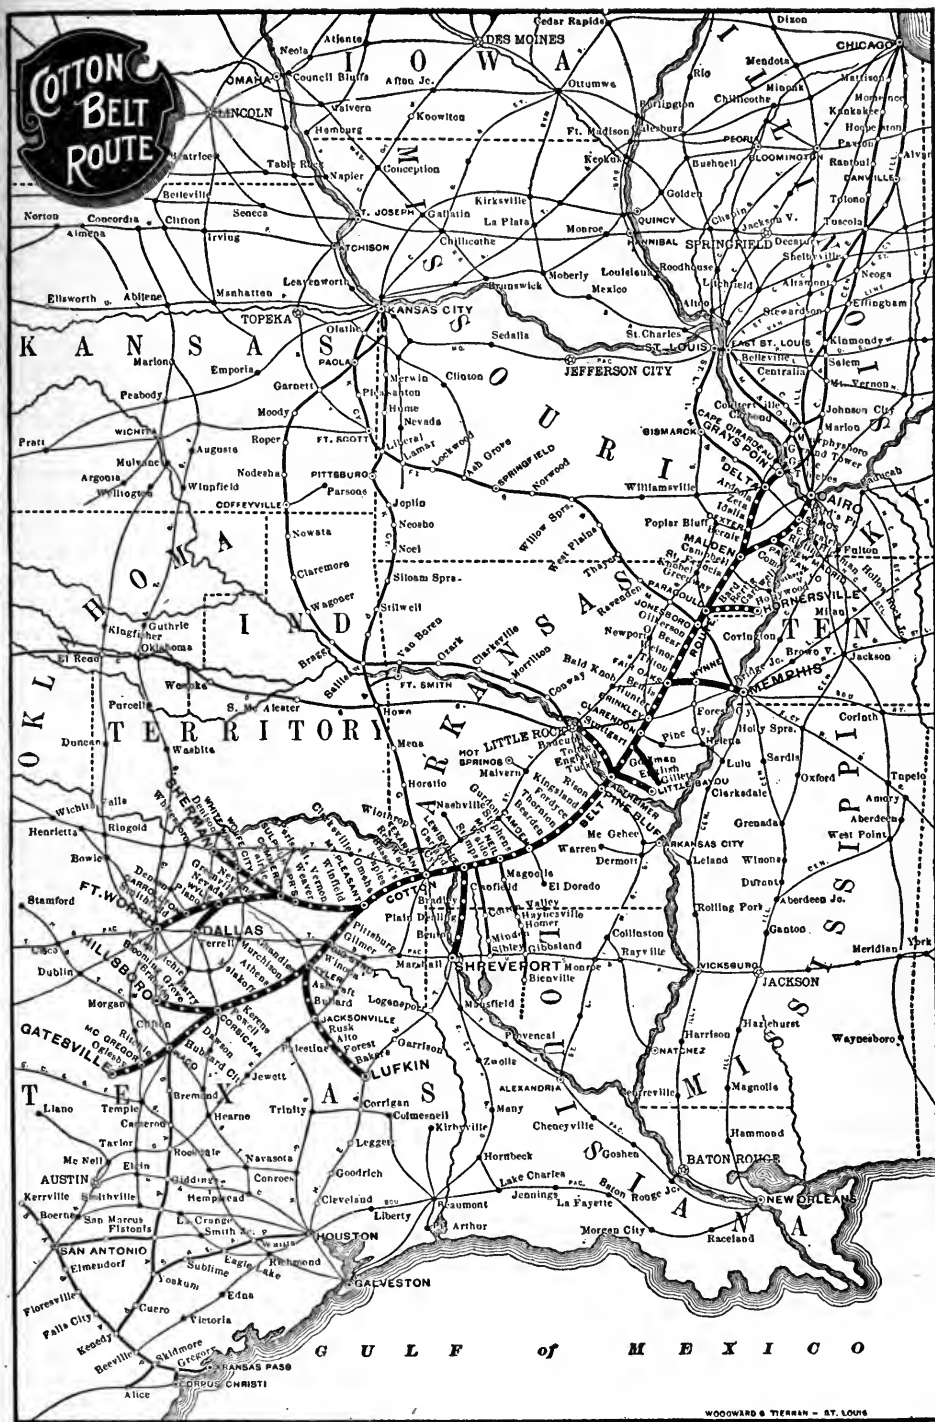

A connection between the Gray's Point Terminal Ry. and the Chicago and Eastern Illinois R.R., at Thebes, Ill., opposite Gray's Point, Mo., effected during the winter of 1899-1900, affords through train service between Chicago and Texas points.

2. History.—Reorganization of the St. Louis, Arkansas and Texas Ry. Co., whose property was sold under foreclosure in Oct., 1890. Three distinct companies were formed Jan. 12, 1891—the St. Louis Southwestern Ry. Co., the St. Louis Southwestern Ry. Co. of Texas and the Tyler Southeastern Ry. Co. (see MANUAL for 1892, page 558). On Oct. 6, 1899, the Tyler Southeastern Ry. Co. was absorbed by the St. Louis Southwestern Ry. Co. of Texas. On Jan. 3, 1901, the company purchased at foreclosure sale the Stuttgart and Arkansas River R.R., extending from Stuttgart to Gillett, Ark., a distance of 34.8 miles, and has operated it as the Stuttgart Branch since Jan. 16, 1901. The company also purchased, in 1901, the Dallas, Fort Worth and Gulf Ry., a belt and terminal line around the city of Dallas, Tex. That property has been reorganized, the name of the company being changed to *Dallas Terminal Ry. and Union Depot Co.*, a statement for which will be found subjoined hereto.

3. Increase of Capital Stock and Issue of New Bonds.—In June, 1902, the authorized capital stock of the company was increased from \$36,500,000 to \$55,000,000, the increase of \$18,500,000 to be in common stock, making the amount of that class authorized \$35,000,000. At the same time an issue of 1st consol. mtge. gold bonds to the amount of \$25,000,000 was authorized, for the purpose of retiring the \$10,000,000 2d mtge. income bonds and about \$1,700,000 of equipment obligations, as well as to provide for the enlargement and betterment of the system and the purchase of new equipment. In July, 1902, there were issued \$12,054,000 of the new bonds, \$6,000,000 thereof to provide for present capital requirements, including the retirement of the equipment obligations, and the remaining \$6,054,000 in exchange for \$6,727,000 2d mtge. income bonds, at the rate of \$900 for each \$1,000. Additional particulars respecting the new bonds will be found in Sec. 12.

4. Interests in Other Companies.—Besides its ownership of the Dallas Terminal Ry. and Union Depot Co., referred to in Sec. 2, the company owns all the capital stock and \$33,000 (about 9½ p. c.) of the funded debt of Gray's Point Terminal Ry. Co.; a majority of the capital stock and a majority of the funded debt of the Paragould Southeastern Ry. Co., and 50 p. c. each of the capital stock and funded debt of the Pine Bluff Arkansas River Ry. Co. The Gray's Point Terminal Ry. is operated by this company, and its statistics are included in this statement. The Paragould Southeastern Ry. and the Pine Bluff Arkansas River Ry. are operated by their own organizations, and have separate statements in the MANUAL, subjoined hereto.

5. Contracts and Agreements.—Under a contract effective Aug. 1, 1898, this company uses the tracks of the Gulf, Colorado and Santa Fe Ry. Co. between Wylie and Dallas, Tex., including terminals at Dallas, while the Gulf Company has the use of tracks between Wolfe City and Sherman, Tex., and terminals in Sherman, belonging to this company. Under an agreement effective April 1, 1900, this company has trackage rights for passenger trains over the Texas and Pacific Ry. between Hodge and Ft. Worth, Tex., 6.5 miles, and joint use of the Texas and Pacific union passenger station and terminals at Ft. Worth. A traffic agreement for the joint use of the terminals of the St. Louis, Iron Mountain and Southern Ry., at Memphis, Tenn., under the terms of which this company has established independent local freight and passenger agencies at that point, became effective on May 15, 1900. An agreement was entered into with the St. Louis, Iron Mountain and Southern Ry. Co., covering freight and passenger service between Delta and St. Louis, Mo., under the terms of which, effective Oct. 15, 1900, this company is afforded trackage rights for its passenger trains between Delta and Bismark, Mo., at which point connection is made with the St. Louis, Iron Mountain and Southern Ry., in whose trains this company's passenger cars enter and depart from Union Station, St. Louis, Mo. Under the terms of this contract the St. Louis, Iron Mountain and Southern Ry. also transports freight traffic for this company between Delta and

10. Capital Stock.—The authorized capital stock as of June 30, 1901—\$16,500,000 common and \$20,000,000 5 p. c. non-cumulative preferred—was increased in June, 1902, when authority was granted to increase the common stock by \$18,500,000, making the total of that class authorized, \$35,000,000, and the aggregate share capital authorized, \$55,000,000.

11. Funded Debt.—The funded debt outstanding on June 30, 1901, consisted of certificates for \$20,000,000 1st gold 4s of Nov. 1, 1889, and for \$10,000,000 2d income gold 4s of Nov. 1, 1889. The certificates represent 1st mtge. and 2d mtge. bonds of the constituent companies deposited with the trustees—\$9,895,000 1st mtge. bonds and \$3,947,000 2d mtge. income bonds secured on the St. Louis Southwestern Ry.; \$9,445,000 1st mtge. bond and \$4,722,500 2d mtge. income bond of the St. Louis Southwestern Ry. Co. of Texas; \$660,000 1st mtge. bond and \$330,000 2d mtge. income bond of the Tyler Southeastern Ry. Co. (secured on the Lufkin Branch of the St. L. S. W. Ry. of Tex.). Interest on 2d mtge. bonds, at the rate of not exceeding 4 p. c. per annum, non-cumulative, is declared in Oct. and April, if earned in the preceding calendar half years, and is payable on Jan. 1, or July 1 following the declaration. In July, 1902, the holders of \$6,727,500 of the 2d mtge. income bonds accepted in exchange for their bonds 90 p. c. of their face value in new 1st consol. mtge. gold bonds (see Sec. 8a) and the bonds thus surrendered have been deposited under the new mortgage. (Additional particulars respecting the funded debt will be found in the Ready Reference Bond List—see General Index.)

12. First Consol. Mtge. Gold Bonds.—On June 1, 1902, and for the purposes outlined in Sec. 3, the company executed a mortgage to secure an issue of 1st consol. mtge. 4 p. c. 30-yr. gold bonds to the amount of \$25,000,000. As stated in Sec. 3, there have been issued \$12,054,000 of the bonds, and the remaining \$12,946,000 are reserved—\$2,946,000 of them for the retirement of the \$3,272,500 2d mtge. income bonds still outstanding, at the rate of exchange of \$900 consols for \$1,000 income bonds, and \$10,000,000 (together with any surplus bonds not used or required for refunding the 2d mtge. income bonds) for the acquisition of branch lines, at a rate not exceeding \$20,000 per mile, and for betterments, additions and new equipment. The bonds are secured upon the entire property of the company, subject to prior liens, and are additionally secured by deposit of the \$6,727,500 of 2d mtge. income bonds which have been already exchanged. They are secured by first mortgage on the property formerly owned by the Stuttgart and Arkansas River RR. Co., including the line from Stuttgart to Gillett, Ark., 38.8 miles, and will be secured on any additional lines and property acquired with their proceeds, either by direct mortgage or by deposit of the securities representing the ownership of such additional lines and property. By the terms of the mortgage all securities deposited as collateral under it are to be first made non-negotiable; and provision is also made for the cancellation of deposited bonds as fast as the whole of any issue is delivered to the trustee of this mortgage. It is also provided that any income received from securities deposited as collateral shall constitute a sinking fund, (a) for the purchase of bonds secured by the mortgage, or of 2d mtge. income bonds, and (b) for the acquisition of additional property (to be covered by the mortgage); any bonds acquired through the operation of the sinking fund to be deposited under the mortgage as additional security therefor.

13. Guaranteed Bonds.—The Gray's Point Terminal Ry. Co. 1st gold 5s of Dec. 1, 1947, are guaranteed, both as to principal and interest, by the St. Louis Southwestern Ry. Co., by endorsement on the back of each bond. They are secured on all of the property of the Gray's Point Terminal Ry. Co. The mortgage provides that the bonds may be issued at not exceeding the rate of \$15,000 per mile "for each mile of main line and side track or terminal track" whether now owned or hereafter acquired.

Cos. Reorganized after foreclosure sale on Nov. 8, 1887. (See MANUAL for 1899, page 594.) The extension of the Port Allen Branch from Port Allen to New Roads, La., 25 miles, was put in operation on March 1, 1900; and a further extension, from New Roads to Turnbull's Island, 25 miles, was completed in Nov., 1901. The La Fourche Branch, from Donaldsonville to Napoleonville, La., 11.6 miles, was put in operation Oct. 15, 1900: an extension of it from Napoleonville to Thibodeaux, La., 17 miles, was opened May 10, 1901. Further extensions in Louisiana are projected as follows: From Natchitoches to Shreveport, 70 miles, of which the section from Natchitoches to Lake End, 19.19 miles, had been completed June 1, 1902; and from Turnbull's Island to Concordia, 50 miles. \$3,074,000 Eastern Division 1st gold sinking fund 6s of March 1, 1905, secured on the line from Texarkana and Marshall to Fort Worth. There is a sinking fund provision in the mortgage for redemption each year of 2 p. c. of the bonds outstanding, at par.

\$24,992,259.62 1st consol. gold 5s of June 1, 2,000, secured on all the property and assets of the company, of whatever name or nature, except such as are covered by the lien of the new Louisiana Division Branch Lines Mortgage, but subject in lien to the Eastern Division 1st mtge. bonds on the line from Texarkana and Marshall to Fort Worth. For the retirement of these prior lien bonds \$3,074,000 of the 1st consol. mtge. bonds are reserved by the trustee.

\$24,980,194.21 2d consol. income gold 5s of Dec. 1, 2000, secured on the same property as the 1st consols, but subject to the lien thereof. Interest is payable only to the extent that the yearly net earnings will permit, and is non-cumulative. The first payment of interest, 1½ p. c., was made on March 1, 1900, the second, 4 p. c., on March 1, 1901, and the third, 5 p. c., on March 1, 1902. The mortgage provides that in case of the non-payment of full interest in any year, the trustee may take possession of the property and manage it under the direction of a committee of the bondholders. It is also provided

that if, in the opinion of two-thirds of the directors, it becomes necessary to build or acquire branch lines, the interest on expenditures for such purposes up to \$12,500 per mile shall be made a rental charge to take precedence of the interest on the 2d consol. mtge. bonds. Holders of these bonds have the privilege of exchanging them for 65 p. c. of their face value in unifying and refunding mortgage bonds of the St. Louis, Iron Mountain and Southern Ry. Co.

\$2,424,000 Louisiana Division Branch Lines 1st gold 5s of Jan. 1, 1931. 2. History.—Organized June 22, 1876, as successor to the Burlington, Cedar Rapids and Minnesota RR. Co. Included in the main line as above are 12.57 miles of the Minneapolis and St. Louis RR., from Iowa State Line to Albert Lea, Minn., leased for 999 years on a guaranty of \$150,000 of 7 p. c. bonds maturing June 1, 1927. When the bonds are paid off that link becomes the property of this company. The Cedar Rapids, Garner and Northwestern Ry. (Titonka Branch), the Waverly Short Line Ry., and the Cedar Rapids, Iowa Falls and Northwestern Ry. (Estherville to Germania, Ia., 38.09 miles) were absorbed in 1900, and in the same year extensions were built from Germania, Ia., to Albert Lea, Minn., 44.07 miles, and from Albert Lea to a point 2.82 miles north of Owatonna, Minn., 35.8 miles. The extension to Erin, Minn., 19.94 miles, was built in 1901.

3. St. Paul-Minneapolis Extension.—The construction of the company's line toward St. Paul and Minneapolis was continued during 1901 under great difficulties, but the grading was finally completed and track-laying finished on Feb. 7, 1902. Arrangements have been made with the Chicago, Milwaukee and St. Paul Ry. Co., for the use of their tracks and stations from Erin to Rosemount, Minn., 27 miles, and from Newport to Minneapolis, Minn., 18 miles. Ample grounds for freight terminals have been secured at West St. Paul, near the Roberts Street Bridge, and at Minneapolis, between Fourth and Fifth Streets and Eighth and Eleventh Avenues. The union passenger station at St. Paul and the passenger station of the Chicago, Milwaukee and St. Paul Ry. Co. at Minneapolis will be used for all passenger trains. The track connections with the Chicago, Milwaukee and St. Paul Ry. were completed at the close of the fiscal year, but the company thought best not to operate over the line leased from the Chicago, Milwaukee and St. Paul Ry. Co. until the freight terminals should be completed, which was expected to be done not later than July, 1902.

4. Controlled Railroads.—The controlled railroads are nominally leased, but really owned by this company, and their bonds are guaranteed both as to principal and interest (see MANUAL for 1893, page 699). The South St. Paul Belt Ry. was purchased and taken possession of on Feb. 16, 1901. It is operated under a nominal lease, the same as the other controlled roads. Co., for the term of 999 years from June 1, 1902, at a yearly rental amounting to 6 p. c. net on the capital stock, was made by the directors and ratified by vote of the stockholders on June 5, 1902. In connection with the lease, the Chicago, Rock Island and Pacific Ry. The purposes for which the amounts outstanding on June 30, 1900, were issued are shown by a statement in the Manual for 1901, on page 558. With the proceeds of \$5,145,556 of 4 p. c. debenture stock, and the \$600 of preferred A stock, issued during the year ending June 30, 1901, the company paid \$886,496.67 of car trust liabilities, bearing 7 p. c.; \$70,000 of car trust liabilities, bearing 6 p. c.; \$353,125.96 of car trust liabilities, bearing 5 p. c.; \$969,212.12 sterling loans, bearing 6 p. c.; \$560,000 notes, bearing 5 p. c.; \$627,093.70 for rolling stock purchased; \$748,136.80 for real estate purchased and additions and improvements to the permanent plant; \$102,952 for additional terminals in Kansas City, held by the City Terminal Railway Co., owned by the company. The \$7,400 of common stock was issued in exchange for stock and income bonds of the Chicago, St. Paul and Kansas City Ry. Co., in pursuance of the plan of reorganization.

11. Additional Stock Issued and Authorized.—Between June 30, 1901, and Jan. 1, 1902, the outstanding debenture stock was increased to \$23,287,000, and the outstanding common stock to \$23,376,895. The additional debenture stock was issued on account of rolling stock purchased, for the retirement of car trusts and for capital expenditures. The additional common stock was issued mostly in part payment of the purchase price of the Duluth Red Wing and Southern Ry. and of the Winona and Western Ry. (see statement for Wisconsin, Minnesota and Pacific RR.). Additional debenture stock amounting to \$3,437,000 was authorized on March 17, 1902, of which \$2,700,000 is to pay for capital improvements, including equipment purchased in 1902, and \$737,000 to pay the cost of constructing a double track from South St. Paul to Randolph, Minn.

12. Debenture Stock.—This issue partakes of both the nature of stock and bonds. As a stock it participates in the management by voting at stockholders' meetings in all respects the same as other stocks. Like a bond it bears a fixed rate of interest of 4 p. c. per annum, which is payable in gold on the 15th of Jan. and July. Payments are made to European holders at the office of R. Benson & Co., London, Eng., and to American holders by check. (See Secs. 16 and 17.)

13. Preferred Stock A.—This issue also participates in the management by voting at stockholders' meetings the same as the other stocks of the company. It ranks next to the debenture stock, and is entitled to a non-cumulative dividend not exceeding 5 p. c. per annum, which under a trust deed must be paid semi-annually whenever earned. (See Secs. 16 and 17.)

14. Preferred Stock B.—This is an ordinary preferred stock, entitled to non-cumulative dividends at not exceeding the rate of 4 p. c. per annum, in preference to common stock. It also participates in the management, by voting at stockholders' meetings, the same as the other stocks of the company.

15. Common Stock.—Entitled to such dividends as the net earnings of the company will justify in each year, after paying or providing for the interest on the 4 p. c. debenture stock, and the dividends on the preferred stock A and preferred stock B. It also participates in the management by voting at stockholders' meetings, the same as the other stocks of the company.

16. Deed of Trust, Debenture Stock and Preferred Stock A.—The interest rights of the 4 p. c. debenture stock, and the special dividend rights of the preferred stock A, are secured by a deed of trust and contract between the company and the Manhattan Trust Co. of New York, as trustee. The trust deed and contract defines the respective rights of each class of stock, and is a mortgage security for the interest rights of the debenture stock and the dividend rights of the preferred stock A. Among other things it provides for an annual meeting of the debenture and preferred A stockholders collectively, to elect a finance committee, consisting of five of their own members. This committee has an absolute veto power on the action of the directors involving the issue of new securities and the making of expenditures of money, except for operating expenses, and further has authority to appoint an independent auditor to make periodical examinations of the accounts of the company. "If at any time a controversy should arise as to the amount of net earnings applicable to the payment of dividends on the 5 p. c. preferred stock A, the decision of the committee is final and conclusive." Upon default of the company to pay interest on the 4 p. c. debenture stock, or to appropriate surplus earnings for payment of dividends on the 5 p. c. preferred stock A the committee has power, under an extraordinary resolution of the debenture and preferred A stockholders collectively, to appoint a receiver to enter into possession and manage the property, under its direction, on behalf of the debenture and preferred A stockholders.

17. Authority Required for Issuing Additional Debenture Stock or Preferred Stock A.—No additional debenture or preferred stock A can be issued until authorized (a) by a vote of two-thirds in amount of all four classes of stock, collectively, at a meeting called for that purpose, and (b) by a vote of a majority in amount of the debenture and preferred A stockholders, attending a separate meeting of those two classes of stock, collectively.

18. Priority as to Principal of Stock.—It is provided that in case of liquidation, the net assets of the company shall be applicable to the payment in gold of the capital of the different classes of stocks or securities in the same order of priority as the interest or dividends on such stocks or securities are provided to be paid.

2. History.—Chartered Sept. 18, 1889, as successor to the Minneapolis and St. Cloud Ry. Co. (see MANUAL for 1891, page 224). The St. Paul, Minneapolis and Manitoba Ry. is leased for 999 years from Feb. 1, 1890, this company guaranteeing dividends of 6 p. c. per annum, payable in gold, on the \$20,000,000 capital stock of the lessor, and guaranteeing the payment of both the principal and the interest of the "Manitoba's" bonds. In Oct., 1898, and subsequently, the company acquired about 97½ per cent. of the capital stock of the "Manitoba" Company, by issuing its own stock in exchange therefor at the rate of \$125 for \$100. The company having purchased the entire capital stock of the Seattle and Montana RR. Co. began to operate the railroad thereof on Aug. 1, 1898. The 59.77-mile line leased from the Eastern Ry. Co. of Minnesota has been operated since Sept. 25, 1898, and the Park Rapids and Leech Lake Ry. since May 1, 1899. The rest of the Eastern Ry. of Minnesota (see

statement in Sec. 19) was taken over by the Great Northern Ry. Co. on May 1, 1902, under a lease for 99 years, at a rental of 6 per cent. per annum on capital stock, the Great Northern Ry. Co. assuming all obligations of the Eastern Ry. Co. of Minnesota. The other proprietary railroads continue to be operated by their own organizations. For convenience the statistics of all of them, except the roads embraced in the Spokane Falls and Northern System, are included in this statement. The operations of the Spokane Falls and Northern System are not included in the statement, Sec. 8, nor are the finances thereof included in the General Balance Sheet, that system being operated and its finances kept separate and distinct from those of the rest of the railroad system. But the revenue derived from the operation of those roads and of other properties similarly operated is shown in the general statement of revenue in Sec. 11.

3. Increase of Capital Stock.—Under date of Aug. 1, 1901, there was issued \$25,000,000 of capital stock of the company (see Sec. 13) authorized on Feb. 27, 1901, "for the purpose of acquiring the several bonds or stocks, or both, to an aggregate amount of not less than \$25,000,000 principal, of the following named companies: St. Paul, Minneapolis and Manitoba Ry. Co., Dakota and Great Northern Ry. Co., Montana and Great Northern Ry. Co., Kootenay Ry. and Navigation Co., Washington and Great Northern Ry. Co., Seattle and Northern Ry. Co., and Great Northern Steamship Co." As the bonds of the St. Paul, Minneapolis and Manitoba Ry. Co. to be acquired in accordance with the terms of the resolution above quoted, are to be paid for by assignment of the equities of the stockholders therein, which assignment was not completed until final payment was made for the new stock, Sept. 25, 1901, they are not included on the balance sheet, Sec. 12, in "Cost of Properties and Securities owned by the Great Northern Ry. Co." For the same reason, the cost of the improvements covered by these bonds has not been transferred from "Cost of Additions, etc., to Property Leased from the St. Paul, Minneapolis and Manitoba Ry. Co., etc.," to "Cost of Railway, Equipment and Lands owned by the St. Paul, Minneapolis and Manitoba Ry. Co." These adjustments will appear in the accounts for the year ending June 30, 1902. Of the securities of the Kootenay Ry. and Navigation Co., Limited, there had been acquired June 30, 1901, substantially all of the £500,000 common stock and £219,717 10s. of the £480,000 debenture stock issued. The cost of same is included in the item "Cost of Properties and Securities owned by the Great Northern Ry. Co." on the balance sheet. The properties owned by the Kootenay Co. and by the Seattle and Northern Ry. Co., as well as the several lines of railway under construction on June 30, 1901, are described as follows:

NEW LINES.

DAKOTA AND GREAT NORTHERN RY.—This road extends from Lakota, N. D., northerly about 30 miles, and from Bottineau, N. D., northwest about 12 miles. It has been completed and put in operation since the close of the fiscal year ending June 30, 1901. The road is leased to the Great Northern Ry. Co. and the results from its operation will be included in the lessee's report for the year ending June 30, 1902.

MONTANA AND GREAT NORTHERN RY.—The Montana and Great Northern Ry. Co. is building from Jennings, Montana, northerly along the Kootenay River, about 51 miles, to the International Boundary, where it will connect with a line being built by the *Crow's Nest Southern Ry. Co.* to the coal fields of the Crow's Nest Pass Coal Company, at Fernie, B. C. The length of the lines from Jennings to Fernie, including spurs, will be about 100 miles. This company has made no fuller report than is contained herein, its line not being finished or in operation at the time this part of the MANUAL was sent to press.

GREAT FALLS AND CANADA RY.—Since the close of the fiscal year ending June 30, 1901, the *Montana and Great Northern Ry. Co.* has purchased the line of the Great Falls and Canada Ry., extending from Great Falls, Mont., to Sweet Grass on the International Boundary, 134.37 miles. This line is now narrow-gauge, and, until widened to standard-gauge during the fiscal year ending June 30, 1902, it will be operated by the Great Falls and Canada Ry. Co. As a portion of a projected extension, the Montana and Great Northern Ry. Co. has built 10.32 miles of line from Kalispell, Mont., south to Flathead Lake. The Great Falls and Canada Ry. Co. made no return for the year ending June 30, 1901; for latest statement see MANUAL for 1901, page 603.

WASHINGTON AND GREAT NORTHERN RY.—The *Washington and Great Northern Ry. Co.* in the State of Washington, and the *Vancouver, Victoria and Eastern Ry. and Navigation Co.*, in British Columbia, are now building lines of railway that will form a through line from Marcus, Wash., on the Spokane Falls and Northern Ry., to Republic, Wash., via Kettle River and Cascade, B. C., a total distance, including branches, of about 108 miles. This line will afford transportation to several large, rich, and already developed mining camps, and its opening for traffic will be followed by the development of many properties that have been waiting for rail transportation. This company has made no fuller report than is contained herein, its line not being finished or in operation at the time this part of the MANUAL was sent to press.

SEATTLE AND NORTHERN RY.—The line of the Seattle and Northern Ry. Co. extends from Anacortes to Rockport, Wash., 57.4 miles, crossing this company's existing lines at Burlington, Wash. This line runs through a heavily timbered country and will develop a large lumber and coal traffic. The property was purchased Feb. 1, 1902, by the Seattle and Montana RR. Co. and the results from its operation will appear in the report of the Great Northern Ry. Co. for the year ending June 30, 1902.

KOOTENAY RY. AND NAVIGATION CO.—The properties owned by the Kootenay Ry. and

Navigation Co., Limited, are as follows: *The Kootenai Valley Ry.*, in the State of Idaho, and the *Bedlington and Nelson Ry.*, in British Columbia, together forming a line of standard-gauge railway from Bonner's Ferry, Idaho, to Kuskonook, B. C., 41.25 miles, with trackage rights over 8.70 miles of track of another company; the *International Navigation and Trading Co.*, Limited, operating steamers on Kootenay and Duncan Lakes and the Duncan River; and the *Kaslo and Slocan Ry.*, owning and operating a line of narrow-gauge railway from Kaslo to Cody and Sandon, B. C., 31.80 miles. Statements for the Kootenai Valley Ry., Bedlington and Nelson Ry., and Kaslo and Slocan Ry. will be found in the section of the MANUAL devoted to railroads in the Dominion of Canada (see GENERAL INDEX), but no statements are published in the MANUAL for the Kootenay Ry. & Nav. Co. and the International Nav. & Trading Co., as the returns of those companies are not available.

4. Purchase of Burlington Stock.—The Great Northern Ry. Co. and the Northern Pacific Ry. Co. have jointly purchased 1,075,772 shares (\$107,577,200) of the capital stock of the Chicago, Burlington and Quincy RR. Co. (being 96.79 p. c. of the total authorized issue), and in payment for same have issued their joint collateral trust bonds and scrip to the amount of \$215,154,400. Further bonds of the same series, up to a total of \$222,400,000, may be issued for acquiring the residue of the stock. The bonds are dated and draw interest from July 1, 1901; they mature July 1, 1921, but may be redeemed on any Jan. 1 or July 1 after Jan. 1, 1906, at 105 p. c. and accrued interest; and draw interest at the rate of 4 p. c. per annum, payable Jan. 1 and July 1 in each year on coupon bonds, and Jan. 1, April 1, July 1, and Oct. 1 in each year on registered bonds. The shares of Chicago, Burlington and Quincy RR. stock thus acquired have been deposited with the Standard Trust Co. of New York, as trustee, under a collateral trust indenture securing the above bonds, and a contract has been entered into between the Great Northern Ry. Co. and the Northern Pacific Ry. Co. defining the rights and responsibilities of the companies growing out of the acquisition of the stock. As this transaction was not completed until after the close of the fiscal year, neither this company's interest in the Burlington stock acquired, nor its liability on the joint collateral bonds issued, are taken up in the accounts shown in this statement.

5. Capital Expenditures.—Expenditures were made during the year ending June 30, 1901, on the capital accounts of the proprietary companies, for work completed or under construction, as follows: Eastern Ry. Co. of Minnesota, \$2,266,706.87; Montana Central Ry. Co., \$424,879.03; Willmar and Sioux Falls Ry. Co., \$517,357.33; Duluth, Watertown and Pacific Ry. Co., \$1,776.60; Seattle and Montana RR. Co., \$181,344.38; Duluth Terminal Ry. Co. (credit), \$3,000.69; Park Rapids and Leech Lake Ry. Co., \$14,924.77; Minneapolis Union Ry. Co. (credit), \$2,331.12—total, \$3,401,057.17. The entire balance of income account for the year, amounting to \$1,689,064.28, has been transferred to "Fund for Permanent Improvements and Renewals," and there has been charged against that fund \$1,898,873.53, the cost of improvements (other than those charged to operation) made during the year to the property leased from the St. Paul, Minneapolis and Manitoba Ry. Co.

The Swan River Logging Ry. extends from a point 3.5 m. north of Hibbing to Virginia, Minn., 18.78 miles. It is used by the Eastern Ry. Co. under an agreement to purchase. The company owns valuable docks, elevators, warehouses, etc., in West Superior and Duluth, and owns the stock and the bonds of the Duluth Terminal Ry. Co. and of the Park Rapids and Leech Lake Ry. Total length of lines operated June 30, 1901..... 506.13 miles.
 Sidings, etc., 116.06 miles. Gauge, 4 ft. 8½ in. Rail—iron, (49.71 m.) 50 lbs.; steel (572.48 miles), 60 and 70 lbs. The spur track to the Hocking Coal Mines, 3.58 miles, previously reported as main line track, has been added to the mileage of sidings.

1a. Mileage Operated, June 30, 1902.—In consequence of the leasing of the Iowa Central and Western Ry. (see Sec. 3) and of the acquisition of trackage rights in the Burlington, Cedar Rapids and Northern Ry. between Northwood and Albert Lea (see Sec. 2), the length of lines operated by the company has been increased to 558.43 miles. The company owns 502.63 miles of such line, title having been acquired to the property of the Keithsburg Bridge Co. The length of track laid with steel rails as of June 30, 1902, was 624.78 miles.

2. History.—Reorganization in 1888 of the Central Iowa Ry. Co. (see MANUAL for 1890, page 512). Under date of Aug. 1, 1881, the company leased its line of road from Manly Junction to Northwood, Ia., a distance of 11.38 miles, to the Burlington, Cedar Rapids and Northern RR. Co., for a term of 25 years, at an annual rental of \$14,000. Subsequently, by order of the courts, the company was required to continue to operate its trains over that portion of its line, but, under the terms of the lease, the receipts from such train service accrued to the lessee. In view of this unsatisfactory condition and the advantage of owning or controlling a line of road to Albert Lea, Minn., where connection is had with the Minneapolis and St. Louis RR., Illinois Central RR., and Chicago, Milwaukee and St. Paul Ry., the lease above referred to was abrogated and a new agreement entered into, under date of July 1, 1901, with the Burlington, Cedar Rapids and Northern Ry. Co., which provides for the joint and equal use, in perpetuity, of that portion of the company's line of road from Manly Junction to Northwood, Ia., and of about 15.5 miles of the Burlington, Cedar Rapids and Northern Ry. Co.'s line of road, from Northwood, Ia., to Albert Lea, Minn.

3. Lease of Iowa Central and Western Ry.—The company has leased, for 50 years, from July 1, 1901, the Iowa Central and Western Ry. Co.'s line of road, from Belmond to Algona, Ia., a distance of 37 miles, upon the condition that it shall maintain the property, paying, in addition to all taxes lawfully assessed, 20 per cent. of all gross earnings accruing from the operation of the property. The company further obligates itself to apply these earnings accruing to the Iowa Central and Western Ry. Co. from the lease of its property toward the payment of interest on, and the principal of the mortgaged indebtedness of, the latter company.

4. New Refunding Mortgage.—Since the 30th of June, 1901, the company has executed, in accordance with the action of the stockholders at a special meeting held on July 31, 1901, a First and Refunding Mortgage to secure an issue of bonds not exceeding \$25,000,000. This mortgage is a lien upon the now existing railways of the company, subject only to the first mortgage of Aug. 1, 1888, and will be a first lien upon the railroad of the Iowa Central and Western Ry. Co. and upon the property of the Keithsburg Bridge Co. as soon as the out-

standing bonded indebtedness of those properties has been retired. It will also be a first lien upon any new mileage or other property which may be hereafter constructed or acquired. The bonds are dated March 1, 1901, and are for \$1,000 each, payable in gold coin on March 1, 1951, bearing interest at the rate of 4 per cent. per annum, payable on March 1, and Sept. 1 in each year. The company has issued and sold \$2,000,000 par value of these bonds, to provide for the retirement on Dec. 1, 1901, of \$591,000 bonds of the Keithsburg Bridge Co., to purchase additional equipment, to revise controlling grades, reconstruct certain bridges and make other necessary improvements for the purpose of operating the property more advantageously.

Twenty-Two Years of Protection

(SEPTEMBER, 1888.)

By HENRY V. POOR.

Pp. 222. 8vo. Paper. Price, 50 cents.

PREFACE.

The financial history of the United States naturally divides itself into three periods: The first, the Period of Construction—the work of the Fathers; the second the Period of the attempted Destruction of this work; the third, of its Restoration. The first period, of 40 years, extends from the formation of the Government in 1789 to the close of the administration of John Quincy Adams in 1829; the second period, of 36 years, extends from the beginning of General Jackson's administration in 1829 to the restoration of peace in 1865; the third period of 22 years, extends to the end of 1887; for although the election of Mr. Cleveland nominally put an end to the period of Restoration, he so far has been unable to undo its distinctive feature—a return to the Protective policy of the Fathers. The object of this work is to display the Period of Restoration; hence its title,—“Twenty-Two Years of Protection.” To a proper understanding of this period, a competent knowledge of the events of the two preceding periods, as well as of the Colonial Period, is a necessary condition.

2. History.—Reorganization, in July, 1896, of the Northern Pacific RR. Co. The plan of reorganization is outlined in the MANUAL for 1896, on page 690 *et seq.*, and a sketch of the history of the system down to June 30, 1901, is in the MANUAL for 1901, on page 581 *et seq.* During the year ending June 30, 1901, the following branches and extensions were completed and put in operation: Palmer Cut-off, from Palmer to Auburn, Wash., 21.76 miles; Sunset Branch, from Wallace to Custer Concentrator, Id., 5.36 miles; extension of Fergus Falls Branch, from Milnor to Oakes, N. D., 32.45 miles; extension of Lake Branch, Portage and Northwestern Ry., from Oakland to Delta, Man., 5.84 miles; Casselton Branch, from Casselton to Marion, N. D., 60.18 miles; Arlington Branch, from Arlington to Darrington, Wash., 27.76 miles; extension of Souris River Branch, from Trackend to Hartney, Man., 4.44 miles; and Fairfax Branch, from Carbonado to Fairfax, Wash., 7.05 miles—total, 164.84 miles. The construction of the following additional lines was authorized, and they were expected to be completed during the year ending June 30, 1902: Extension of Sykeston Branch, from Bowdon to Howe, N. D., 26 miles; extension of Green River Branch, from end of present line, 5.08 miles; Peninsular Branch, from Hoquiam to south boundary of Quinaiult Indian Reservation, Wash., 27.9 miles; Ruby Valley Extension, from Twin Bridges to mouth of Alder Gulch, Mont., 19.5 miles; extension of Oberon Branch, from Oberon, N. D., northwesterly, 28.5 miles—total, 106.98 miles. All of this construction is from funds provided under the terms of the prior lien mortgage, and the lines become a part of the estate of this company, subject to that mortgage.

Lines Leased to Manitoba Government.—The company's railroad lines and property within the Province of Manitoba are leased to the Manitoba Government, for 999 years from June 1, 1901, at a rental of \$210,000 a year for the first ten years, \$225,000 a year for the second ten years, \$275,000 a year for the third ten years, and \$300,000 a year thereafter, the lessee having the option to purchase the property at any time for \$7,000,000.

Burlington Purchase.—Effective July 1, 1901, this company and the Great Northern Ry. Co., jointly, acquired the control of the Chicago, Burlington and Quincy RR. Co., by the purchase of approximately 98 per cent. of its capital stock for \$200 per share in joint bonds of the purchasing companies (see MANUAL for 1901, page 584; also, Sec. 8 of this statement).

Purchase of Minneapolis and Duluth RR.—The line from White Bear to Minneapolis, Minn., 13.19 miles, operated on June 30, 1901, under a lease from the Minneapolis and St. Louis RR. Co., to the St. Paul and Duluth RR. Co., was purchased by this company on Nov. 1, 1901, the consideration being \$1 in hand and the assumption of a mortgage securing \$280,000 of 1st mortgage 7 per cent. gold bonds due Jan. 1, 1907.

Leased and Controlled Lines.—The Washington Central RR. (see statement in Sec. 15), is leased for 999 years from March 1, 1898, all of its capital stock being owned by the Northern Pacific Ry. Co. The Minnesota and International Ry. and the Washington and Columbia River Ry. are controlled by the Northern Pacific Ry. Co., but are operated as separate organizations. Separate statements for them will be found on page 553.

Recent Acquisitions.—On May 26, 1902, the company purchased the property of the Duluth Transfer Ry. Co., and on June 16, 1902, it purchased the Washburn, Bayfield and Iron River RR. The company has also purchased the Union Depot Transfer Ry., at Stillwater, Minn. All three properties have been conveyed by deed to the Northern Pacific Ry. Co. and now form integral parts of its system. The Duluth Transfer Ry. is situated in Duluth and New Duluth, Minn., consisting of about 25 miles of track, including tracks so located as to furnish switching facilities throughout the entire water and river front of Duluth, and to the principal industries in that vicinity (see MANUAL for 1901, page 603). The Washburn, Bayfield and Iron River Ry. extends from Washburn, Wis., to Iron River 35 miles, with 30 miles of branches and spurs (see page 432).

6. Capital Stock.—The preferred stock was retired on Jan. 1, 1902, with the proceeds from the sale of \$75,000,000 of 4 p. c. convertible certificates, issued under date of Nov. 15, 1901; and these certificates have been converted into common stock at par, increasing the outstanding amount of common

stock to \$155,000,000. Shares are for \$100 each, registered as to name, and transferable, at the option of the holder, either in New York, or at the Deutsche Bank, Berlin. No additional mortgage can be placed upon the property without the consent of a majority of the whole amount of outstanding capital stock, given at a meeting of the stockholders called for that purpose.

PRIOR LIEN GOLD BONDS.—These bonds are a first lien, either by direct mortgage or through ownership of the securities, upon the entire property and assets of the company, save those covered by the St. Paul and Northern Pacific general mortgage, and the St. Paul-Duluth Division mortgage, upon which, subject to their existing underlying mortgages, they likewise have subsisting liens. The amount authorized is \$130,000,000, the unissued bonds being reserved for the retirement of the Western RR. of Minn., and St. Paul and Northern Pacific bonds, and to provide for new construction and improvements; the issue for new construction, etc., not to exceed the amount of \$1,500,000 in any one year. The net proceeds of the land grant are applicable, to the extent of one-half, but not exceeding \$500,000 in any one year, to the purchase of prior lien bonds at the price of not exceeding 119 p. c., and their cancellation, the other half to be applied, under carefully guarded restrictions, to the extension and improvement of the property covered by the mortgage.

GENERAL LIEN GOLD BONDS.—These are secured on the same property as the prior lien bonds, but subject in lien thereto. The general lien mortgage authorizes a present issue of \$60,000,000 bonds, besides a reserve of \$130,000,000 to provide for the prior lien bonds on or before their maturity. The \$4,000,000 unissued bonds of the present issue are reserved under carefully guarded restrictions, to provide for construction, betterments, equipment, etc. Whenever prior lien bonds cannot be purchased at 110 p. c. (see preceding paragraph), the land receipts available for that purpose may be applied to the purchase of general lien bonds at not exceeding 100 p. c., and their cancellation.

ST. PAUL-DULUTH DIVISION GOLD BONDS.—Secured on the railroad property formerly of the St. Paul Duluth RR. Co., comprising the Duluth Short Line, the Fond du Lac, West Superior, Grantsburg, Cloquet, Miller, Taylor's Falls, and Stillwater Branches, the terminals at the head of Lake Superior, and the lease of the line from White Bear to Minneapolis (title to which was acquired by the N. P. Ry. Co. on Nov. 1, 1901). They are subject in lien to the bonds and car trust obligations of the St. Paul and Duluth RR. Co. (assumed by the N. P. Ry. Co., and included in the preceding statement of funded debt), of which there were in all \$5,000,289.28 outstanding on June 30, 1901. The lands included in the land grant of the St. Paul and Duluth RR. Co. were not included in the old mortgages of that company. The title to such lands has been vested directly in the Northwestern Improvement Co., which company issued therefor \$4,000,000 of debentures to the Northern Pacific Ry. Co. These debentures have been deposited with the Guaranty Trust Co. of New York, trustee under the St. Paul-Duluth Division mortgage, as additional security for the St. Paul-Duluth Division bonds, under an agreement by which, as the lands are sold, the proceeds are to be applied to the purchase of the St. Paul-Duluth Division bonds at a price not exceeding 105 and accrued interest, or if the bonds cannot be purchased at that price, then to betterments or additions to the mortgaged premises. According as the lands are sold and the proceeds applied as above, a corresponding amount of the deposited debentures will be cancelled. The amount of bonds authorized by the mortgage is \$20,000,000, of which \$9,484,000 have been issued; \$776,000 of these have been retired with net proceeds from land sales, and cancelled. Of the unissued bonds, \$5,014,000 are reserved for the retirement of the underlying bonds and car trust obligations, \$502,000 for improvements to existing property, and \$5,000,000 for extensions and additional branches, terminal properties, and to double track existing lines.

WESTERN RR. OF MINN. 1ST MTGE. BONDS.—These bonds are secured on the section of the St. Paul and Northern Pacific RR. from Sauk Rapids to Brainerd, Minn., 60.5 m., and on the land grant appertaining to that line.

ST. PAUL AND NORTHERN PACIFIC GEN. MTGE. GOLD BONDS.—The St. Paul and Northern Pacific gen. mtge. bonds are subject to the Western Minnesota bonds on the line from Sauk Rapids to Brainerd and on the land grant, and are a first lien on the rest of the railroad and property formerly of the St. P. & N. P. Ry. Co.

ST. PAUL AND DULUTH 1ST MTGE. BONDS.—Secured on the main line and branches owned by the St. Paul and Duluth RR. Co. on June 30, 1898 (see Manual for 1899, page 654), less one-half of mileage owned jointly with the Northern Pacific Ry. Co., a total of 171.9 miles. Provision is made in the St. Paul-Duluth Division mortgage of the Northern Pacific Ry. Co. for the retirement of these bonds on or before their maturity.

ST. PAUL AND DULUTH 2D MTGE. BONDS.—Secured on the same property (171.9 miles) as the 1st mtge. bonds, but subject in lien thereto. Provision is made in the St. Paul-Duluth Division mortgage of the Northern Pacific Ry. Co. for the retirement of these bonds on or before their maturity.

GOLD BONDS.—Secured on the St. Paul-Duluth Division, less one-half of the line (total length, 23.2 miles) between Carlton and Duluth, a total of 213.3 miles, but subject to prior liens. Provision is made in the St. Paul-Duluth Division mortgage of the Northern Pacific Ry. Co. for the retirement of these bonds on or before their maturity.

STILLWATER AND ST. PAUL RR. BONDS.—Secured by first mortgage on the Stillwater Branch, 12.58 miles. St. Paul-Duluth Division bonds are reserved for the retirement of the \$2,500 not presented at maturity.

TAYLOR'S FALLS AND LAKE SUPERIOR RR. BONDS.—Secured by first mortgage on the Taylor's Falls Branch, 20.5 miles. Provision is made in the St. Paul-Duluth Division mortgage of the Northern Pacific Ry. Co. for the retirement of these bonds on or before their maturity.

DULUTH SHORT LINE RR. BONDS.—Secured by first mortgage on the line from Thompson, Minn., to West Superior, Wis., 17.75 miles. Provision is made in the St. Paul-Duluth Division mortgage of the Northern Pacific Ry. Co. for the retirement of these bonds on or before their maturity.

Co., as follows: Series A, \$47,293.20, being 27 notes of \$1,751.60 each, payable monthly; Series B, \$206,906.28, payable \$14,779.02 each, Jan. 1 and July 1; Series C, \$33,589.80, payable \$2,239.32 each, Dec 15 and June 15.

Co., at the price of \$200 for each \$100 share of such stock, and to be secured by the deposit of the shares thus acquired. There have been issued to date \$215,154,400 of bonds and scrip, against the deposit of \$107,577,200 of the capital stock of the Chicago, Burlington and Quincy RR. Co. The stock thus deposited belongs one-half to the Northern Pacific Ry. Co., and one-half to the Great Northern Ry. Co., and the obligation on account of the bonds is apportioned in like manner between the issuing companies, each one-half. In the event of either company defaulting in its obligations, the company not in default becomes the sole owner of the deposited shares, and assumes the entire liability on account of the bonds. The bonds are subject to redemption on any Jan. 1 or July 1, after Jan. 1, 1906, at 105 p. c. and accrued interest.

9. Minneapolis and Duluth Bonds.—In the purchase of the line from White Bear to Minneapolis (see Sec. 2) the company assumed \$280,000 1st mtge. 7 p. c. gold bonds, due Jan. 1, 1907, interest payable May 1 and Nov. 1.

Lines owned jointly with others (U. P.'s $\frac{1}{2}$).....	87.71 "

In Oct., 1893, receivers were appointed for all lines of the system except those owned jointly with other companies. Afterwards separate receivers were appointed for some of the controlled roads, and five of those roads (the Union Pacific, Denver and Gulf Ry., the Denver, Leadville and Gunnison Ry., the Fort Worth and Denver City Ry., the St. Joseph and Grand Island RR., and the Kansas City and Omaha RR.), with an aggregate length of 2,089.65 miles, were segregated from the system. At the date of the receivership there were outstanding on the lines owned by the company various issues of bonds amounting in the aggregate to \$78,469,785 (see MANUAL for 1894, page 829), besides government subsidy bonds amounting to \$33,539,512, on which there was a balance of unpaid interest to the amount of \$18,193,198—the total funded indebtedness amounting to \$130,202,495. The share capital of the company amounted to \$60,868,500. Following the appointment of the receivers attempts were made in Congress to fund the government's lien at 3 p. c., while on the part of the security holders an effort was made to formulate a plan for the reorganization of the company; but both movements being unsuccessful, foreclosure proceedings were instituted in 1895, under the first and second mortgages (the second mortgage being the government's lien), and decrees were rendered two years later. Under date of Oct. 15, 1895, a plan of reorganization was formulated, whose terms were in time assented to by most of the security holders in interest. An outline of this plan is in the MANUAL for 1896, pages 920 and 921, and additional information relative to the reorganization is in the MANUAL for 1897, page 788. Briefly, the plan provided for the reorganization of the Union Pacific Ry. proper, 1,827.59 miles, on the basis of \$100,000,000 1st mortgage bonds, \$75,000,000 preferred stock and \$61,000,000 common stock; the mortgage indebtedness of the company, amounting then to about \$120,000,000, and the \$60,868,500 capital stock, which was assessed 15 p. c., being provided for, but no provision being made for about \$20,000,000 of collateral trust notes, secured for the most part by deposit of the securities owned by the company in its auxiliary corporations. These notes were foreclosed afterwards, and the collateral sold, the branch railroads being reorganized independently. The main line of the Union Pacific Ry., from Council Bluffs to a point 5 miles west of Ogden, 1,048.01 miles, and 70 p. c. of the company's equipment, were sold under foreclosure in Nov., 1897, the reorganization committee being the purchaser. In order to procure the funds for the payment of the purchase price the committee had borrowed from a syndicate \$44,000,000 in cash, agreeing that for each \$1,000 borrowed there should be returned to the syndicate upon the reorganization of the company \$1,000 in 1st mortgage bonds and \$500 in preferred stock, or a total of \$44,000,000 in the 1st mortgage bonds and \$22,000,000 in the preferred stock of the reorganized company. To pay for the property, discharge the government's lien on it and the indebtedness to the syndicate, replace the capital stock of the company and the bonds secured by mortgage upon the property purchased, as well as to provide the company with working capital, there were issued the entire \$61,000,000 of common stock, \$59,250,000 of the \$75,000,000 preferred stock, and \$63,235,000 of the \$100,000,000 1st mortgage bonds. The amounts issued for the different purposes are shown in Sec. 8. The three other divisions of the railroad, aggregating 779.58 miles in length, together with the Union Pacific and Kansas Pacific land

grants, and the remaining 30 p. c. of the company's equipment were sold under foreclosure on Feb. 16, 1898, to persons in the interest of the reorganization committee. There were issued in payment therefor, and to replace the mortgage bonds secured thereon, \$15,750,000 of preferred stock and \$26,765,000 of the 1st mortgage bonds. There then remained unissued, of the three issues of securities provided for in the plan of reorganization, only \$10,000,000 of 1st mortgage bonds, which were reserved for betterments and new equipment.

Settlement of Government Lien.—The amount due to the government on the date of the foreclosure, and which ranked as a second mortgage on the bond-aided parts of the road, was as follows:

<i>Union Pacific.</i>	
Principal of debt.....	\$27,236,512
Balance of interest paid by United States.....	30,830,182
Interest accrued but not paid (4 months).....	381,530
Credits: Cash in sinking fund.....	4,537,921
Bonds in sinking fund, at par.....	13,645,250
Interest due Nov. 1, 1897, on bonds in sinking fund.....	11,447—
Balance due on Union Pacific indebtedness.....	\$40,253,606
<i>Kansas Pacific.</i>	
Principal of debt.....	\$6,303,000
Balance of interest.....	6,588,900—
Total amount of Indebtedness.....	\$53,145,506

Under the terms of the plan of reorganization \$35,755,280 of 1st mortgage bonds, \$20,864,400 of preferred stock, and \$131,500 of common stock had been reserved for the settlement of this indebtedness. Early in 1897 the reorganization committee had an understanding with the government that the minimum bid for the Union Pacific Division (that embraced in the sale of Nov. 1, 1897), and for the securities and cash in the sinking fund, should produce the government the net sum of \$45,754,060. When the decree of foreclosure was rendered, however, the government took exception to some of its provisions and was preparing an appeal when the reorganization committee came forward with an offer to increase its guaranteed bid to \$50,000,000. The amount actually paid by the reorganization committee, at the sale in Nov., 1897, was as follows: For railroad (1,048.01 miles), franchises and property, \$40,253,606; for securities in the sinking fund, \$13,645,250—total, \$53,898,856. The cash in the sinking fund was applied against the indebtedness. For the bond-aided part of the Kansas Pacific Division there was paid at the sale under foreclosure on Feb. 16, 1898, the sum of \$6,303,000, an amount equal to the principal of the indebtedness to the United States. The entire cost to the reorganization committee of discharging the government's liens upon the Union Pacific and Kansas Pacific roads was \$60,201,856.

Acquisition of Branch Lines.—The property sold under foreclosure in Nov., 1897, was taken over by the new company on Feb. 1, 1898, and the properties sold in Feb., 1898, together with the Brighton and Boulder Branch, were taken over on April 1, 1898. The length of railroads whose ownership was acquired by the company on these two dates was 1,854.29 miles; but the section of main line from Ogden to a point 5 miles west being leased to and operated by the Central Pacific Ry. Co., the length of lines taken over for operation by the Union Pacific RR. Co. was 1,849.29 miles. The acquisition on Nov. 1, 1898, of the Kearney and Black Hills Ry. (Kearney Branch), Omaha and Republican Valley Ry. (Beatrice, Stromsburg, Norfolk, Albion, Ord, Scotia, Loup City, Pleasanton, Manhattan, Blue Springs and Cedar Rapid Branches), and Union Pacific, Lincoln and Colorado Ry. (Colby Branch), increased the mileage of the system 773.13 miles; the purchase of the Julesburg Branch of the Union Pacific, Denver and Gulf Ry., on Feb. 1, 1899, added 151.53 miles more, and the absorption, on June 1, 1899, of the Junction City and Fort Kearney Ry. (Junction City Branch, 88.01 miles) brought the length of lines operated by the company up to 2,861.96 miles. The Carbon Cut-off Ry., from Allen to Hanna, Wyo., 16.98 miles, and the Echo and Park City Ry., from Echo to Park City, Utah, 27.59 miles, were acquired on Jan. 1, 1900; the Solomon RR., from Solomon to Beloit, Kan., 56.89 miles, and the Salina and Southwestern Ry., from Salina to McPherson, Kan., 35.46 miles, were acquired on Oct. 1, 1900. These several railroads, aggregating 1,148.59 miles in length, were acquired without the

issuing of additional securities, although no provision was made for acquiring them in the plan of reorganization.

The following statement shows in detail and by fiscal periods the increase in the operated mileage of the Union Pacific RR. up to June 30, 1901 :

NOTE.—The mileage of main line was reduced in 1898-99 by the transfer of 13.58 miles of spur tracks to account of sidings (the Initial Point Spur at Omaha, 3.95 miles, was restored to account of main line in 1900-01), and was further reduced in 1900 and 1901 by the change of line in Wyoming (see Sec. 11). As a further result of this change of line the Carbon Cut-off has become part of the main line—Wyoming Division.

Acquisition of Auxiliary Lines.—In Feb., 1899, the Union Pacific RR. Co. acquired more than 96 per cent. of the \$27,460,100 capital stock of the Oregon Short Line RR. Co., issuing in exchange therefor its own common stock, share for share, and receiving a cash bonus of \$3 on each share exchanged. The Oregon Short Line RR. Co. owned \$16,281,400 of the \$24,000,000 common stock of the Oregon RR. and Nav. Co., and it was deposited as collateral to the \$14,841,000 outstanding Oregon Short Line income B bonds. In Oct., 1899, the Union Pacific RR. Co. acquired about 98 per cent. of these income B bonds, most of the \$7,718,600 common stock and \$9,911,000 preferred stock of the Oregon RR. and Nav. Co. outstanding in the hands of the public, and most of the \$7,185,000 income A bonds of the Oregon Short Line RR. Co., thereby securing the practical ownership of the Oregon Short Line RR. Co. and of the Oregon RR. and Nav. Co. For the purpose of acquiring these securities the authorized preferred stock was increased to \$100,000,000 and the authorized common stock to \$96,178,700, and there were issued \$6,576,000 of the \$10,000,000 1st mortgage bonds held in the treasury. The financial details of these transactions are given in Sec. 8 (which see.)

Interest in Southern Pacific Co.—In Feb., 1901, the Union Pacific RR. Co. acquired \$75,-000,000 of the capital stock of the Southern Pacific Co. (see GENERAL INDEX), and subsequently issued, to pay for that stock and for other purposes, \$100,000,000 of 1st lien bonds convertible into common stock at par (see description of these bonds in Sec. 19). To provide for the conversion of the 1st lien bonds the authorized common stock was increased by an equal amount, making the total authorized issue \$196,178,700.

Interest in Northern Pacific Ry. Co.—In May, 1901, there was acquired in the interest of the Union Pacific RR. Co., \$78,108,000 of the capital stock of the Northern Pacific Ry. Co. (see GENERAL INDEX), \$41,085,000 thereof being preferred stock and \$37,023,000 common stock. The title to this stock was vested in the Oregon Short Line RR. Co., and that company provided for the purchase by the issue of \$61,000,000 of 4 per cent. purchase-money certificates of indebtedness, which are held by the Union Pacific RR. Co.

10. Fixed Charges.—The annual fixed charge against the net revenue of the Union Pacific proper on Dec. 31, 1892, including \$705,172 of sinking fund requirements and a charge of \$1,358,134 on account of the government lien, was \$7,434,893, being at the rate of \$4,070 per mile of road. The charge against the net revenue of auxiliary lines was \$5,860,523, including sinking fund requirements of \$388,067; the average charge per mile of road equalling \$1,019. The total annual fixed charge against the net revenue of the whole system amounted to \$13,295,416 absolutely, and \$1,754 per mile of road. The total annual fixed charge against the net revenue of the whole system on Dec. 31, 1893, amounted to \$12,896,454, of which \$6,787,199 was chargeable against the net revenue of the Union Pacific proper, and \$6,109,254 against the net revenue of the auxiliary lines; the charge on the Union Pacific proper including \$666,182 of sinking fund requirements and \$1,218,423 on account of the government lien, and the charge on the auxiliary lines including \$311,350 of sinking fund requirements. The fixed charges per mile of road amounted to \$3,714 for the Union Pacific proper, \$1,060 for the auxiliary roads, and \$1,699 for the whole system.

11. Change of Line.—Early in the history of the company it became apparent that the necessities of increasing traffic and economical operation required the practical relocation and reconstruction of the main line in Wyoming, where the heavy grades and excessive curvature retarded the movement of trains and increased the cost of operation. Surveys showed that by changing the line at several places between Cheyenne and Evanston the distance might be considerably shortened and the ruling maximum grade reduced from 76 feet to 43 feet per mile. Work was begun on March 1, 1899, and was vigorously prosecuted in that and the two succeeding years, the new line being put in operation as fast as completed. The following statement gives, in the order in which they occur on the main line, the location and length of the several changes of line, the reduction in distance, gradients and curvatures effected thereby, and the date of opening the new line for business:

* Increase.

These changes took the place, and caused the abandonment, of about 198 miles (38 per cent.) of the old main line between Cheyenne and Ogden, exclusive of the section of the old line between Allen Junction and Carbon, about 7 miles, which is retained in use as a branch line to the Carbon coal fields. The Carbon cut-off, from Allen Junction to Hanna, 16.98 miles, was made part of the new line.

“ Instead of showing holdings of the securities of auxiliary companies as assets, and carrying corresponding amounts as liabilities in separately stated balance sheets, it has been considered better to adopt the method, now more generally approved and followed, of presenting a condensed or consolidated balance sheet of the system and eliminating holdings of securities of companies embraced therein, showing as liabilities only such as are outstanding in the hands of the public. This will tend to simplify the statements of accounts of the system

and obviate duplication of entries. To avoid any material curtailment of statement, the current liabilities of the constituent companies are separately stated in the consolidated balance sheet (Sec. 17), and their investments are separately scheduled in detailed Exhibit (Sec. 15)."

The mortgage also covers, either directly or by beneficial ownership, the lands and land assets of the company, and of the Union Pacific Land Co. (see statement of Land Grant Lands, Sec. 22).

FIRST LIEN CONVERTIBLE GOLD BONDS.—Secured as a direct first lien on 1,014.27 miles of road not covered by the 1st mtge. bonds (see preceding paragraph). The mortgage also embraces the following securities, which have been deposited with the trustee: \$75,000,000 capital stock of the Southern Pacific Co.; \$20,334,700 capital stock of the Oregon Short Line RR. S. L. RR. Co., and for which such A and B bonds may be exchanged. The company may also withdraw any or all of the pledged securities, or secure a release of any or all lines from the lien of the mortgage, upon the payment to the trustee of the fixed valuation of such securities or properties. The bonds are subject to redemption at 102½ p. c. and accrued interest, on any interest day after May 1, 1906; and until May 1, 1906, they are convertible into common stock, dollar for dollar. The total amount of bonds issued under the mortgage was \$100,000,000, but \$6,043,000 thereof

* Leased to the Atchison, Topeka and Santa Fe Ry. Co. † Owned by the Texas Transportation Co., but purchased by Texas and New Orleans RR. Co. in 1896, subject to, but without assuming, mortgage of \$350,000 1st mtge. 5 p. c. bonds.

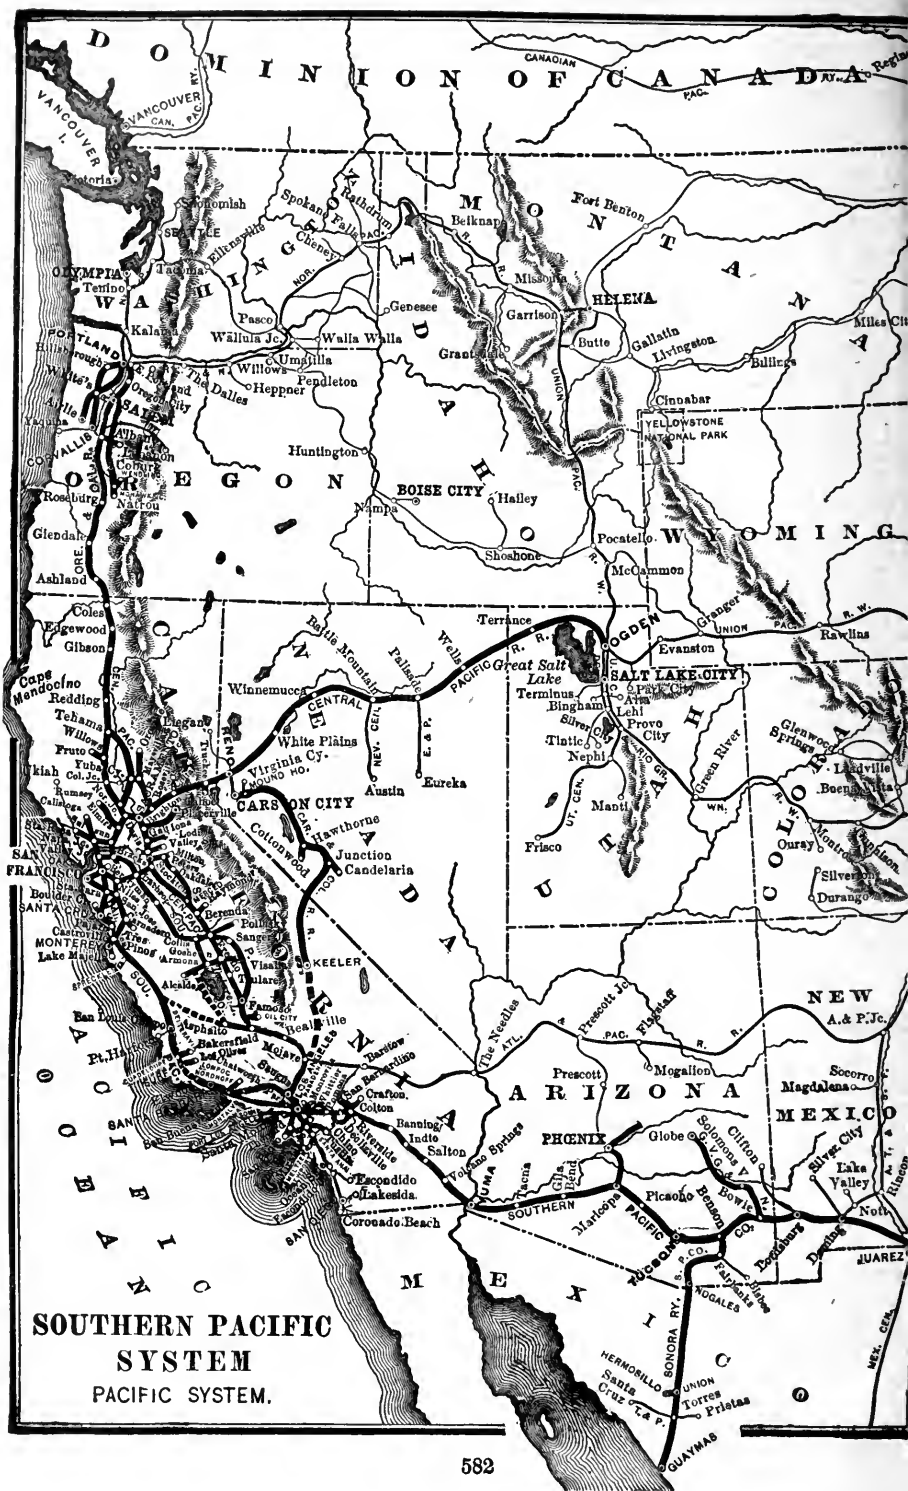

The properties and mileage reported this year include the property and mileage of the Houston & Texas Central RR. Co., Austin & Northwestern RR. Co., Central Texas & Northwestern Ry. Co., and Fort Worth & New Orleans Ry. Co., aggregating 670.15 miles of main track and 157.23 miles of sidings; also the property of the Cromwell Steamship Co., operating a line of steamers between New York and New Orleans. The purchase of the capital stocks of said companies was included in the expenditures for capital account in the statement on page 623 of the MANUAL for 1901. The mileage, earnings and expenses, assets and liabilities, and other transactions of said companies were not, however, until this year, included with the operations of other proprietary companies of the Southern Pacific Co.

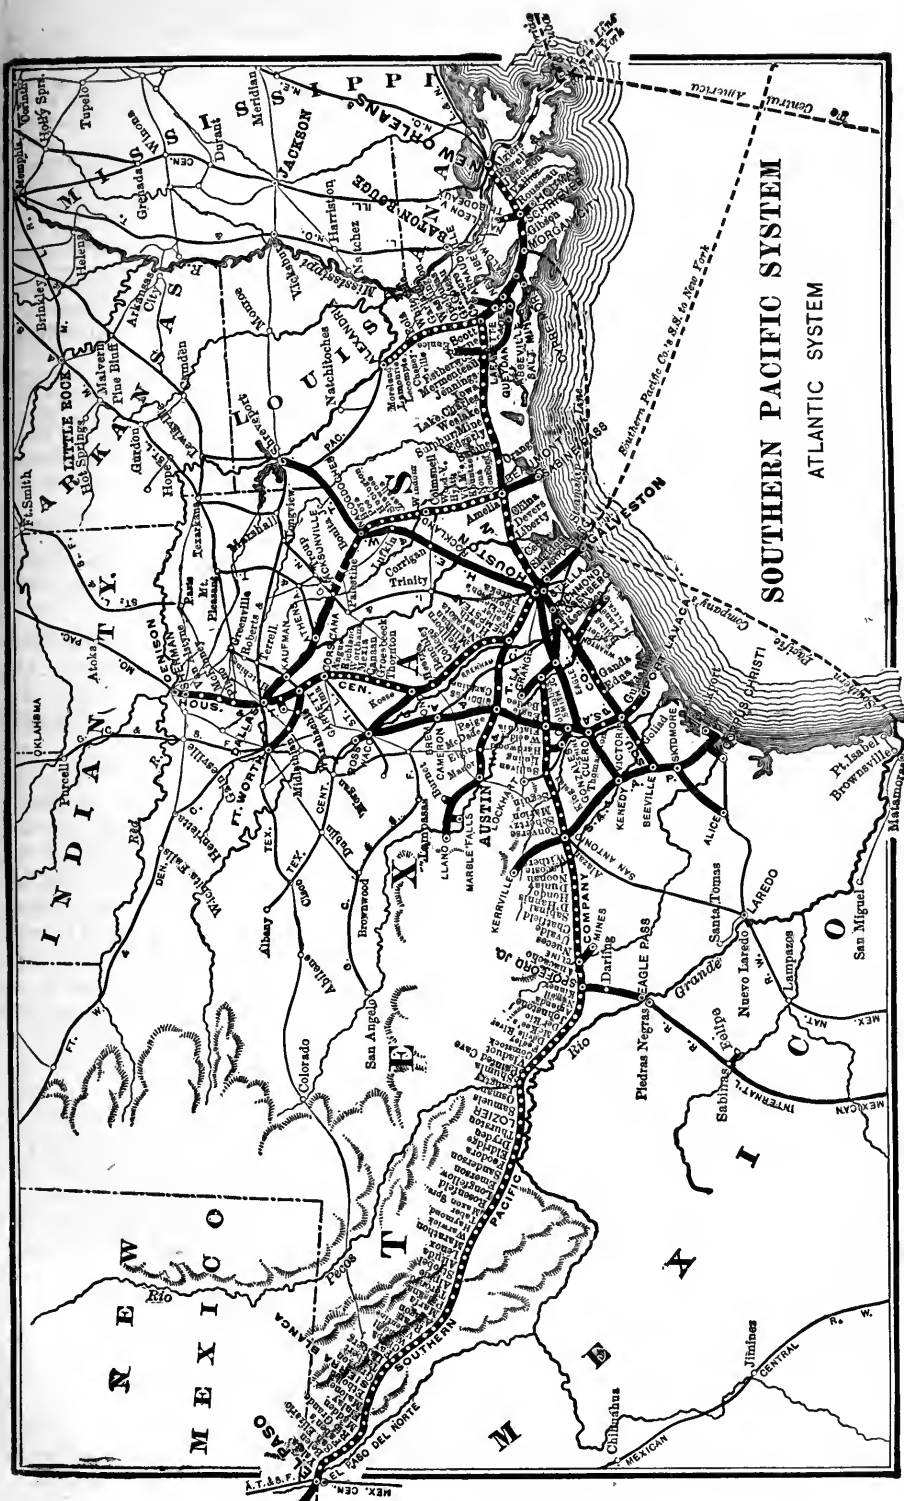

There was added to the mileage of existing lines, during the year ending June 30, 1901, 140.365 miles of main track, as follows:

New York, Texas & Mexican Ry.—The road under construction, referred to in the MANUAL for 1901, was completed from Wharton to Van Vleck, a distance of 31.41 miles, and opened for business in Sept., 1900.

Oregon & California RR.—An extension from Mohawk Junction to Wendling, 15.95 miles in length, was opened for business in Jan., 1901.

Southern Pacific RR. (of California).—On the Coast Division the gap between San Miguel and Elwood (17.888 miles) was finished and the completed line opened for business in March, 1901. The Montalvo Branch was extended from Strathearn to the west end of Simi Tunnel, a distance of 9 miles. Extensions were built into the oil districts in Southern

California, as follows: Oil Junction to Oil City, 6,378 miles; from Treadwell Junction northwardly, 2,474 miles, and McKittrick to Olig, 1,957 miles. Extensions were also built from Anaheim to Loara Junction, 2,588 miles, and from Fair Oaks Junction to Fair Oaks Bridge, 2,140 miles. Total additions during the year, 42,425 miles.

Texas & New Orleans RR.—The extensions of the Dallas Division were completed within the time required under the Act of the Legislature of Texas. On May 20, 1901, the line from Athens southwardly to Frankfort, 25.13 miles, and the line from Rockland northwardly, 25.45 miles, were opened for business.

Pacific Mail Steamship Company.—It was deemed important that the company should control a steamship line, running in connection with its rail line, from San Francisco to the Hawaiian and Philippine Islands, China, Japan, and other Asiatic ports. It was thought best to acquire an interest in a line having already well-established connections, and the company, in Dec., 1900, acquired 100,100 shares, of the par value of \$100 each, of the Pacific Mail Steamship Co., out of 200,000 total outstanding shares.

The total additions to the operated mileage of the company's system since last report were 810.135 miles of new lines taken over and built, (after deducting 0.304 mile net decrease from changes in locations of lines), 10.344 miles of second track, and 320.12 miles of sidings.

Excluding the Mojave Division, leased to the Atchison, Topeka and Santa Fe Ry. Co., the operated mileage of the company's system on June 30, 1901, comprised 8,423.676 miles of "Proprietary" and 350.697 miles of "Non-Proprietary" lines. The average number of miles of road operated for the year was 8,654.97 miles.

Since the proprietary companies comprise in effect the Southern Pacific Co., a full statement of the affairs of the latter requires a consolidation of the exhibits for both the proprietary company and its proprietary lines. The financial affairs of the Mexican International RR. Co. do not appear in this report, as the stock owned in that company is not a majority of the whole (\$16,975,000), and as the line is not operated by the Southern Pacific Co.

2. History.—The Southern Pacific Co. is a corporation created by special charter from the State of Kentucky, authorizing it, among other things, to contract for and acquire, by purchase or otherwise, stocks, bonds, or securities of any company, corporation, or association; to enter into contracts in respect to the construction, establishment, acquisition, owning, equipment, leasing, maintenance, or operation of any railroads, telegraphs, or steamship lines, or any public or private improvements, and to buy, hold, sell, and deal in all kinds of private and public stock, bonds, and securities. The company was organized on Aug. 14, 1884, and commenced practical operations on March 1, 1885, when the "Omnibus Lease" (see Sec. 3) went into effect. The other proprietary lines have been acquired from time to time since then as shown in the MANUAL for 1900, on pages 612 and 618, and in the MANUAL for 1901, pages 611 and 614. The New Mexico and Arizona RR. and the Sonora Ry. are leased from the Atchison, Topeka and Santa Fe Ry. Co. until Sept. 1, 1979, this company agreeing to pay an annual rental of \$54,646.86 in U. S. gold coin for the former and \$163,486.14 in like gold coin for the latter. On the other hand, the Mojave Division of the Southern Pacific RR. is leased to the Atchison, Topeka and Santa Fe Ry. Co., also until Sept. 1, 1979, at an annual rental of \$218,133 in U. S. gold coin.

3. Terms of Leases.—The "Omnibus Lease" embraces (with the exception of the lines in the State of Texas, which are operated, under statutory requirements of that State, independently and by their own officers) the lines forming nearly all of the Southern or "Sunset" route from San Francisco to New Orleans by rail, and thence to New York by steamer, together with their lateral lines and branches. The Southern Pacific Company agrees to maintain said roads, to pay all fixed and other charges, including interest on bonds and floating debt, and to divide the surplus net profit between the parties to the agreement in the following proportions:

Southern Pacific RR. Co. of California.....	44 p. c.	Louisiana Western RR. Co.....	7 p. c.
Southern Pacific RR. Co. of Arizona.....	10 "	Morgan's Louisiana & Texas RR. & SS. Co. 23 "	
Southern Pacific RR. Co. of New Mexico....	6 "	Southern Pacific Co.....	10 "

Betterment and additions to leased lines and equipment are currently made by the lessee, and the payments therefore become annually a charge to the lessors, each being charged with the cost of the additions to its separate property. The lease is for 99 years.

Under date of July 1, 1889, in conformity with a statute of the State of Texas, all leases of railroads in that State were cancelled, and the properties have since been operated by their own officers. The following comprise the lines in Texas controlled by the Southern Pacific

Co.: Texas and New Orleans RR., Galveston, Harrisburg and San Antonio Ry., Gulf, Western Texas and Pacific Ry., and New York, Texas and Mexican Ry. On Dec. 31, 1901, the lease of Morgan's Louisiana and Texas RR. and SS. Lines was terminated, as was that of the Louisiana Western RR. Those properties are now operated by their own organizations, but in connection with the Southern Pacific System.

On April 14, 1898, the California Pacific RR. Co., the Northern Ry. Co., and the Northern California Ry. Co., were merged into the Southern Pacific RR. Co. of California, but the consolidation did not annul the separate leases of their properties to the Southern Pacific Co. The terms of those separate leases are outlined in the following three paragraphs:

California Pacific RR.—Leased for 50 years from Nov. 1, 1886, at a yearly rental of \$600,000. Lease modified Nov. 1, 1896. Under the terms of modification the Southern Pacific Co. pays over to the lessor 80 p. c. of the earnings remaining after the payment of operating expenses, taxes and rentals. The terms of the agreement, including the amount of rental, are subject to change every five years, if wished for, and any revision proposed is to be determined by arbitration.

Northern Ry. Co.—A new lease was made with this company July 1, 1888, to run for 99 years from that date, covering all of the company's lines as consolidated, and which now are or hereafter may be constructed. The lessee pays from net earnings of the property interest on bonded and floating debt, the surplus up to 6 p. c. on its capital stock going to lessor, the lessee retaining all over that amount. Betterments are made by lessee and charged annually against lessor. Lessee guarantees principal and interest of bonds.

Northern California Ry. Co.—Leased for 40 years from June 1, 1889. Lessee pays from net earnings all fixed and other charges, including interest on bonded and floating debt, and charges for betterments and additions. Any balance is retained by or charged to the lessee.

Central Pacific Ry. Co.—The property of the Central Pacific RR. Co. was leased to the Southern Pacific Co. on Feb. 17, 1885, and lease modified Jan. 1, 1888. On Jan. 1, 1894, the old lease was cancelled, and a new one, to run 90 years, entered into. By its terms the Southern Pacific Co. was to pay from the net earnings of the road all expenses of operation, fixed and other charges, including sinking fund and United States requirements, and \$10,000 for organization expenses; any surplus up to 6 p. c. on the capital stock of the Central Pacific to be paid over to that company, but the lessee to retain one-half of any surplus in excess of such 6 p. c. on stock. Under the plan for the readjustment of the financial affairs of the Central Pacific RR. Co., dated Feb. 8, 1899, and the transfer of its property to the Central Pacific Ry. Co., the terms of the lease were not disturbed (see MANUAL for 1900, page 637).

Oregon and California RR. Co.—Lease is for 40 years, from July 1, 1887, at a rental equal to interest on bonds and all current fixed charges, and dividends up to 6 p. c. on common and 7 p. c. on preferred stock, any surplus over dividends being retained by lessee. Betterments and additions are made by the lessee for account of lessor.

South Pacific Coast Ry. Co.—Lease is for 55 years, from July 1, 1887. Lessee pays from net earnings all fixed and other charges, including interest on bonded and floating debt, and charges for betterments and additions and any balance is retained by or charged to the lessee.

The average for both rail and steamship lines was 63.56 p. c. against 65.44 p. c. in 1900. Expenses for maintenance absorbed 24.57 p. c. and for operations 38.28 p. c. of the gross receipts of the rail lines.

EXTRACTS FROM THE COMPANY'S REPORT FOR THE YEAR ENDING JUNE 30, 1901.

The results from the year's operations show a gratifying increase, and the earnings have kept pace with the general prosperity of the country. Comparing the year's operations with those for the year 1885, when the company commenced operations, there has been an increase in mileage of road operated of 4,068.94 miles, or 86.47 per cent., and in gross transportation receipts of \$46,893,126.04, or 154.50 per cent.

Although the earnings for the year just closed have shown such a gratifying increase, it should be borne in mind that a considerable part thereof should continue to be devoted toward the physical improvement of the property and additions thereto. This is necessary in order to bring the properties up to the high standard of the other transcontinental lines, some of which were built in more recent years or have had expended on them large sums in reconstruction and for additions during receiverships.

As will be seen from the following table of the weight of rails in track, there is still a large amount of light weight rail in the track, which should be taken up as rapidly as the earnings of the company will permit.

* Includes \$474,424.03 expended on Central Pacific Railway in reconstruction of lines and other betterments and additions contemplated under Central Pacific R.R. Co. Plan of Readjustment of February 8, 1899.

The details of the receipts and disbursements of the Gila Valley, Globe & Northern Ry. Co. and San Antonio & Aransas Pass Ry. Co., whose bonds are guaranteed by the Southern Pacific Co., but whose receipts and disbursements are not included in the statement of "General Operations" (except the advance of \$465,609.29 to the San Antonio & Aransas Pass Ry. Co.), are shown in Sec. 13. Expenditures for betterments and additions to and for new equipment for Proprietary lines, amounting to \$5,956,809.37, and two months' proportion of new equipment to be delivered before Dec. 31, 1901, amounting to \$847,800, have been charged against "Income" by the respective companies, and \$66,340.27 expended for betterments and additions to Non-Proprietary lines has been charged against the "Income" of the Southern Pacific Co.

The charges against the income for the year include \$634,114.90 advanced by the Southern Pacific Co. to the Oregon & California RR. Co., and \$465,609.29 to the San Antonio & Aransas Pass Ry. Co. for operations, betterments and additions, retirement of equipment trust notes and other purposes, but said amounts still remain due from said companies to the Southern Pacific Co.

The receipts and disbursements of the Houston & Texas Central RR. and lines subsidiary thereto are not included in the income for the year ending June 30, 1901, in the preceding statement. The following table shows a comparison between the results derived from the properties operated in the year ending June 30, 1901, and the results derived from the same properties in the preceding year (including in both cases the Houston & Texas Central and subsidiary lines):

Average miles of rail lines operated increased 5.35 p. c. Gross transportation receipts increased 12.46 p. c. Operating expenses and taxes increased 8.91 p. c.

The decrease in "Income from sinking funds pledged for the redemption of bonds" resulted from the transfer (on account of the satisfaction of the old Central Pacific San Joaquin Valley Mortgage) of securities held in Sinking Funds Nos. 6 and 9 of the Central Pacific RR. Co. to the United States Trust Co. of New York, trustee of the Central Pacific Ry. Co. 3½ p. c. mtge. gold bonds, and the subsequent application of the accrued income from the transferred securities to the purchase and cancellation of the Central Pacific 3½ p. c. bonds.

Interest on the funded debt of the Proprietary Companies, including the Houston & Texas Central RR. Co. and lines in Texas subsidiary thereto (after allowing for the diminution of interest on the 3 p. c. notes of the Central Pacific RR. Co. to the United States of America), increased \$173,786.49, and interest on the funded debt of the Southern Pacific Co. increased \$429,567.72, a total increase of \$603,354.21, subject to a deduction of \$437,583.78 income from securities and lands pledged for the redemption of Central Pacific Ry. Co. 3½ p. c. bonds, which under the mortgage is primarily to be applied to the payment of interest on said bonds.

The increase in trackage and other rentals arises principally from rental paid by the Morgan's Louisiana & Texas RR. & SS. Co. to the Southern Pacific Co. for the use of ocean steamers running in the New York & New Orleans line for the full year.

The earnings and expenses of the Pacific Mail Steamship Co. and of the Gila Valley, Globe and Northern Ry. Co. have not been taken into the income for the year, nor are their earnings, expenses, assets or liabilities included in any statements in respect of the operations and transactions of the Proprietary Companies. Section 15 (which see) is a combined income and profit and loss account of the Southern Pacific Co. and all companies in which it has a proprietary interest, and of the San Antonio and Aransas Pass Ry. Co., whose bonds are guaranteed.

21. Capital Stock.—The capital stock of the Southern Pacific Co. outstanding on July 1, 1900, amounted to \$197,832,148.40. This was increased during the year by \$15,640 issued against stock of the Southern Pacific RR. Co. (of California) purchased by the Southern Pacific Co. (and paid for by the issue of its own stock), and deposited with the Union Trust Co., making the total outstanding stock of the Southern Pacific Co. at the close of the year \$197,847,788.40.

The greater amount of the capital stock of the Southern Pacific Co. having been issued to acquire the stocks of proprietary lines (see Manual for 1898, page 751), the amount so issued stands practically in lieu of that received; and the stocks thus received covering practically all the capital stock of the several companies, the stock issued therefor by the Southern Pacific Co. represents the actual ownership of the proprietary lines. To guard against the circulation of this double capital, the stock of the proprietary lines owned by the Southern Pacific Co. has been deposited in trust with the Union Trust Co., and stamped "not negotiable" until the Southern Pacific stock issued therefor has been cancelled.

The aggregate of the stocks of the proprietary companies outstanding on July 1, 1900, amounted to \$291,273,572. The aggregate of the capital stocks of companies acquired during the year amounts to \$12,516,000. There was issued during the year, for account of new lines built, stock amounting to \$135,000, making total stock of proprietary companies outstanding on June 30, 1901, \$303,924,572. Of the total outstanding stock, \$291,583,215 is owned by the Southern Pacific Co. and \$845,000 by the Morgan's Louisiana & Texas RR. & SS. Co., a proprietary company of the Southern Pacific Co.

The stocks owned by the Southern Pacific Co. and deposited with the Union Trust Co. of New York against capital stock issues of the Southern Pacific Co., and the stocks and bonds deposited with the trustees of the Southern Pacific Co.'s 4 p. c. gold mortgage (Central Pacific stock collateral) and 4½ p. c. 2-5-year gold mortgage are shown in detail in Sec. 18.

22. Funded Debt, Southern Pacific Co.—The funded debt outstanding on June 30, 1901—total, \$46,104,500, as per general balance sheet—consisted of the three issues of bonds described hereunder. The details of funded debt outstanding on or about Aug. 1, 1902, will be found in the Ready Reference Bond List—see General Index:

\$2,286,000 steamship 1st 6s of Jan. 1, 1911.

The original amount was \$3,000,000, but there have been retired \$71,000 of bonds each year in 1892, 1893, 1894, 1896, 1898, and 1900, and \$72,000 each year in 1895, 1897, 1899, and 1901.

\$25,518,500 collateral trust gold 4s of Aug. 1, 1949.

Secured by mortgage covering the preferred stock issued and to be issued of the Central Pacific Ry. Co.; also the \$67,274,200 common stock of the same company purchased by the Southern Pacific Co. The authorized amount of bonds is \$86,819,000, of which bonds amounting to \$8,000,000 are reserved to be applied as follows:

- (1) \$3,000,000 face value, are reserved to be used to provide additional funds, if required, for the payment from time to time of any of the 3½ p. c. bonds given by the Central Pacific RR. Co. to the U. S. Government, in the settlement of its debt pursuant to the Settlement Agreement of Feb. 1, 1899, or, when such notes have been paid, to be applied at their market value to provide for payment for, or the reimbursement of, the cost of betterments and additions to the properties of the Central Pacific Ry. Co., covered by the 1st refunding and 3½ p. c. mortgages.
- (2) \$5,000,000 face value of such bonds are

reserved to be applied at their market value to provide for payment for, or the reimbursement of, the cost of betterments and additions to the properties of the Central Pacific Ry. Co. The amount of such additional \$5,000,000 bonds, so to be applied, is not, however, to exceed \$200,000 per annum from the date of the mortgage. When and as any of such reserved bonds are issued by the Southern Pacific Co., the like amounts at par value of Central Pacific Ry. Co. preferred stock are to be forthwith deposited with the trustee under the mortgage, to be held as collateral security in the same manner as the preferred and common stock now pledged thereunder. The mortgage provides that the trustee (upon request of the holders of one-fourth in amount of the outstanding bonds) may sell the pledged stocks covered thereby, in case of six months' default in the payment of the principal or interest on the 4 p. c. bonds, and, upon the like default and request, it is provided that the trustee shall declare the principal of the bonds to be due, but this declaration may be rescinded and annulled at any time prior to the sale of the pledged stocks by the holders of a majority in amount of the outstanding bonds. The mortgage also provides that, while said 4 p. c. bonds remain outstanding, neither the preferred nor the common stock of the Central Pacific Ry. Co. shall be increased beyond the amounts now authorized; viz., \$20,000,000 preferred and \$67,275,500 common, unless arrangements have been made for depositing under said collateral trust mortgage (simultaneously with the issue of such increase of such stock) the same proportionate part of such increase of each class of stock, as the stock of such class theretofore covered by said mortgage was of the whole outstanding stock of such class as the same existed before such increase; and also that the Central Pacific Ry. Co. shall not be merged or consolidated with any other railroad company without the consent of the holders of a majority in amount of the 4 p. c. gold bonds of the Southern Pacific Co. then outstanding. The mortgage also provides that, while the 4 p. c. bonds are outstanding, no new mortgages (other than the

1st refunding mortgage and 3½ p. c. mtge. of the Central Pacific Ry. Co., dated Aug. 1, 1899) are to be made of the properties covered by such refunding and 3½ p. c. mortgages except to refund the bonds secured thereby, or either of such issues.

\$15,000,000 two-five-year 4½ p. c. gold mtge. bonds of Dec. 1, 1905, redeemable at par and accrued interest on Dec. 1, 1902, or any interest day thereafter. Secured by mortgage covering stocks and bonds of an aggregate par value of \$68,191,000 deposited with the trustee (see Sec. 18). The authorized issue is \$30,000,000. The remaining \$15,000,000 may be issued, under carefully guarded restrictions, against the deposit of additional stock and bonds of companies controlled by the Southern Pacific Co., or whose properties connect with the Southern Pacific System, or they may be issued against the mortgage or conveyance in trust as additional security, under the mortgage of properties to be used by or in connection with the properties of the Southern Pacific Co. or its controlled companies (see Manual for 1901, page 622). The mortgage provides that in no event is the amount of additional bonds issued thereunder to exceed 90 p. c. of the actual cost to the Southern Pacific of the additional securities or properties mortgaged. It is also provided that any or all of the securities or properties covered by the mortgage may be sold at any time, or from time to time, the proceeds to be paid over to the trustee and held as part of the trust fund. In case of three months' default in the payment of principal or interest of the bonds, the trustee upon the request of the holders of one-fourth in amount of the outstanding bonds may sell the collateral and any properties that may be pledged under the mortgage, and upon the like default and request the trustee may declare the principal of the bonds to be due; but this declaration may be rescinded and annulled at any time prior to the sale of the securities or properties covered by the mortgage, by the holders of a majority in amount of the outstanding bonds.

Unconditionally guaranteed, both principal and interest, by the Southern Pacific Co., by guaranty endorsed on each bond. The U. S. Government holds \$39,508,000 of these bonds as collateral for the 3 p. c. notes of the company. According as these notes are paid an equivalent amount of the bonds will be returned to the company, and under the provisions of the mortgage they can then be reissued at the same or at a lower rate of interest. The total authorized issue is \$100,000,000. Bonds are reserved for the retirement of the undeposited underlying bonds of the Central Pacific RR. Co. Pending the satisfaction of the underlying mortgages, the outstanding old bonds which have been exchanged are deposited under the mortgage and kept alive as additional security thereunder until not less than 95 p. c. of all the bonds of the same issue at any time outstanding or until not less than 95 p. c. of all outstanding old bonds have been deposited under the mortgage. Under the terms of the mortgage, the refunding mtge. bonds issuable in exchange for outstanding old bonds, are to be issued only as such outstanding old bonds are actually deposited with the trustee.

Co., or any of its constituent companies. The bonds are also secured by lien upon all the lands covered by the mortgage securing the land bonds of the Central Pacific RR. Co., dated Oct. 1, 1870 (except in so far as the same shall be released from the lien of

that mortgage, in accordance with its provisions), and also upon all notes given in payment for lands covered by said mortgage securing said land bonds. All income derived from said sinking fund securities, or from said lands, is to be applied primarily to the payment of the current interest on the 3½ p. c. gold bonds, and when such current interest shall have been paid or provided for, to the payment of any fixed charges secured by lien prior to the lien of said 3½ p. c. mortgage upon the properties of the company, or any of them (including interest on the 3 p. c. notes in favor of the United States); but the railway company, at its discretion, so long as no default exists in respect of the principal or interest of said 3½ p. c. mtge. gold bonds, may at any time and from time to time sell such securities or lands (free from the lien of the 3½ p. c. mortgage), and apply the proceeds thereof, or of any other securities held on deposit under such mortgage, and also collections on account of principal of such securities or notes, and any moneys held as security for such 3½ p. c. mtge. gold bonds, while the same shall be purchasable at not above par and accrued interest, otherwise to the purchase and cancellation, at the discretion of the railway company, either of the 3½ p. c. mtge. gold bonds, or of the 1st refunding mtge. 4 p. c. gold bonds, or of bonds secured by prior lien upon any of its properties. The mortgage contains a provision that no other new mortgage (except to refund the 1st refunding mtge. 4 p. c. gold bonds or the 3½ p. c. mtge. gold bonds) is to be made upon the properties covered by said mortgages, respectively, so long as any of such bonds of either class, or any of the 4 p. c. gold bonds of the Southern Pacific Co., are outstanding, and that no other new mortgage (except as aforesaid) is to be made by the company upon said properties, except with the assent of the holders of 75 p. c. of the preferred stock and a majority of the common stock at the time outstanding. The bonds are guaranteed, both principal and interest, by the Southern Pacific Co.

Funded Debt.—The funded debt outstanding, June 30, 1901, consisted of the following issues of bonds (additional particulars will be found in the Ready Reference Bond List—see General Index):

\$30,217,500 1st gold 6s of 1875, in six series—"A," for \$12,637,500, due April 1, 1905; "B," for \$4,525,000, due Oct. 1, 1905; "C," for \$4,016,000, and "D," for \$3,915,000, both due Oct. 1, 1905; "E," for \$3,160,000, and "F," for \$1,964,000, both due April 1, 1912. Bonds of all classes are equally secured by mortgage on the land grant and on 1,044.99 miles of road, as follows: San Francisco to Tres Pinos, 100.49 m.; Huron to east bank of Colorado River, near Yuma, 530.79 m.; Los Angeles to San Pedro, 24.65 m.; Carnadero to San Miguel, 125.99 m.; Mojave to Needles, 242.51 m.; Huron to Alcaide, 20.56 miles. There is a sinking fund of \$100,000 a year for the redemption of bonds at or under par, but if they cannot be got at that price the fund is invested. The gross receipts from land sales are also applied to the purchase of bonds at the lowest price for which they can be obtained.

3,533,000 Southern Pacific Branch Ry. 1st gold 6s of April 1, 1937, secured by mortgage on the property formerly of the Southern Pacific Ry. Co. (see Manual for 1888, page 1105). There is a sinking fund of \$50,000 per annum, but bonds can not be drawn. Guaranteed, both principal and interest, by the Southern Pacific Co.

500,000 Stockton and Copperopolis RR. 1st gold 5s of Jan. 1, 1905, secured by mortgage on the line from Stockton to Copperopolis, Cal., 32.65 miles, and branch from Peters to Milton, 11.99 miles. Guaranteed, both principal and interest, by the Southern Pacific Co.

1,000 Southern Pacific RR. consol. 5s of Oct. 1, 1938, secured by a lien, subject to prior mortgages, on the entire property owned by the company at the time of executing the 1st consolidated mortgage, except the Mojave Division. The amount authorized was \$38,000,000, and \$12,932,000 of the bonds were issued, but all except \$1,000 have been retired by issue of 1st consol. mtge. bonds. Guaranteed, both principal and interest, by the Southern Pacific Co.

27,125,000 Southern Pacific RR. 1st consol. gold 5s of Nov. 1, 1937, secured on the entire property of the company, except the Mojave Division, but subject to prior liens, a sufficient amount of the bonds being reserved for the satisfaction of such prior liens. If payment is received under the contract for sale of the Mojave Division to the Atchison, Topeka and Santa Fe Ry. Co., the amount so received is to be applied to purchase of bonds under this mortgage; but if the Atchison, Topeka and Santa Fe Ry. defaults in its obligations under the contract and the contract of sale thereby terminates, then this mortgage shall also cover the Mojave Division. The total amount of bonds is limited to \$30,000,000, exclusive of the bonds to be issued against underlying securities. It is provided that no prior mortgages shall be extended beyond their maturity, so that these bonds will eventually become a first lien upon the company's property. All prior lien bonds exchanged for these shall be held in trust as collateral security for this mortgage until all the outstanding bonds issued under each of the prior mortgages shall have been retired. By agreement with the holders thereof a majority of the bonds outstanding are stamped with a notice to the effect that the coupons thereof, in addition to being payable in United States gold coin in New York, are also payable in Berlin and Frankfurt-on-the-Main at the rate of M. 4.20 per dollar, and that the Southern Pacific RR. Co. reserves the right to redeem the

principal at 107½ p. c. and accrued interest on or after April 1, 1905, on four weeks' prior notice. In case by the execution of any additional mortgage, the company shall increase the aggregate amount of its mortgage indebtedness, except for newly acquired property, the bonds made redeemable at 107½ and accrued interest on and after April 1, 1905, shall be included among the bonds secured by such additional mortgage, and will be entitled to participate pro rata in the security given by the additional mortgage, but in determining the amount of mortgage indebtedness, any mortgage indebtedness held as security for other mortgage indebtedness shall not be counted (for provisions of supplementary mortgage, see Manual for 1901, page 640). The coupon bonds of this issue, amounting to \$27,093,000 on June 30, 1901, are guaranteed by the Southern Pacific Co., both as to principal and interest.

Funded Debt outstanding on June 30, 1901, consisted of \$4,756,000 Eastern Div. 1st gold 6s of Feb. 1, 1910; \$1,000,000 Eastern Div. 2d gold 7s of June 1, 1905; \$13,418,000 Western Div. (M. & P. Ext.) 1st gold 5s of May 1, 1931; and \$6,354,000 Western Div. (M. & P. Ext.) income gold 6s of July 1, 1931. The 1st mtge. East. Div. bonds are secured on the main line east of San Antonio, on the La Grange Branch, and on the old lands of the company. The 2d mtge. East. Div. bonds are also secured on the main line east of San Antonio and on the land grant. The proceeds from the sale of the lands go to the trustees to be used in the purchase of bonds. The 1st mtge. bonds are further secured by a sinking fund of 1 p. c., which commenced in 1880, and for which bonds are drawn annually. It is optional with the holders, however, whether they surrender or retain their bonds. In case of their retention the interest continues, and the bonds remain as if they had never been drawn. The 1st mtge. Mexican and Pacific Extension bonds are secured on the line from San Antonio to El Paso, and also on the Eagle Pass Branch. The 2d mtge. (income) Western Division bonds are secured on the line from San Antonio to El Paso, subject to the lien of the 1st mortgage, and are also secured on the lands due from the State for construction of the M. & P. Extension, by which the company became entitled to 110,750 sections of 640 acres each, equal to 70,880,000 acres. Of these bonds, \$355,000 are in the company's treasury. By an agreement made in 1893 with the holders of these bonds the charge for interest accrued thereon was waived, and interest now becomes due only if earned above all prior charges, and is non-cumulative.

The 1st mtge. bonds, the consols and the gen. mtge. bonds are further secured by a trust indenture, dated April 1, 1890, between F. P. Olcott, the Southern Pacific Co., and the mortgage trustee, said indenture relating to certain lands described therein. The Waco and Northwestern Division bonds (authorized, \$25,000 per mile) are secured on the line from Bremond to Ross, 54.77 miles. The 1st mtge. bonds and the consols may be called for redemption at 110 p. c. from proceeds of land sales. In addition to the \$3,196,000 consols outstanding, \$1,149,000 are deposited as collateral to the gen. mtge. bonds, but these do not draw interest and are not subject to redemption from proceeds of land sales, unless there should be a default on the outstanding bonds. The Southern Pacific Company guarantees the interest on the 1st mortgage bonds, the consols and the gen. mtge. bonds, and guarantees the debentures, both principal and interest. Additional particulars respecting the funded debt will be found in the Ready Reference Bond List—see General Index.
